NOTIFICATION.

The 26th February 1889.—It is hereby notified that, under section 16 of the Bengal Local Self-Government Act III (B.C.) of 1885, the Lieutenant-Governor is pleased to appoint the Head Master of the Khoolna Zillah School to be an *ex-officio* member of the Khoolna District Board in the place of the Executive Engineer of the Division, who has been removed under section 18(1) of the Act.

H. J. S. COTTON,
Offy. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 26th February 1889.—It is hereby notified for general information that, in exercise of the power vested in the Local Government by section 351 of Act III (B.C.) of 1884, and on the recommendation of the Commissioners of the Bhabuah Municipality, made at a meeting, the Lieutenant-Governor confirms the bye-laws set forth below, which have been framed by the Commissioners of the said Municipality under section 350 of the said Act.

H. J. S. COTTON,
Offy. Secy. to the Govt. of Bengal.

BYE-LAWS.

For regulating the conduct of business at meetings.

THE day of the meeting shall ordinarily be the second Tuesday in every month, unless the Chairman for any special reason fixes any other day. A notice signed by the Chairman or Vice-Chairman shall be circulated at least three days before the day of the meeting.

2. A list of business to be transacted at the meeting shall accompany the notice, and no matter which is not contained in such list shall be brought forward for discussion at any meeting unless with the consent of the majority of the Commissioners present at the meeting.

For regulating the time and mode of collecting taxes.

3. Every collecting officer shall be provided with a certificate which shall bear the seal of the Municipality and the signature of the Chairman. Every collecting officer, at the time of demanding payment, shall be bound to show his certificate if required.

4. Every collecting officer receiving any money in payment of any demand shall give a counterfoil receipt for it.

5. Payment of purchase money for property sold and the delivery of the property shall be made immediately after the sale, and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer at his discretion to sell the property again on the same day or on any other day of which due notice shall be given, and the former purchaser shall in such case be responsible to the Commissioners for any loss, which shall be recoverable as a debt due to them.

6 All persons employed by the Commissioners whose services may be no longer required shall be liable to discharge after receipt of previous notice, or pay in advance for one month, unless in the case of gross misconduct; and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month, on pain of forfeiture of one month's salary.

7. All persons now holding or who may hereafter be appointed to any office under the Commissioners shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix, and any person failing to furnish such security within such time as the Commissioners may appoint shall be held to have thereby forfeited his appointment.

For the regulation and management of privies.

8. Every person keeping a private privy shall construct it above ground, and shall provide it with a suitable moveable receptacle of metal or earthenware

The penalty for infringement after notice shall be a fine not exceeding Rs. 5.

9. The penalty for infringement shall be a fine not exceeding Rs. 10.

10. No person shall throw, deposit or discharge any rubbish, filth, night-soil, sewage or contents of any drain, privy or cesspool upon any road, lane, thoroughfare or public place, or into any river, tank, watercourse or receptacle for water, or dispose of the above-mentioned kind of offensive matter in any other way than as the Commissioners may from time to time direct.

The penalty for infringement shall be a fine not exceeding Rs. 10.

For regulating cremations and burials.

11. No person shall bury or cause to be buried any corpse in a burial-ground, in a grave constructed of masonry, in such manner that the top of the coffin shall be at a less depth than four feet from the surface of the ground.

The penalty for infringement shall be a fine not exceeding Rs. 5.

12. No person shall bury or cause to be buried any corpse in a grave not constructed of masonry which shall be less than five feet deep.

The penalty for infringement shall be a fine not exceeding Rs. 5.

13. No person shall build or dig or cause to be built or dug any grave in any burial-ground at a distance of less than four feet from any existing grave.

The penalty for infringement shall be a fine not exceeding Rs. 5.

14. No person shall carry a corpse through any highway, unless it be decently covered and completely concealed from public view.

The penalty for infringement shall be a fine not exceeding Rs. 5.

Regulations relating to sewage, offensive matters, rubbish, privies and drains.

15. No person shall construct or place over or upon the side of any public drain any bridge, platform, building, fencing or structure of any kind except with the written permission of the Commissioners.

Penalty for infringement shall be a fine not exceeding Rs. 10.

16. No person shall make a shop over any public drain. The penalty for infringement shall be a fine not exceeding Rs. 10.

17. No person shall, without permission from the Commissioners, cut sods or grass or remove earth or grass from the margin of any public road or from any public drain.

The penalty for infringement shall be a fine not exceeding Rs. 5.

18. The Commissioners may give notice in writing to the owner or occupier of any land within three days to trim or prune any hedges, and to cut and trim any trees obstructing any public drain. Any person who shall fail to comply with such requisition shall be liable to a fine not exceeding Rs. 5, and to a fine of Rs. 2 per day until the requisition be complied with.

19. No person shall commit a nuisance by easing himself on or by the side of or near to any public road or drain or on the foreshore of any river within the limits of the Municipality.

Penalty for infringement shall be a fine not exceeding Rs. 5.

For the control of municipal wells and tanks.

20. No person shall bathe or wash clothes, cooking utensils, &c., &c., on the upper platform of any well or in such a place that the water so used shall fall into such well.

H. J. S. COTTON,
Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 2nd March 1889.—It is hereby notified for general information that, in exercise of the power vested in the Local Government by section 351 of Act III (B.C.) of 1884, and on the recommendation of the Commissioners of the Monghyr Municipality, made at a meeting, the Lieutenant-Governor confirms the bye-laws set forth below, which have been framed by the Commissioners of the said Municipality, under section 350 of the Act, in supersession of all existing bye-laws framed by the Municipality :—

BYE-LAWS.

For regulating the conduct of business of meetings of the Commissioners.

1. Every notice convening a meeting of the Municipal Commissioners shall be accompanied by a list of business, signed by the Chairman or the Vice-Chairman, to be brought forward at such meetings.

2. Any Commissioner wishing to bring forward any business shall give notice of such intention in writing to the Chairman or the Vice-Chairman a week before the meeting, when the Chairman or the Vice-Chairman shall include such business in the list of business to be laid before such meeting.

3. No business shall be considered or proposition received at any meeting if it does not appear in the list of business, unless the Commissioners present, if not less than 12 in number, may, by a majority of two-thirds of those present, permit such business to be considered at once.

4. At all ordinary general meetings, the proceedings shall be commenced by the President reading the minutes of the last ordinary or extraordinary general meeting, with a view to ascertain if the resolutions passed at such meeting have been faithfully and accurately recorded.

5. In the event of any Commissioner being of opinion that any such resolutions have not been accurately recorded, it shall be competent to such Commissioner to state wherein the resolution is not correct, and thereupon the President shall refer to the original draft of such resolution written and signed by the mover, and, if he finds the minute to be inaccurate, he shall then and there make the necessary correction in the minute-book. In the absence of a written draft, the President alone shall rule whether the resolution has been correctly recorded or not, and no discussion as to the propriety or otherwise of such resolution shall be allowed.

6. Any resolution or amendment of such resolution moved by any Commissioner at a meeting of the Commissioners shall be in writing, signed by the mover, and shall be preserved for record in the Municipal Office.

7. The order in which the several subjects shall be discussed at a meeting shall be determined by the order in which they are mentioned in the list of business; but the President may, at his discretion, if the Commissioners present do not object, depart from this order for any special reason.

8. On the Commissioners proceeding to the consideration of any subject, the President shall first read and explain to the Commissioners the letters and other papers connected with such subject, and thereupon any Commissioner may make a proposition regarding such subject. Every such proposition made shall be in writing and signed by him.

9. Every proposition shall be seconded by one Commissioner, who shall also sign or initial the draft proposition. No proposition not seconded can be discussed or put to the vote.

10. Any Commissioner may propose an amendment to a proposition, and all such amendments shall be written out and signed, seconded and signed by the seconder, before being discussed or put to the vote. (The amendment shall be first put to the vote. In the event of several amendments having been proposed, the last amendment shall be first put to the vote.)

11. If none of the amendments is carried, the original motion shall then be put to the vote.

12. No Commissioner shall be allowed to vote by proxy under any circumstances.

13. Any Commissioner may decline to vote on any subject without assigning his reason for abstaining from voting.

14. It shall be competent to any Commissioner to move a resolution to the effect that the subject under consideration be referred to a Sub-Committee, and to name the names of the members of such Committee.

15. No member shall, by reason of his being a member of such Committee, be precluded from voting at a general meeting on the subject reported on by such Committee.

16. A subject once finally disposed of by a resolution passed at a meeting of the Commissioners shall not be re-opened at any subsequent meeting, unless at least three-fourths of the Commissioners present at a meeting, with due notice of a motion to that effect, consent that such subject shall be re-opened and considered; provided that resolutions adjourning the consideration of a subject *sine die* may be reconsidered at any meeting after the usual notice.

17. The minutes of the proceedings of all meetings shall show the names of the President and of all members attending, the words of every proposition, and, in cases where votes are taken, the number of votes *pro* and *con*.

For regulating the mode of collecting taxes.

18. Every collecting officer shall be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the municipality and the signature of the Chairman and Vice-Chairman. Every collecting officer at the time of demanding payment shall be bound to show his certificate if required.

19. Every person required in writing to furnish any schedule or return which the Commissioners may lawfully require him to furnish shall send such schedule or return to the office of the Commissioners within one week from the date of the service of requisition in the manner prescribed in section 356 of the Act. Any person failing to do so shall be liable to a penalty not exceeding Rs. 5 for omission and to a penalty not exceeding Rs. 2 for every day after warning that the omission continues.

20. Any person submitting a false or incorrect schedule or return shall be liable to a penalty of Rs. 10; provided that nothing in this bye-law shall be held to prevent the institution of a criminal prosecution under the Penal Code should the facts appear to warrant such a proceeding.

21. Payment of purchase-money for property sold and delivery of the property shall be made immediately after the sale, and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer, at his discretion, to sell the property again on the same or any other day to be fixed by him, and the first purchaser shall in such case be responsible to the Commissioners for any loss which shall be recoverable as a debt due to them.

For regulating the conduct of persons employed by the Commissioners.

22. No person employed by the Commissioners shall withdraw from the duties of his office without having given previous notice for the period of one month on pain of forfeiture of one month's salary.

23. All persons employed by the Commissioners, whose services may be no longer required, shall be liable to discharge after receipt of one month's previous notice, or of pay in advance for the period of one month.

24. All persons now holding, or who may hereafter be appointed to, any office under the Commissioners shall, when required to do so, furnish good security to such amount as the Commissioners may from time to time fix; and any person failing to furnish such security within a reasonable time, or within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment and may be removed from office.

25. The Commissioners shall have power to inflict for any other reasonable cause a fine not exceeding one month's pay upon any person employed by them.

For regulating the disposal of offensive matter, rubbish, and dead bodies of animals.

26. Every person within whose premises any animal may die shall, within four hours after its death, or if death occurs at night, within four hours after sunrise, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcass, or report its death to the conservancy overseer of the ward within which such premises may be situated, and in such latter case shall pay to the said overseer the expense of removing the carcass at such rate as the Commissioners may determine.

The penalty for infringement shall be a fine not exceeding Rs. 25.

27. The Commissioners may from time to time order to be closed and appoint places for the deposit of the carcass of animals. Any person who shall deposit, or cause to be deposited, the carcass of any animal in any other place than may have been appointed by the Commissioners, or in any place which they may have ordered to be closed, shall be liable to a fine not exceeding Rs. 30.

28. No person shall throw or place, or permit his servants to throw or place, on any road or street, any broken glass, bottles, crockery, thorns, or any other things likely to cause injury to passengers, but such rubbish may be placed directly on the conservancy carts. The penalty for infringement shall be a fine not exceeding Rs. 20.

For the regulation and management of privies.

29. Every owner or occupier of any house, land, or premises from which offensive matter is not removed by the said owner or occupier shall give free access to the servants of the municipality to such parts of his house, land, or premises where night-soil or filth is kept for the removal of such night-soil or filth within such hours as may have been fixed on by the Municipal Commissioners. Penalty for infringement shall be a fine not exceeding Rs. 10.

30. Every person shall, unless especially permitted by the Commissioners to make other arrangements, construct his privy above ground and shall provide his privy or premises with a suitable moveable receptacle of metal or earthenware. The penalty for infringement after a general notice shall be a fine not exceeding Rs. 20.

31. On receipt of a notice from the Municipal Commissioners, every owner or occupier of any house, land, or premises in or on which any well-privy or other noxious or improperly constructed privy may be situated, shall fill up, close, or otherwise alter the construction of the said privy as may be directed in the notice, and if the orders contained in the notice be not carried out within fifteen days, the Commissioners may fill up, close, or otherwise alter the said privy.

32. No owner or occupier of any house, land, or premises shall allow night-soil or filth of any kind to flow or be discharged from any privy which may be situated on such land, house, or premises into any drain, water-course, river, tank, hollow, or on the surface of the soil, or any excavation (or any place containing waste and stagnant water), or into any other receptacle but one of the nature described in bye-law No. 31. The penalty for infringement shall be a fine not exceeding Rs. 50.

33. No person shall throw, deposit, or discharge any sewage, or the contents of any drain, privy, or cesspool into any river, tank, water-course, or receptacle for water, or dispose of the abovementioned kinds of offensive matter in any other way than as the Municipal Commissioners may from time to time direct. The penalty for infringement shall be a fine not exceeding Rs. 50.

34. No person shall carry night-soil through the streets otherwise than in a covered receptacle of such description and pattern as shall be required from time to time and between such hours as the Municipal Commissioners at a meeting from time to time direct. The penalty for infringement shall be a fine not exceeding Rs. 10.

35. No night-man, sweeper, or other person carrying night-soil through the streets shall loiter or deposit any vessel containing night-soil in any drain or on or by the said of any public road or street. The penalty for infringement shall be a fine not exceeding Rs. 20.

36. No place shall be used for the collection of night-soil or as a *lolla mehter's depot* without a license from the Municipal Commissioners. The penalty for infringement shall be a fine not exceeding Rs. 50.

37. Every occupier or owner of a field or plot of waste land within municipal limits shall have his field or land kept free from all deposits of night-soil and offensive matter. The penalty for infringement shall be a fine not exceeding Rs. 50.

For regulating traffic in the streets.

38. No person shall, without the special permission of the Commissioners, take an elephant or camel along any public road within the limits of the municipality except by such route as shall be fixed for the purpose by the Municipal Commissioners. The penalty for infringement shall be a fine not exceeding Rs. 50.

39. No cart or carriage shall be left on any public road or street without a person in charge of such cart or carriage. The penalty for infringement shall be a fine not exceeding Rs. 10.

40. No person shall in any way obstruct, or allow to be obstructed, any road, street, or thoroughfare, or any portion thereof. The penalty for infringement shall be a fine not exceeding Rs. 20.

41. No person shall, without the permission of the Commissioners, expose for sale any article on any lanes, walks, bye-ways, roads, streets, thoroughfares, or drains. The penalty for infringement shall be a fine not exceeding Rs. 5.

42. No person shall allow any moveable property to remain on any road, street, or thoroughfare for more than a reasonable time without the permission of the Commissioners. The penalty for infringement shall be a fine not exceeding Rs. 20.

43. Every carriage plying between dusk and dawn, except on moonlight nights, shall carry two conspicuous lights; and every cart, ekka, palkee, and other vehicle shall carry at least one conspicuous light. The penalty for infringement shall be a fine not exceeding Rs. 10.

44. Every driver of a carriage or cart, or every person in charge of cattle, must keep to his left while passing another vehicle or cattle moving in the opposite direction. The penalty for infringement shall be a fine not exceeding Rs. 10.

45. Every cart, carriage, or vehicle shall have a driver on or with it. Any driver driving or having in his charge more than one cart, carriage, or vehicle shall be liable to a fine not exceeding Rs. 5.

46. No owner of a carriage or cart shall allow it to be driven by a driver under 14 years of age. The penalty for infringement shall be a fine not exceeding Rs. 20, to be inflicted on the owner of such carriage or cart.

47. Any driver of a cart conveying "chebar" bamboos, such cart not being in charge of one person at least besides the driver, shall be liable to a fine not exceeding Rs. 10.

48. No such bamboos shall be conveyed through the streets within municipal limits between dusk and dawn. The penalty for infringement shall be a fine not exceeding Rs. 5.

49. The Commissioners may give notice in writing to the owners to alter in such manner as they shall direct any culvert which may have been so constructed as to cause inconvenience in cleaning the drain; provided that if such culvert was originally constructed with the permission of the Commissioners, expressed or implied, the alteration shall be made at their expense. The penalty for not complying with such requisition shall be a fine not exceeding Rs. 20, and to a further fine of Rs. 2 per day until such requisition is complied with.

50. No cattle shall be allowed to stray about on the public roads or to pass on such roads without some one in charge of such cattle. The penalty for infringement shall be a fine not exceeding Rs. 5, to be inflicted on the owner or the person in charge of such cattle.

For regulating or prohibiting the use of fire balloons, fireworks, fire-arms, or other missiles in the vicinity of public roads.

51. No person shall let off any fire-balloons fireworks, fire-arm, or any missiles on or near any public road, street, or thoroughfare without the consent of the Municipal Commissioners previously obtained. The penalty for infringement shall be a fine not exceeding Rs. 10.

52. No person shall fire any mine or blast in or near a public road without the consent of the Municipal Commissioners previously obtained. The penalty for infringement shall be a fine not exceeding Rs. 50.

General bye-laws.

53. No person shall bury, or cause to be buried in any burial-ground, any corpse when no coffin is used, in a grave so that the top of the body shall be at a less depth than six feet from the surface ground. The penalty for infringement shall be a fine not exceeding Rs. 10.

54. No person shall build or dig, or cause to be built or dug, any grave in any burial-ground at a less distance than three feet from any existing grave. The penalty for infringement shall be a fine not exceeding Rs. 20.

55. No person shall build or dig, or cause to be built or dug, a grave in any burial-ground in any other line than that marked out by the Commissioners. The penalty for infringement shall be a fine not exceeding Rs. 20.

56. No grave once used shall be opened for the burial of another body without the permission of the Commissioners. The penalty for infringement shall be a fine not exceeding Rs. 20.

57. Every person who shall bring or convey, or cause to be brought or conveyed, any corpse or part thereof to any burning-ground, shall burn or cause the same to be burnt within a period not exceeding six hours after its arrival at the said burning-ground. The penalty for infringement shall be a fine not exceeding Rs. 20.

58. No person when burning, or causing to be burnt, any corpse or part of a corpse in any burning-ground, shall permit the same or any part thereof to remain without being completely reduced to ashes, or shall permit the clothes or other articles connected with the burning of such corpse to remain at or near such burning-ground, unless the same be completely reduced to ashes. The penalty for infringement shall be a fine not exceeding Rs. 20.

59. No person shall remove or sell any clothes or other articles appertaining to a corpse which may have been left at any burial-ground or burning-ground. The penalty for infringement shall be a fine not exceeding Rs. 50.

60. No person shall carry a corpse or part of a corpse through any highway, unless it be decently covered and totally concealed from view. The penalty for infringement shall be a fine not exceeding Rs. 10.

61. No person, while conveying a corpse, or part of a corpse, shall, except for the purpose of ordinary relief, deposit it on or near any public highway. The penalty for infringement shall be a fine not exceeding Rs. 10.

62. Every corpse, or part of a corpse, that has been kept or used for the purpose of dissection must be removed in a closed receptacle. The penalty for infringement shall be a fine not exceeding Rs. 20.

63. No person shall put, or cause to be put, on any house or other building any spout or other thing intended for the conveyance and discharge of water which shall be so placed that the water discharged therefrom injuriously affects, or tends to injuriously affect, any public road or drain. The penalty for infringement after notice shall be a fine not exceeding Re. 1 daily.

64. The Commissioners may give notice in writing to the owner of any building to which any spout or spouts may now be attached from which water is discharged to the injury of any road or drain, or to the annoyance of any passer-by, to remove or alter the same within seven days in such a manner as they shall direct, and any person failing to comply with such notice shall be liable to a fine not exceeding Rs. 10 and to a daily fine of Rs. 2 until such requisition be complied with.

65. No person shall construct or place over or by the side of any public road or drain, any bridge, platform, building or structure of any kind, except by, or with the written permission of, the Commissioners, and in such manner as they shall direct in accordance with the standard plan. The penalty for infringement shall be a fine not exceeding Rs. 50, and penalty for continued infringement Rs. 2 daily.

66. No person shall make a shop over any public drain or in any way occupy any culvert, bridge, or platform which may have been placed over any public drain. The penalty for infringement shall be a fine not exceeding Rs. 50, and penalty for continued infringement after notice not exceeding Rs. 10 daily.

67. No person shall prepare any channel or convey water by any channel across any public thoroughfare, except in such manner as shall have been approved of by the Commissioners. The penalty for infringement shall be a fine not exceeding Rs. 10, and for continued infringement after notice Rs. 2 daily.

68. No person shall steep in any tank or ditch within municipal limits any jute, bamboos, vegetable, or organic matter without the permission of the Commissioners. The penalty for infringement shall be a fine not exceeding Rs. 20, and penalty for continued infringement after notice Rs. 2 daily.

69. No person shall keep pigs in any part of the town, except in places appointed by the Commissioners. The penalty for infringement shall be a fine not exceeding Rs. 20.

70. No person shall allow any pigs to be at large or keep them otherwise than in closed styes. The penalty for infringement shall be a fine not exceeding Rs. 10.

71. No person shall allow any diseased or worn out animals to stray into any highway or into any place whence such animals can escape into any highway. The penalty for infringement shall be a fine not exceeding Rs. 5.

72. No person shall perform any office of nature in any place outside private premises other than such as may have been appointed by the Commissioners; provided that such places have been set apart by the Commissioners. The penalty for infringement shall be a fine not exceeding Rs. 10.

73. No person shall picket any animals, or collect carts or form any encampment upon any public ground without the permission of the Commissioners. The penalty for infringement shall be a fine not exceeding Rs. 10.

74. No person shall tether or picket any animal on any road or by the side of or in any drain. The penalty for infringement shall be a fine not exceeding Rs. 20.

75. No person shall be allowed to wash or bathe his person on any public road, lane, or thoroughfare, or in any public drain. The penalty for infringement shall be a fine not exceeding Rs. 5.

76. No person shall enlarge or deepen any existing tank or other excavation, or any public drain without the permission of the Commissioners. The penalty for infringement shall be a fine not exceeding Rs. 50.

77. No person shall remove from any drain or deposit in it earth or any other substance, or make any alteration whatever in it without the permission of the Commissioners. The penalty for infringement shall be a fine not exceeding Rs. 25.

78. No person shall carry any vehicle across a public drain without the aid of planks or some bridge for the protection of such drains. The penalty for infringement shall be a fine not exceeding Rs. 10.

79. No person shall cut, chop, or saw wood, or wash any article on any road or in the surface drain. The penalty for infringement shall be a fine not exceeding Rs. 5.

80. No person shall cut soda or grass, or remove earth or grass from the margin of any public road or from any public drain. The penalty for infringement shall be a fine not exceeding Rs. 20.

81. No person shall plant or sow high crops, such as Indian-corn, barley, castor, *rahar*, cotton, wheat, oat, sugarcane, &c., within the fort and moat, except growing small quantities as vegetable in private gardens. The penalty for infringement shall be a fine not exceeding Rs. 20, and penalty for continued infringement after notice Rs. 2 daily.

82. The Commissioners may give notice in writing to the owner or occupier of any land within three days to cut and trim any trees overhanging any public drain or any drain which is connected with any public drain. Any person who shall fail to comply with such requisition shall be liable to a fine not exceeding Rs. 20, and to a fine of Rs. 2 per day until the requisition be complied with.

83. Any person who shall, in contravention of the prohibition contained in section 236 of the Act, make, renew, or thoroughly repair with grass, leaves, mats, or other inflammable materials the external roofs and walls of any hut or other building, shall be liable to a fine not exceeding Rs. 20, and the Commissioners shall have power to order to be demolished any such hut or building by giving notice in writing to that effect to the owner thereof; and any person who shall fail to comply with such notice within three days shall be liable to a fine of Rs. 2 for each day during which he shall fail to comply with such requisition.

84. Any person required by the Act or by any bye-law under it to take out a license shall produce and show his license when required to do so by any Commissioner or any person duly empowered by the Commissioners in writing to make such requisition. The penalty for infringement shall be a fine not exceeding Rs. 5.

85. Whenever any private house, wall, or other erection, or any tree, shall fall down and obstruct any public drain or encumber any public highway, the Commissioners may remove such obstruction or incumbrance at the expense of the owner of the same, or may require him to remove the same within such time as to the Commissioners shall seem fit. The penalty shall, for non-compliance with a requisition issued under this section, be a fine not exceeding Rs. 25, and a further fine of Rs. 5 a day until such requisition is carried out.

86. No person shall sell, or expose for sale any article of human food unfit for such food. Penalty for infringement shall be a fine not exceeding Rs. 50.

87. No person shall dig any public road or drain. Penalty for infringement shall be a fine not exceeding Rs. 50.

88. No owner or occupier of any land shall allow the same to be made filthy by the systematic deposit thereon of any dirt, dung, bones, night-soil, or other offensive matter; provided that no prosecution shall be instituted under this section against any absentee owner or occupier until notice giving 14 days' time to clean the land has been served on him by attachment on the premises. In the case of unoccupied holdings, the Commissioners shall have power to enter the premises at once and clean them at the expense of the owner, if any. The penalty for infringement shall be a fine not exceeding Rs. 25.

89. The Commissioners may give notice in writing to the owner of any trees or shrubs overhanging any tank or well, and likely to foul the water thereof, to cut or trim the same in such a manner that they should not overhang the tank or well. The penalty for infringement shall be a fine not exceeding Rs. 5.

90. No person shall bathe or wash clothes, utensils, &c., &c., within a distance of ten feet from the lowest platform of a public well. The penalty for infringement shall be a fine not exceeding Rs. 10 for the first offence, and a fine not exceeding Rs. 50 for the second and subsequent offence.

91. No person shall throw any matter whatever into a public well. The penalty for infringement shall be a fine not exceeding Rs. 25.

92. No person shall open or remove any board set up by the Commissioners for closing temporarily any road or part of a road for the purpose of repairing such road, or for the purpose of constructing any sewer, drain, culvert, or bridge, or for any other public purpose. The penalty for infringement shall be a fine not exceeding Rs. 20.

LAND SALE NOTICES.

NOTICE is hereby given that the right of Government as proprietor by escheat to the two cottahs of lakhiraj land, which constitutes the undermentioned estate, situate in mouzah Madaria, pergunnah Barda, in the district of Midnapore, will be put up to sale at the Midnapore Collectorate on the 28th of March 1889, corresponding with 16th Choitra 1295 B.S.

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1. The estate to be sold to the highest bidder revenue-free above the upset price, which has been fixed at Rs. 3.

The purchaser of the land comprised in the estate will be considered as its proprietor, and the entire proprietary right of Government in the land will be transferred to him.

2. The purchaser of the land will be put in khas possession.

3. If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid at once.

4. If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

Midnapore Collectorate, the 18th February 1889.

C. H. VOWELL, for Collector.

NOTICE is hereby given that the undermentioned plots of land no longer required by Government, situated along the main line of the Tirhoot State Railway (Simuria Extension), in the Durbhunga district, from Mouza Basaria to Mouza Ajnaul, will be put up to sale at the Daising Sarai Railway Station on the 25th March 1889.

The purchasers of the several plots of land will be subject to the following conditions:—

- 1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the Railway fencing, or plough the land closer than three feet from its foundation.
- 2nd.—If the amount of purchase money does not exceed Rs. 100, the whole amount must be paid down at once.
- 3rd.—If the amount of purchase money exceeds Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.
- 4th.—The balance of purchase money due under the 3rd condition may be paid either to the Collector or into the Government treasury at Durbhunga for lands situated in the Durbhunga district.
- 5th.—The plots of land will be sold revenue free to the highest bidders.
- 6th.—The purchasers shall be put in possession on receipt of the orders of the District Collector approving of the sales, but such possession shall be liable to be disturbed in case the final confirmation of the Board of Revenue should not be accorded to the proceedings.

Noakhally Collectorate, the 19th February 1889.

G. E. MANISTY, Offg. Collector.

NOTICE is hereby given that the undermentioned plots of Government land appertaining to the old jail compound, situated in mouzah Keranitola, pergunnah Midnapore, in the town of Midnapore, will be separately let out on mourashi mokarari leases at a fixed annual rent of Rs. 2 for each plot by public auction at the Midnapore Collector's Office on Thursday, the 28th March 1889, corresponding with 17th Chaitra 1295 Amla. The purchasers will be subject to the following conditions of sale.

Conditions of Sale.

1. Each plot to be leased to the highest bidder above the upset price, which will be fixed by Collector at the time of sale. The purchaser of each plot will be considered as a mourashi mokararidar of the plot, subject to the payment of Rs. 2 as annual rent.
2. The lessee will possess a right of permanent occupation in the land, subject to punctual payment of the above rent, which will not be liable to enhancement.
3. The lessee will be entitled to take and enjoy the fruits of the existing trees, or of such trees as may be planted by him in future within his holding. He will also have a right to cut or sell every tree planted and reared by himself or by his predecessors on his holding. The rights declared by the lease to vest in him will devolve on his heirs at his death.
4. The lessee, in case he builds, will be required to submit a plan of the house showing the width of the foundation wall and the level of the lowest floor of the house by reference to the level of the nearest public road. He will also give a general description of the building he intends to erect, and of the provisions he intends to make in respect of drainage and latrine accommodation.
5. Until and unless the plan and level submitted by the lessee be approved by the Collector, the lessee will not be allowed to build; and if he builds, the Collector will have power to demolish his buildings without being liable to any Court for damage or compensation.
6. If the lessee transfer his right in any way or underlet the holding, the transfer shall be made subject to all the conditions of the kabulyat to be executed by him.
7. All future improvements, additions and alterations in the holding will be also subject to the approval of the Collector of the district.
8. The buildings constructed will not be used for any other purpose than as dwelling-house.
9. The lessee will not excavate any tank or burn any bricks within his holding, and will keep the land free from jungle. If he violates this condition, his lease will be liable to be cancelled, unless he takes due steps to repair the breach of the condition as may be ordered by the Collector.
10. If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.
11. If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteen day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the holding to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.
12. A plan of the different plots is in the Collector's office, and can be inspected by intending purchasers:—

Notice.

THE right of working the copper mines at Chunabatti, in the sub-division of Alipur, Western Dooars, will be put up to auction on 15th March 1889, in the Court of the Sub-divisional Officer of Alipur. Settlement will be made with the highest bidder for five years, commencing from 1st April 1889. Chunabatti is situated two miles west of Buxa in the Western Dooars. Plenty of labour, firewood and good water is available on the spot. There is a good road, and the mines can be worked with little difficulty. It is believed that any person or company who may work the mines will obtain a good profit. Sixteen seers of copper are said to be obtainable from each bazar maund of ore. A specimen of the copper can be seen at the Office of the Secretary to the Chamber of Commerce, Calcutta. Any further information will be supplied by the undersigned.

Proposed by Mr. R. A. Lyall,
Seconded by Mr. A. S. Lovelock—

1. That Colonel Court take the Chair.
The advertisement calling the Meeting having been read, it was—

Proposed by Mr. C. Rivett-Carnac,
Seconded by Mr. E. Read—

2. That the Managing Agents' report having been taken as read be adopted, and that the accounts be passed as correct.

Carried unanimously.

Proposed by Mr. A. S. Lovelock,
Seconded by Mr. A. A. Lyall—

3. That an *ad interim* dividend of 4 per cent. on the capital of the Company be declared for the half-year ended 31st December 1888, payable immediately after this Meeting, and that the sum of Rs. 3,718-8-8 be carried forward to next half-year.

Carried unanimously.

The Managing Agents having placed before the Meeting certain correspondence which has passed between them and the Secretary to the Government of India in the Military Department, relative to the recent action of Government in connection with the tender for the supply of rum to the Western Circle, Bengal Commissariat, and said correspondence having been read, it was resolved—

"That the Managing Agents be instructed to have the correspondence printed and circulated to the shareholders of Carew & Co., Ltd.;

"That this Meeting considers that the letter received from the Secretary to Government, Military Department, does not satisfactorily reply to, or explain the facts put forward by, the Managing Agents of this Company;

"That the Managing Agents be instructed to report further on the matter; and

"That a copy of this resolution be circulated to the shareholders along with the copies of the correspondence now submitted."

The Managing Agents informed the Meeting that Government sanction of the scheme for the construction of the Powayn Tramway had just been received, and that steps were being taken for the immediate commencement of work on the line.

The meeting closed with a vote of thanks to the Chair.

M. H. COURT, Lieut.-Col., Chairman.

The Indian Law Reports.*Published under Authority.*

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1889 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the Reports from 1876:—

PART V.

Acts of the Governor General's Council assented to by the Governor General.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Governor General of India in Council received the assent of His Excellency the Governor General on the 1st March, 1889, and is hereby promulgated for general information :—

ACT NO. IV OF 1889.

An Act to amend the Law relating to Fraudulent Marks on Merchandise.

WHEREAS it is expedient to amend the law relating to fraudulent marks on merchandise ; It is hereby enacted as follows :—

1. (1) This Act may be called the Indian Title, extent and Merchandise Marks Act, commencement. 1889.

(2) It extends to the whole of British India ; and, subject to the provision of the last section of this Act,

(3) It shall come into force on the first day of April, 1889.

2. In this Act, unless there is something repugnant in the subject or context,—

(1) "trade mark" has the meaning assigned to that expression in section 478 of the Indian Penal Code as amended by this Act :

(2) "trade description" means any description, statement or other indication, direct or indirect,—

(a) as to the number, quantity, measure, gauge or weight of any goods, or

(b) as to the place or country in which, or the time at which, any goods were made or produced, or

(c) as to the mode of manufacturing or producing any goods, or

(d) as to the material of which any goods are composed, or

(e) as to any goods being the subject of an existing patent, privilege or copyright ;

and the use of any numeral, word or mark which according to the custom of the trade is commonly taken to be an indication of any of the above matters shall be deemed to be a trade description within the meaning of this Act :

(3) "false trade description" means a trade description which is untrue in a material respect as regards the goods to which it is applied, and includes every alteration of a trade description, whether by way of addition, effacement or otherwise, where that alteration makes the description untrue in a material respect, and the fact that a trade description is a trade mark or part of a trade mark shall not prevent such trade description being a false trade description within the meaning of this Act :

(4) "goods" means anything which is the subject of trade or manufacture : and

(5) "name" includes any abbreviation of a name.

Amendment of the Indian Penal Code.

3. For that part of Chapter XVIII of the Indian Penal Code which relates to Trade and Property Marks, the following shall be substituted, namely :—

"Of Trade, Property and Other Marks.

"478. A mark used for denoting that goods are the manufacture or merchandise of a particular person is called a trade mark, and for the

purposes of this Code the expression 'trade mark' includes any trade mark which is registered in the register of trade marks kept under the Patents, Designs and Trade Marks Act, 1883, and any trade mark which, either with or without registration, is protected by law in any British possession or foreign State to which the provisions of the one hundred and third section of the Patents, Designs and Trade Marks Act, 1883, are, under Order in Council, for the time being applicable.

"479. A mark used for denoting that moveable property belongs to a particular person is called a property mark.

"480. Whoever marks any goods or any case, package or other receptacle containing goods, or uses any case, package or other receptacle with any mark thereon, in a manner reasonably calculated to cause it to be believed that the goods so marked, or any goods contained in any such receptacle so marked, are the manufacture or merchandise of a person whose manufacture or merchandise they are not, is said to use a false trade mark.

"481. Whoever marks any moveable property or goods or any case, package or other receptacle containing moveable property or goods, or uses any case, package or other receptacle having any mark thereon, in a manner reasonably calculated to cause it to be believed that the property or goods so marked, or any property or goods contained in any such receptacle so marked, belong to a person to whom they do not belong, is said to use a false property mark.

"482. Whoever uses any false trade mark or any false property mark shall, unless he proves that he acted without intent to defraud, be punished with imprisonment of either description for a term which may extend to one year, or with fine, or with both.

"483. Whoever counterfeits any trade mark or property mark used by any other person shall be punished with imprisonment of either description for a term which may extend to two years, or with fine, or with both.

"484. Whoever counterfeits any property mark used by a public servant, or any mark used by a public servant to denote that any property has been manufactured by a particular person or at a particular time or place or that the property is of a particular quality or has passed through a particular office or that it is entitled to any exemption, or uses as genuine any such mark knowing the same to be counterfeit, shall be punished with imprisonment of either description for a term which may extend to three years, and shall also be liable to fine.

"485. Whoever makes or has in his possession any die, plate or other instrument for the purpose of counterfeiting a trade mark or property mark, or has in his possession a trade mark or property mark for the purpose of

denoting that any goods are the manufacture or merchandise of a person whose manufacture or merchandise they are not, or that they belong to a person to whom they do not belong, shall be punished with imprisonment of either description for a term which may extend to three years, or with fine, or with both.

"486. Whoever sells, or exposes or has in possession for sale or any purpose of trade or manufacture, any goods or things with a counterfeit trade mark or property mark affixed to or impressed upon the same or to or upon any case, package or other receptacle in which such goods are contained, shall, unless he proves—

(a) that, having taken all reasonable precautions against committing an offence against this section, he had at the time of the commission of the alleged offence, no reason to suspect the genuineness of the mark, and

(b) that, on demand made by or on behalf of the prosecutor, he gave all the information in his power with respect to the persons from whom he obtained such goods or things, or

(c) that otherwise he had acted innocently, he be punished with imprisonment of either description for a term which may extend to one year, or with fine, or with both.

"487. Whoever makes any false mark upon any case, package or other receptacle containing goods, in a manner reasonably calculated to cause any public servant or any other person to believe that such receptacle contains goods which it does not contain or that it does not contain goods which it does contain or that the goods contained in such receptacle are of a nature or quality different from the real nature or quality thereof shall, unless he proves that he acted without intent to defraud, be punished with imprisonment of either description for a term which may extend to three years, or with fine, or with both.

"488. Whoever makes use of any such false mark in any manner prohibited by the last foregoing section shall, unless he proves that he acted without intent to defraud, be punished as if he had committed an offence against that section.

"489. Whoever removes, destroys, defaces or adds to, any property mark, intending or knowing it to be likely that he may thereby cause injury to any person, shall be punished with imprisonment of either description for a term which may extend to one year, or with fine, or with both."

Trade Descriptions.

4. (1) The provisions of this Act respecting the application of a false trade description to goods or respecting goods to which a false trade description is applied, shall extend to the application to goods of any such numerals, words or marks, or arrangement or combination thereof, whether including a trade mark or not, as are or is reasonably calculated to lead persons to believe

that the goods are the manufacture or merchandise of some person other than the person whose manufacture or merchandise they really are, and to goods having such numerals, words or marks, or arrangement or combination, applied thereto.

(2) The provisions of this Act respecting the application of a false trade description to goods, or respecting goods to which a false trade description is applied, shall extend to the application to goods of any false name or initials of a person, and to goods with the false name or initials of a person applied, in like manner as if such name or initials were a trade description, and for the purpose of this enactment the expression false name or initials means as applied to any goods any name or initials—

- (a) not being a trade mark, or part of a trade mark, and
- (b) being identical with, or a colourable imitation of, the name or initials of a person carrying on business in connection with goods of the same description and not having authorised the use of such name or initials.

(3) A trade description which denotes or implies that there are contained in any goods to which it is applied more yards, feet or inches than there are contained therein standard yards, standard feet or standard inches is a false trade description.

5. (1) A person shall be deemed to apply a trade description to goods who—

- (a) applies it to the goods themselves, or
- (b) applies it to any covering, label, reel or other thing in or with which the goods are sold or are exposed or had in possession for sale or any purpose of trade or manufacture, or
- (c) places, encloses or annexes any goods which are sold, or are exposed or had in possession for sale or any purpose of trade or manufacture, in, with or to any covering, label, reel or other thing to which a trade description has been applied, or
- (d) uses a trade description in any manner reasonably calculated to lead to the belief that the goods in connexion with which it is used are designated or described by that trade description.

(2) A trade description shall be deemed to be applied whether it is woven, impressed or otherwise worked into or annexed or affixed to the goods or any covering, label, reel or other thing.

(3) The expression "covering" includes any stopper, cask, bottle, vessel, box, cover, capsule, case, frame or wrapper, and the expression "label" includes any band or ticket.

6. If a person applies a false trade description to goods, he shall, subject to the provisions of this Act, and unless he proves that he acted without intent to defraud, be punished with imprisonment for a term which may extend to three months or with fine which may extend to two hundred rupees, and in the case of a second or subsequent conviction with imprisonment which may extend to one year, or with fine, or with both.

7. If a person sells, or exposes or has in possession for sale or any purpose of trade or manufacture, any goods or things to which a false trade description is applied, he shall, unless he proves—

- (a) that, having taken all reasonable precautions against committing an offence against this section, he had at the time of the commission of the alleged offence no reason to suspect the genuineness of the trade description, and
 - (b) that, on demand made by or on behalf of the prosecutor, he gave all the information in his power with respect to the persons from whom he obtained such goods or things, or
 - (c) that otherwise he had acted innocently,
- be punished with imprisonment for a term which may extend to three months or with fine which may extend to two hundred rupees, and in case of a second or subsequent conviction with imprisonment which may extend to one year, or with fine, or with both.

Unintentional Contravention of the Law relating to Marks and Descriptions.

8. Where a person is accused under section 482 of the Indian Penal Code of using a false trade mark or property mark by reason of his having applied a mark to any goods, property or receptacle in the manner mentioned in section 480 or section 481 of that Code, as the case may be, or under section 6 of this Act of applying to goods any false trade description, or under section 485 of the Indian Penal Code of making any die, plate or other instrument for the purpose of counterfeiting a trade mark or property mark, and proves—

- (a) that in the ordinary course of his business he is employed, on behalf of other persons, to apply trade marks or property marks, or trade descriptions, or, as the case may be, to make dies, plates or other instruments for making, or being used in making, trade marks or property marks, and that in the case which is the subject of the charge he was so employed and was not interested in the goods or other thing by way of profit or commission dependent on the sale thereof, and
- (b) that he took reasonable precautions against committing the offence charged, and
- (c) that he had, at the time of the commission of the alleged offence, no reason to suspect the genuineness of the mark or description, and
- (d) that, on demand made by or on behalf of the prosecutor, he gave all the information in his power with respect to the persons on whose behalf the mark or description was applied,

he shall be acquitted.

Forfeiture of Goods.

9. (1) When a person is convicted under section 482 of the Indian Penal Code of using a false trade mark, or under section 486 of that Code of selling, or exposing or having in possession for

sale or any purpose of trade or manufacture, any goods or things with a counterfeit trade mark applied thereto, or under section 487 or section 488 of that Code of making, or making use of, a false mark, or under section 6 or section 7 of this Act of applying a false trade description to goods or of selling, or exposing or having in possession for sale or any purpose of trade or manufacture, any goods or things to which a false trade description is applied, or is acquitted on proof of the matter or matters specified in section 486 of the Indian Penal Code or section 7 or section 8 of this Act, the Court convicting or acquitting him may direct the forfeiture to Her Majesty of all goods and things by means of, or in relation to, which the offence has been committed or, but for such proof as aforesaid, would have been committed.

(2) When a forfeiture is directed on a conviction and an appeal lies against the conviction, an appeal shall lie against the forfeiture also.

(3) When a forfeiture is directed on an acquittal and the goods or things to which the direction relates are of value exceeding fifty rupees, an appeal against the forfeiture may be preferred, within thirty days from the date of the direction, to the Court to which in appealable cases appeals lie from sentences of the Court which directed the forfeiture.

Amendment of the Sea Customs Act, 1878.

Amendment of section 18, Act VIII of 1878.

10. (1) For clause (d) of section 18 of the Sea Customs Act, 1878, the following shall be substituted, namely:—

XIV of 1860.

“(d) goods having applied thereto a counterfeit trade mark within the meaning of the Indian Penal Code, or a false trade description within the meaning of the Indian Merchandise Marks Act, 1889:

(e) goods made or produced beyond the limits of the United Kingdom and British India and having applied thereto any name or trade mark being, or purporting to be, or being a colourable imitation of, the name or trade mark of any person who is a manufacturer, dealer or trader in the United Kingdom or in British India, unless—

(i) the name or trade mark is, as to every application thereof, accompanied by a definite indication of the goods having been made or produced in a place beyond the limits of the United Kingdom and British India, and

(ii) that place and the country in which it is situated are in that indication indicated in letters as large and conspicuous as any letter in the name or trade mark, and in the same language and character as the name or trade mark:

(2) To section 18 of the Sea Customs Act, 1878, as amended by sub-section (1), the following shall be added, namely:—

“(f) piece-goods, such as are ordinarily sold by length or by the piece, which—

(i) have not conspicuously stamped in English numerals on each piece the length thereof in

standard yards, or in standard yards and a fraction of such a yard, according to the real length of the piece, and

(ii) have been manufactured beyond the limits of India, or,

(iii) having been manufactured within those limits, have been manufactured beyond the limits of British India in premises which, if they were in British India, would be a factory as defined in the Indian Factories Act, 1881.

II. The following shall be added after section 19 of the Sea Customs Act, 1878, namely:—

“19A. (1) Before detaining any such goods as are or may be specified in or under section 18 or section 19, as the case may be, or taking any further proceedings with a view to the confiscation thereof under this Act, the Chief Customs-officer or other officer appointed by the Local Government in this behalf may require the regulation under this section, whether as to information, security, conditions or other matters, to be complied with, and may satisfy himself in accordance with those regulations that the goods are such as are prohibited to be imported.

(2) The Governor General in Council may make regulations, either general or special, respecting the detention and confiscation of goods the importation of which is prohibited, and the conditions, if any, to be fulfilled before such detention and confiscation, and may by such regulations determine the information, notices and security to be given, and the evidence requisite for any of the purposes of this section and the mode of verification of such evidence.

(3) Where there is on any goods a name which is identical with, or a colourable imitation of, the name of a place in the United Kingdom or British India, that name, unless accompanied in equally large and conspicuous letters, and in the same language and character, by the name of the country in which such place is situated, shall be treated for the purposes of sections 18 and 19 as if it were the name of a place in the United Kingdom or British India.

(4) Such regulations may apply to all goods the importation of which is prohibited by section 18 or under section 19, or different regulations may be made respecting different classes of such goods or of offences in relation to such goods.

(5) The regulations may provide for the informant reimbursing any public officer and the Secretary of State for India in Council all expenses and damages incurred in respect of any detention made on his information, and of any proceedings consequent on such detention.

(6) All regulations under this section shall be published in the Gazette of India and in the Calcutta, Fort St. George, Bombay and Burma Gazettes.”

Stamping of Length of Piece-goods manufactured in British India.

12. (1) Piece-goods, such as are ordinarily sold by length or by the piece, which have been manufactured in premises which are a factory as de-

Stamping of length of piece-goods manufactured in British India.

of 1881. fined in the Indian Factories Act, 1881, shall not be removed from those premises without having conspicuously stamped in English numerals on each piece the length thereof in standard yards, or in standard yards and a fraction of such a yard, according to the real length of the piece.

(2) If any person removes or attempts to remove any such piece-goods from any such premises without the length of each piece being stamped in the manner mentioned in sub-section (1), every such piece, and everything used for the packing or removal thereof, shall be forfeited to Her Majesty, and such person shall be punished with fine which may extend to one thousand rupees.

Supplemental Provisions.

of 1878. 13. In the case of goods brought into British India by sea, evidence of the port of shipment shall, in a prosecution for an offence against this Act or section 18 of the Sea Customs Act, 1878, as amended by this Act, be *prima facie* evidence of the place or country in which the goods were made or produced.

of 1860. 14. (1) On any such prosecution as is mentioned in the last foregoing section, or on any prosecution for an offence against any of the sections of the Indian Penal Code, as amended by this Act, which relate to trade, property and other marks, the Court may order costs to be paid to the defendant by the prosecutor, or to the prosecutor by the defendant, having regard to the information given by and the conduct of the defendant and prosecutor respectively.

(2) Such costs shall, on application to the Court, be recoverable as if they were a fine.

Limitation of prosecution. 15. No such prosecution as is mentioned in the last foregoing section shall be commenced after the expiration of three years next after the commission of the offence, or one year after the first discovery thereof by the prosecutor, whichever expiration first happens.

Authority of the Governor General in Council to issue instructions as to administration of this Act. 16. (1) The Governor General in Council may, by notification in the Gazette of India and in local official Gazettes, issue instructions for observance by Criminal Courts in giving effect to any of the provisions of this Act.

(2) Instructions under sub-section (1) may provide, among other matters, for the limits of variation, as regards number, quantity, measure, gauge or weight, which are to be recognised by Criminal Courts as permissible in the case of any goods.

17. On the sale or in the contract for the sale of any goods to which a trade mark or mark or trade description has been applied, the seller shall be deemed to warrant that the mark is a genuine mark and not counterfeit or falsely used, or that the trade description is not a false trade description within the meaning of this Act, unless the contrary is expressed in some writing signed by or on behalf of the seller and delivered at the time of the sale or contract to and accepted by the buyer.

18. (1) Nothing in this Act shall exempt any person from any suit or other proceeding which might, but for anything in this Act, be brought against him.

(2) Nothing in this Act shall entitle any person to refuse to make a complete discovery or to answer any question or interrogatory in any suit or other proceeding, but such discovery or answer shall not be admissible in evidence against such person in any such prosecution as is mentioned in section 14.

(3) Nothing in this Act shall be construed so as to render liable to any prosecution or punishment any servant of a master resident in British India who in good faith acts in obedience to the instructions of such master, and, on demand made by or on behalf of the prosecutor, has given full information as to his master and as to the instructions which he has received from his master.

Transitory Provision.

19. The prohibition of the bringing into British India of such piece-goods as are described in clause (f) of section 18 of the Sea Customs Act, 1878, as amended by this Act, shall not take effect till the first day of August, 1889, and the provisions of section 12 shall, as regards piece-goods made up in bales in a factory before the first day of April, 1889, remain in abeyance till the first day of July, 1889.

BEHAR.			
PATNA DIVN.	26 Patna Mar. 2, '89	0.11	Weather—seasonable Prospects of <i>rubbi</i> and poppy not so good as when last reported owing to recent rain, but fair harvest still expected. Gathering of <i>mussoor</i> and gram in progress, and cutting of wheat begun. Prices stationary
	27 Gya „ 2, '89	0.89	Weather—cloudy and hot, bad for the <i>rubbi</i> and poppy crops. The heavy rain and strong wind of last night have done serious damage to the <i>rubbi</i> crops in general. The damage done up to date by the successive falls of rain and hail is estimated at 6 annas in the cereals and 8 annas in poppy.
	28 Shahabad „ 2, '89	0.12	Weather—warmer. Prospects of <i>rubbi</i> and poppy crops fair. Prices stationary.
	29 Darbhanga „ 3, '89	0.09	Weather—occasionally cloudy. In south linseed yield expected 12 annas; <i>rubbi</i> and tobacco being harvested; prices falling. In centre prices almost stationary with a tightening tendency; <i>rubbi</i> very good. In Madhubani poppy and <i>rahur</i> damaged by rain, otherwise crop prospects unchanged. Pressure reported to be deepening in extreme north-west.
	Madhubani „ „	0.05	
	30 Mozufferpur „ 2, '89	0.20	Weather—warmer with west wind. <i>Cheena</i> , <i>mung</i> and <i>dhan</i> are being sown and germinating well. Indigo is also being sown. Generally a good crop of mustard is being harvested. Poppy good in north; not improved by rain in south.
	Hajipur „ „	0.01	
Sitamarhi „ „	0.07		
BHAGULPORE DIVN.	31 Saran „ 2, '89	0.31	Weather—very unsettled. Thunderstorms and some hail. Prospects of indigo good. Sowings rather interfered with by rain. Poppy rather damaged by rain and hail. <i>Rubbi</i> still very good from 12 to 14 annas.
	Sewan „ „	0.12	
	32 Champaran „ 2, '89	0.11	Weather—unsettled. Prospects of standing <i>rubbi</i> and poppy good. Estimated outturn in Bettiah sub-division 16 annas. Mango trees in full blossom. Extraction of opium going on. More rain would do harm.
	Bettiah „ „	0.4	
	33 Monghyr „ 2, '89	...	Weather—getting warmer gradually. Some storms with slight rain on the night of the 1st. Standing crops doing well, but the storms have caused some damage. Peas, mustard, linseed and <i>mussoori</i> are being reaped.
	34 Bhagulpur „ 2, '89	0.03	Weather—warmer, storm and slight rain yesterday (1st). Standing crops have suffered from the unseasonable rain, and outturn will probably fall below expectations, especially to the east. Harvesting of peas and other early crops continues in places.
	Madhepura „ „	0.02	
35 Purneah „ 2, '89	Nil	Weather—seasonable, though rather cloudy for the time of year. Prospects of <i>rubbi</i> continue to be favourable. Ploughing for the <i>aus</i> crop has commenced.	
ORISSA.	36 Malda „ 2, '89	Nil	Weather—generally clear; days warmer, nights still cold. Transplanting of <i>boro</i> paddy progressing. <i>Rubbi</i> crops are good, except in thanas English Bazar, <i>Salahak</i> , <i>Koarb</i> and <i>Manickchik</i> outpost, where much damage was done by the hailstorm of the 30th January.
	Chunchal „ „	0.12	
	37 Sonthal Bergha „ 2, '89	0.19	Weather—cloudy; getting warmer daily. Prospects of standing <i>rubbi</i> crops continue fair. Mango blossoms damaged by rain and hail.
ORISSA DIVN.	38 Cuttack „ 1, '89	Nil	Weather—fair and seasonable. <i>Sarad</i> and <i>rubbi</i> crops are being gathered. Prospects of standing crops continue fair. Common rice sells at 17 seers 1 chittack per rupee in town
	39 Pooree „ Feb. 28, '89	Nil	
	Khoorda „ „	0.10	Weather—seasonable. Land is being ploughed. <i>Dalua</i> crop is in ear. <i>Rubbi</i> is being gathered. Common rice 18 seers 11 chittacks, per rupee in the Sudaer sub-division and 15 seers 1 chittack in the Khoorda sub-division.
40 Balasore „ 1, '89	Nil	Weather—seasonable. Ploughing of lands for rice crop has commenced. More rain would be welcome.	
CHOTA NAGPORE.			
South-West Frontier Agency.			
CHOTA NAGPORE DIVN.	41 Hazaribagh Mar. 1, '89	Nil	Weather—cloudy occasionally; unusually cool. The recent rain has somewhat improved the prospects of <i>rubbi</i> ; 6 to 8 annas outturn expected. Rice lands are being ploughed. Poppy is being lanced; the crop is very good. Rice is selling at from 15 to 18 seers per rupee
	42 Lohardugga „ 2, '89	Slight rain.	Weather—cloudy. More rain is expected. Land is being prepared for sowing of early paddy. Prices as before.
	43 Singhbhum „ 1, '89	Nil	Weather—hot and dry. Gathering of <i>rubbi</i> crop continues; very little crop left on the ground. Prices stationary.
	44 Manbhum „ 2, '89	...	Weather—stormy, with clouds. The rain of yesterday (1st) will improve the <i>rubbi</i> , and facilitate ploughing and planting out of sugarcane. <i>Mohwa</i> is beginning to fall. Prices stationary.

The results of observations at the Alipore Observatory are not rigorously comparable with the registers of past years (at the Park-street Observatory). The barometer is about 3 feet higher at Alipore, and, other things being equal, reads therefore .003 lower. The diurnal range of temperature is also greater at Alipore, and the mean temperature apparently about 2.1° lower; and finally, the thermometer which furnished the record of temperature at the Surveyor-General's Office during 20 years and upwards is found to read 0.6 higher than the Kew standard thermometer, which is the standard of reference at the present Observatory.

CALCUTTA, the 5th March 1889.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING FRIDAY, THE 1st MARCH 1889.

Weather at the close of the previous week in Bengal was fine, and of the usual character which marks the end of the cold season and the gradually commencement of the hot-weather conditions. Light and rather variable winds, alternating sometimes between north and south, prevailed, but weather was fine and rainless over the whole province. At this time there was, however, a very deep barometric depression lying over the Scind frontier, and on the 23rd, or the first day of the present week, the depression increased decidedly in intensity. On the 24th the very powerful depression had moved to the Punjab, and on the 25th it had either filled up or passed away in an easterly direction across the hills. The weather was during this period very much disturbed over the whole of Northern India, and though the depression was far removed from the province of Bengal, yet on the 25th the disturbed conditions even reached as far as North Behar in a modified form, and rain showers were received in the districts of Durbhunga, Mozufferpore, Champaran, and Sarun. These disturbed conditions, however, rapidly disappeared, and weather again became fine over the whole province, and there were no further changes of importance until quite the close of the week. On February 28th the barometric changes occurring over the province, though small, were decidedly irregular, showing apparently that disturbed conditions were again commencing. On March 1st the irregular barometric changes continued in Bengal and over Central India, and a distinct but shallow barometric depression was formed which stretched from the Central Provinces across to Upper Scind. Here, again, on this day, though the actual depression did not reach Bengal and Behar, a few showers of rain commenced to fall over Behar, but in the majority of cases the amounts were very small. During the week very light winds have generally been reported, and there has at the southern stations been a tendency to the setting in of southerly winds and for several days, particularly during the first half of the week, southerly winds, were reported in South Bengal. With the setting in of southerly winds, temperature and humidity increased rapidly during the first half of the week, though when northerly winds again set in during the second half of the week, temperature and humidity decidedly fell. On the whole, however, there has been a decided increase in temperature during the week throughout the province. It will thus be seen that the week under review has a been one in which the transition conditions between the cold and hot seasons have been strongly marked.

Pressure.—The pressure oscillations during the week have had a decided upward tendency, and though the mean pressure of the province for the previous week had been almost absolutely normal, the average pressure for the present week has been about 0.05 inch in excess of the normal. This excess pressure is also fairly equally distributed over the province.

Temperature.—The principal point to be noted in the temperature changes during the week has been the steady increase which has taken place. Thus the average of the mean daily temperature of the various stations in the province for the week ending March 22nd was 69°, for the present week the average shows 73°; or there has been an average increase in the mean temperature of 4° during the week. For the present week the general average temperature has been slightly in excess of the normal, the mean excess showing about 0.7°.

The following table will show the general range of temperature throughout the province during the week. The table gives the average maximum, minimum and mean temperatures at nine typical stations in the province for the week and their variation from the normal mean of the period:—

Rainfall.—Except for the few showers in Behar alluded to previously, the whole province has been practically rainless throughout the week. Even in Behar the average fall has been less than a tenth of an inch, and hence it is of no practical importance.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the province for the week ending Friday, the 1st of March 1889:—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

MEMORANDUM.

THE birth and death returns of the principal Municipalities in Bengal yielded the following results for the week ending 16th February 1889 :—

1. The ratios per mille of births and deaths for the period above referred to stand at— for births 23 and for deaths 24·8, the records of the preceding week ending 9th February presenting 21·9 and 23·9 respectively; there was thus an improvement in the registration of both births and deaths.

2. In the following Municipalities births and deaths were recorded at the highest rates :—

Births.				Deaths.			
			Ratio per mille.				Ratio per mille.
Narainganj	53·8	Narainganj	53·8
Hughli	45·7	Suburbs of Calcutta	46·3
Puri	44·1	Burdwan	41·2

Monghyr	37·1				
Jessore	36·7				
Kishnaghur	34·1				
Comillah	30·8				
Durbhanga	30·7				

3. In comparison with the results of the preceding week, bowel-complaints alone exhibited noticeable increase of mortality. Small-pox and injury presented no variations, and the fatal results from the other diseases showed only fractional differences, *vide* figures quoted below :—

				Ratio per mille during the weeks ending—	
				16th Feb. 1889.	9th Feb. 1889.
Cholera	3·2	2·8
Small-pox	·2	·2
Fever	8·8	9·5
Bowel-complaints	4·2	2·9
Injury	·5	·5
Other causes	7·9	8·0

4. Of the diseases mentioned in the foregoing table, cholera, fever, bowel complaints and the maladies coming under the head of "Other causes" are reported to have been conspicuously fatal in the following Municipalities :—

Cholera.		Fever.		Bowel-complaints.		Other causes.

NOTIFICATION.

The 8th March 1889.—Baboo Girendra Chandra Banerjee, Deputy Collector, is appointed Deputy Collector of Income-tax in the district of Lohardugga, *vice* Mr. C. F. Manson, transferred, and under section 40 of Act II of 1886, is vested with the powers of a Collector under the Act.

H. J. S. COTTON,
Offy. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 7th March, 1889.—The following draft of rules, proposed to be substituted for Rules 33 and 34 of the rules under the Bengal Tenancy Act, are published for general information in conformity with section 190 of the Act, and it is hereby notified that the draft will be taken into consideration by the Government of Bengal on the 15th April, 1889. Any objection or suggestion which may be made by any person with respect to the draft should be submitted to the Secretary to the Government of Bengal, in the Revenue Department, before that date.

P. NOLAN,
Secretary to the Govt. of Bengal.

33. When the record of rights has been prepared in the manner described in Rules 20 to 32, the Revenue Officer shall cause a draft of the khewat and khatian, or, when more convenient, of each separately, to be published in the following manner :—

Notice shall be posted up at the landlord's village office, if there be one, and if there be none, then, in the presence of not less than two persons, on some conspicuous place in the village, stating that the records will be published in the village at a place and time to be specified not less than one week from the date of such notice, and calling on all persons interested to attend on the date so specified. The Revenue Officer shall either proceed to the place so specified himself, and read the contents of the record in the presence of parties who attend, or he shall depute an officer not below the rank of canoongoe, who shall read out the contents of the record in the presence of so many of the parties as attend, and the Revenue Officer or officer deputed by him, as the case may be, shall at the same time inform the parties who attend that the draft record will be open for inspection in the office of the Revenue Officer for one month. The Revenue Officer shall receive and consider any objection which may be made to any entry during this period.

34. When all applications for settling a fair rent have been disposed of, and all disputes of the nature mentioned in Rule 32 have been decided, and all objections of the nature mentioned in Rule 33 have been considered by the Revenue Officer, he shall note in the khewat and the appropriate columns of the khatian in regard to each entry what entries have been, and what entries have not been, the subject of dispute. He shall then finally frame the record and cause it to be published by notifying that its contents will be read out in the village at a time and place to be specified, not less than a week from the date of such notice, and by reading it out himself or causing it to be read in the village on the date so specified, in the manner prescribed in Rule 33 in the presence of the parties of so many of them as attend.

Bank Westward of Kintang (Silver Island).

THE following information has been received by the British Admiralty (Notice to Mariners No. 38 of 1889) relating to an extensive bank westward of Kintang (Silver island), the result of a survey recently executed by Commander W. U. Moore, H. M. Surveying vessel *Rambler* :—

The north-eastern extreme of this bank, with a depth of 4 fathoms, lies West distant one mile from Taping point, Taping island; thence the edge of the bank, taking 4 fathoms as the limit, trends in a southerly direction for upwards of 3 miles to its south-eastern extreme, from which Taping point bears N. by E. $\frac{1}{2}$ E., distant $3\frac{3}{4}$ miles; a quarter of a mile north-westward of this position the depth is 3 fathoms, and 9 cables from it in the same direction only 2 fathoms; the spit with depths of $1\frac{1}{2}$ to 2 fathoms, thence trending to the north-westward for 3 miles, with a breadth of about half a mile, where it joins the shallow bank hitherto shown on the charts in that direction.

NOTE.—Approaching Yung river from the northward, vessels should keep about half a mile from the projecting points on the western side of Taping and Kintang (Silver island), and not steer for the entrance to Yung river until the whole of Chinhai citadel is open southward of Pas Yew (Pang Yew island) light-house, bearing S. W. $\frac{3}{4}$ W.

(Pang Yew island) light-house are Magnetic. Variation 2° Westerly in 1889.)

CHINA SEA.

FORMOSA—NORTH COAST.

Fixed leading lights established and alteration in position of Bar buoys—Tamsui Harbour.

INFORMATION has been received by the British Admiralty (Notice to Mariners No. 39 of 1889) that on 7th November 1888 two leading lights, to mark the channel over the bar, were exhibited from the northern side of Tamsui harbour, northern coast of Formosa:—

The front light (low) is a *fixed red, white, and green* light; it shows *red* between the bearings of N. 61° E. and N. 86° E., *white*, between N. 86° E., through east, and S. 84° E., and *green*, between S. 84° E. and S. 59° E. It is elevated 33 feet above high water, and in clear weather the *white* light should be visible from a distance of 6 miles.

The illuminating apparatus is dioptric, or by lenses, and of the sixth order.

The light-house, constructed of iron, is painted white, and 45 feet high. It is situated on the northern side of Tamsui harbour, in the position hitherto occupied by a white beacon, which has been withdrawn.

Position, lat. 25° 10' 22" N., long. 121° 25' E.

The rear light (high) is a *fixed white* light, visible through an arc of 59½°, or between the bearings of N. 68½° E., through east, and S. 52° E. It is elevated 142 feet above high water, and in clear weather should be visible from a distance of 10 miles.

The illuminating apparatus is dioptric, or by lenses, and of the sixth order.

The light is shown from a pillar, 35 feet high, painted white, bearing about S. 86° E. distant 7½ cables from the front light-house, and S. 86° E. about 2 cables from the Red fort.

NOTE.—The bar at the entrance to Tamsui harbour is subject to occasional changes, in consequence of froshets; but the above lights kept in line bearing S. 86° E. will indicate the best channel for crossing the bar, when it is in its normal state.

Also, that the following alterations have been made in the positions of the bar buoys, entrance to Tamsui harbour:—

- (1) The southern bar buoy, painted red, has been moved about 2 cables southward; and now lies, in a depth of 26 feet at low water springs, within the red sector of light shown from the front (low) light-house.
 - (2) The northern bar buoy, painted black, has been moved about half a cable northward, and now lies in a depth of 32 feet at low water springs.
- (The bearings are Magnetic, and those affecting lights are given from seaward. Variation 1° Westerly in 1889.)

A. H. WARDE-JONES, for Collector.

NOTICE is hereby given that the undermentioned plots of land no longer required by Government, situated within the boundaries of the abandoned Bazipur Branch of the Tirhoot State Railway, in the district of Durbhunga, from mouza Sahit to mouza Basaria, will be put up to sale at the Dalsing Sarai Railway Station on the 25th March 1889.

The purchasers of the several plots of land will be subject to the following conditions:—
1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the Railway fencing, or plough the land closer than three feet from its foundation.

2nd.—If the amount of purchase money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase money exceeds Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the 16th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

4th.—The balance of purchase money due under the 3rd condition may be paid either to the Collector or in the Government Treasury at Durbhunga for lands situated in the Durbhunga district.

5th.—The plots of land will be sold revenue free to the highest bidders.

6th.—The purchasers shall be put in possession on receipt of the orders of the District Collector approving of the sales, but such possession shall be liable to be disturbed in case the final confirmation of the Board of Revenue should not be accorded to the proceedings.

A. AHMED, for Collector of Burdwan.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate situate in the district of Burdwan, will be put up to sale at the Culna Deputy Collectorate, on Monday, the 25th March 1889, corresponding with the Bengali year 1295, 13th Choitra.

The purchasers will be subject to the following conditions of sale:—

Conditions of sale.

- 1st.—The estate to be sold to the highest bidder above the upset price which will be fixed by the Sub-divisional officer of Culna at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.
- 2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings, and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.
- 3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.
- 4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by the noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

BUNGSHI DHUR RAI, for Collector.

NOTICE is hereby given that the under-mentioned plots of the Nizamut lakhraj State lands, situated in the district of Moorshedabad, will be put to sale at the Collectorate of Moorshedabad on the 28th March 1889, corresponding with 16th Chait 1295 (B.S.)

The purchasers of the plots will be subject to the following conditions:—

I.—The plots will be sold revenue free to the highest bidders above the upset price.

II.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings, and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators.

III.—If the amount of the purchase money do not exceed Rs. 100, the whole amount will be paid down at once.

IV.—If the amount of the purchase money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited by Government) and the estates to be again put up for sale at the risk of the defaulting purchasers after issue of advertisement as in the case of original sale.

V.—The purchasers shall be put in possession on receipt of the orders of the Collector approving of the sales, but such possession shall be liable to be disturbed in case the final confirmation of the Board of Revenue should not be accorded to the proceedings.

Noakhally Collectorate, the 19th February 1889.

G. E. MANISTY, Offg. Collector.

NOTICE is hereby given that the undermentioned plots of Government land appertaining to the old jail compound, situated in mouzah Keranitola, pergunnah Midnapore, in the town of Midnapore, will be separately let out on mourashi mokarari leases at a fixed annual rent of Rs. 2 for each plot by public auction at the Midnapore Collector's Office on Thursday, the 28th March 1889, corresponding with 17th Chaitra 1295 Amla.

The purchasers will be subject to the following conditions of sale.

Conditions of Sale.

- Each plot to be leased to the highest bidder above the upset price, which will be fixed by Collector at the time of sale. The purchaser of each plot will be considered as a mourashi mokararidar of the plot, subject to the payment of Rs. 2 as annual rent.
- The lessee will possess a right of permanent occupation in the land, subject to punctual payment of the above rent, which will not be liable to enhancement.
- The lessee will be entitled to take and enjoy the fruits of the existing trees, or of such trees as may be planted by him in future within his holding. He will also have a right to cut or sell every tree planted and reared by himself or by his predecessors on his holding. The rights declared by the lease to vest in him will devolve on his heirs at his death.
- The lessee, in case he builds, will be required to submit a plan of the house showing the width of the foundation wall and the level of the lowest floor of the house by reference to the level of the nearest public road. He will also give a general description of the building he intends to erect, and of the provisions he intends to make in respect of drainage and latrine accommodation.
- Until and unless the plan and level submitted by the lessee be approved by the Collector, the lessee will not be allowed to build; and if he builds, the Collector will have power to demolish his buildings without being liable to any Court for damage or compensation.
- If the lessee transfer his right in any way or underlet the holding, the transfer shall be made subject to all the conditions of the kabuliyat to be executed by him.
- All future improvements, additions and alterations in the holding will be also subject to the approval of the Collector of the district.
- The buildings constructed will not be used for any other purpose than as dwelling-house.
- The lessee will not excavate any tank or burn any bricks within his holding, and will keep the land free from jungle. If he violates this condition, his lease will be liable to be cancelled, unless he takes due steps to repair the breach of the condition as may be ordered by the Collector.
- If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.
- If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteen day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the holding to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.
- A plan of the different plots is in the Collector's office, and can be inspected by intending purchasers:—

Khoolna Collectorate, the 8th February 1889.

BHUBANESHWAR SINGH, for Collector.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Patna and Gya State Railway, in the district of Gya, will be put up to sale on the 21st March 1889, in the Gya Collectorate.

The purchasers of the several plots of land will be subject to the following conditions:—
1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the Railway fencing, or plough the land closer than three feet from its foundation.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the plot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

4th.—The balance of purchase-money due under the third condition may be paid into the Government Treasury at Gya.

5th.—The plots of land will be sold revenue-free to the highest bidder.

6th.—The plots of land will be put in possession by the order of the District Collector approving of the sales, but such possession shall be liable to be disturbed in case the final confirmation of the Board of Revenue should not be accorded to the proceedings.

Shahabad Collectorate, Arrah, the 2nd March 1889.

FRANKISSEN ROY, for Off. Collector.

NOTICE is hereby given that the lease of the land specified in the schedule hereunto annexed, and of which the plan is open to inspection at the office of the Commissioner of the Sunderbans, has been applied for by Mathura Nath Sen, and will be sold at 12 o'clock noon on Monday, the 1st July 1889 (18th Assar 1296 B. S.) at the Sunderbans Commissioner's Office at Alipore, unless meantime the sale is stopped or postponed in consequence of claims or objections under Act XXIII of 1863 (to provide for the adjudication of claims to waste lands) or owing to any other cause.

2. The lease of the land will be granted subject to the conditions which are specified below, as well as to the general terms annexed to the rules for the sale of leases of waste lands, dated 12th November 1879.

Conditions.

That the lands shall be subject to all existing rights of way and water and other easements.

That the right of using all streams and channels in any way navigable shall be reserved to the public, as also the use of a tow-path not less than 25 feet in width on each side of every such stream and channel.

That no charge will be made for wood and timber standing on the land at the time it is leased, nor for any wood which may be cut and burnt to effect clearances, or which may be used on the land. But for wood and timber exported for sale, a duty may be levied at such rate, and in such manner, as may from time to time be prescribed by Government.

That the Government reserves to itself the right to all minerals in the land, together with such rights of way and reasonable facilities as may be requisite for working, getting, and carrying away such minerals. It also retains its proprietary right in the land, and only confers on the lessee an occupancy right which shall be hereditary and transferable.

J. ELLISON, Deputy Collector, in charge Sundarbans.

Sundarbans Commissioner's office, Camp Perozepur, the 9th March 1889.

Ranigunj Deputy Collector's Office, Burdwan District.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below to the undermentioned land, formerly occupied by the old Post Office bungalow, situated in village Sitarampur, within the jurisdiction of Ranigunj subdivision, district Burdwan, will be put up to auction sale at Ranigunj Subdivisional Office on Tuesday, the 26th of March 1889, at 12 o'clock.

The purchaser will be subject to the following conditions of sale:—

Conditions of Sale.

1. The land is to be sold as revenue-free to the highest bidder above the upset price fixed at the time of sale.
2. If the amount of purchase-money does not exceed Rs. 100, then the whole amount is to be paid at once.
3. If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited by the purchaser being forfeited to Government), and the land is to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.
4. The possession of land is to be given to the purchaser after the confirmation of sale.

Notice.

THE CORPORATION OF THE TOWN OF
CALCUTTA.

IT is hereby notified for general information that the Commissioners of the Town of Calcutta, under the power vested in them under section 3, Act XX of 1887, of the Governor-General of India in Council, propose, some time after the 10th proximo, to take into consideration the following draft rules for the protection of wild birds, to take effect from 1st May 1889:—

Rules.

"Wild bird," for the purpose of these rules, shall include jungle fowl, peafowl, pheasants, partridges, quail, snipe and plover.

The Local Government having, by notification dated 28th February 1889, declared that the provisions of section 3, Act XX of 1887, shall apply to hares and deer, the following rules will apply to those animals also as well as to wild birds:—

The "breeding season," for the purposes of these rules, shall extend from the 1st May to the 30th September.

Whoever, during the breeding season, brings into the town of Calcutta any wild bird, deer or hare recently killed or taken, shall be liable to a fine not exceeding Rs. 5 for each bird or animal.

Whoever, during the breeding season, imports into the town the plumage of any kind of wild bird recently killed or taken, or the fur or skin of any hare or deer recently killed or taken, shall be liable to a fine not exceeding Rs. 5 for each bird or animal.

In the case of a second conviction the fine may extend to Rs. 10 for each bird or animal.

The Indian Law Reports,

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1889 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the Reports from 1876:—

PART V.

Acts of the Governor General's Council assented to by the Governor General.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Governor General of India in Council received the assent of His Excellency the Governor General on the 8th March, 1889, and is hereby promulgated for general information:—

ACT NO. VI OF 1889.

An Act to amend the Indian Succession Act, 1865, the Probate and Administration Act, 1881, the Court-fees Act, 1870, and the Indian Stamp Act, 1879, and to make provision with respect to certain other matters.

WHEREAS it is expedient to amend the Indian Succession Act, 1865, the Probate and Administration Act, 1881, the Court-fees Act, 1870, and the Indian Stamp Act, 1879, and to make provision with respect to certain other matters; It is hereby enacted as follows:—

1. (1) This Act may be called the Probate Title, extent and Administration Act, 1889.

(2) It applies to the whole of British India (inclusive of Upper Burma except the Shan States); and

(3) It shall come into force at once.

Indian Succession Act, 1865.

2. After the 4th clause of the explanation to section 234 of the Indian Succession Act, 1865, the following shall be added, namely:—

"5th, that the person to whom the grant was made has wilfully and without reasonable cause omitted to exhibit an inventory or account in accordance with the provisions of Part XXXIV of this Act or has exhibited under that Part an inventory or account which is untrue in a material respect."

3. In section 244 of the same Act, for the Amendment of sec. words "and test the petitioner is the executor there- in named" the following shall be substituted, namely:—

"the amount of assets which are likely to come to the petitioner's hands, and

"that the petitioner is the executor named in the will;"

4. For the last forty-two words of section 254 of the same Act the Amendment of sec. following shall be substituted, namely:—

"he having undertaken to administer the same, and to make a full and true inventory of the said property and credits and exhibit the same in this Court within six months from the date of this grant or within such further time as the Court may from time to time appoint, and also to render to this Court a true account of the said property and credits within one year from the same date or within such further time as the Court may from time to time appoint."

5. For the last forty-five words of section 255 of the same Act the following shall be substituted, namely:—

"he having undertaken to administer the same, and to make a full and true inventory of the said property and credits and exhibit the same in this Court within six months from the date of this grant or within such further time as the Court may from time to time appoint, and also to render to this Court a true account of the said property and credits within one year from the same date or with such further time as the Court may from time to time appoint."

6. In section 256 of the same Act, for the Amendment of sec. words "Every person to whom any grant of administration shall be committed" the words "Every person to whom any grant of letters of administration is committed" shall be substituted.

7. For section 277 of the same Act the following shall be substituted, namely:—
 Substitution of new section for section 277, Act X, 1865.

"277. (1) An executor or administrator shall, within six months from the grant of probate or letters of administration, or within such further time as the Court which granted the probate or letters may from time to time appoint, exhibit in that Court an inventory containing a full and true estimate of all the property in possession, and all the credits, and also all the debts owing by any person to which the executor or administrator is entitled in that character, and shall in like manner, within one year from the grant or within such further time as the said Court may from time to time appoint, exhibit an account of the estate, showing the assets which have come to his hands and the manner in which they have been applied or disposed of.

"(2) The High Court may from time to time prescribe the form in which an inventory or account under this section is to be exhibited.

"(3) If an executor or administrator, on being required by the Court to exhibit an inventory or account under this section, intentionally omits to comply with the requisition, he shall be deemed to have committed an offence under section 176 of the Indian Penal Code.

XLV of 1860.

"(4) The exhibition of an intentionally false inventory or account under this section shall be deemed to be an offence under section 193 of that Code."

8. In section 277A of the same Act, for the words "it is sought to obtain a grant" the words "a grant has been made", and for the words and figures "the person applying for administration after the first day of April, 1875," the word "administrator", shall be substituted.

9. (1) In section 283 of the same Act, for the words "the country in which he was domiciled" the words "British India" shall be substituted.

(2) The illustration to the same section is hereby repealed.

10. To the same Act the following shall be added, namely:—
 Addition to Act X, 1865.

"333. (1) When a grant of probate or letters of administration is revoked or annulled under this Act, the person to whom the grant was made shall forthwith deliver up the probate or letters to the Court which made the grant.

"(2) If such person wilfully and without reasonable cause omits so to deliver up the probate or letters, he shall be punished with fine which may extend to one thousand rupees, or with imprisonment of either description for a term which may extend to three months, or with both."

Probate and Administration Act, 1881.

11. After the 4th clause of the explanation to section 50 of the Probate and Administration Act, 1881, the following shall be added, namely:—
 Amendment of section 50, Act V, 1881.

V of 1881.

"5th, that the person to whom the grant was made has wilfully and without reasonable cause

omitted to exhibit an inventory or account in accordance with the provisions of Chapter VII of this Act, or has exhibited under that Chapter an inventory or account which is untrue in a material respect."

12. For the portion of section 76 of the same Act beginning with the words "he having undertaken to administer the same" and ending with the words "within one year from the same date" the following shall be substituted, namely:—

"he having undertaken to administer the same, and to make a full and true inventory of the said property and credits and exhibit the same in this Court within six months from the date of this grant or within such further time as the Court may from time to time appoint, and also to render to this Court a true account of the said property and credits within one year from the same date or within such further time as the Court may from time to time appoint."

13. For the portion of section 77 of the same Act beginning with the words "he having undertaken to administer the same" and ending with the words "within one year from the same date" the following shall be substituted, namely:—

"he having undertaken to administer the same, and to make a full and true inventory of the said property and credits and exhibit the same in this Court within six months from the date of this grant or within such further time as the Court may from time to time appoint, and also to render to this Court a true account of the said property and credits within one year from the same date or within such further time as the Court may from time to time appoint."

14. For section 90 of the same Act the following shall be substituted, namely:—
 Substitution of new section for section 90, Act V, 1881.

"90. (1) An executor or administrator has, subject to the provisions of this section, power to dispose, as he thinks fit, of all or any of the property for the time being vested in him under section 4.

"(2) The power of an executor to dispose of immoveable property so vested in him is subject to any restriction which may be imposed in this behalf by the will appointing him, unless probate has been granted to him and the Court which granted the probate permits him by an order in writing, notwithstanding the restriction, to dispose of any immoveable property specified in the order in a manner permitted by the order.

"(3) An administrator may not, without the previous permission of the Court by which the letters of administration were granted,—

(a) mortgage, charge or transfer by sale, gift, exchange or otherwise any immoveable property for the time being vested in him under section 4, or

(b) lease any such property for a term exceeding five years.

"(4) A disposal of property by an executor or administrator in contravention of sub-section (2) or sub-section (3), as the case may be, is voidable at the instance of any other person interested in the property.

"(5) Before any probate or letters of administration is or are granted under this Act there shall be endorsed thereon or annexed thereto

a copy of sub-sections (1), (2) and (4), or of sub-sections (1), (3) and (4), as the case may be.

"(6) A probate or letters of administration shall not be rendered invalid by reason of the endorsement or annexure required by the last foregoing sub-section not having been made thereon or attached thereto, nor shall the absence of such an endorsement or annexure authorise an executor or administrator to act otherwise than in accordance with the provisions of this section."

Substitution of new section for section 98, Act V, 1881.

15. For section 98 of the same Act the following shall be substituted, namely:—

"98. (1) An executor or administrator shall, within six months from the grant of probate or letters of administration, or within such further time as the Court which granted the probate or letters may from time to time appoint, exhibit in that Court an inventory containing a full and true estimate of all the property in possession, and all the credits, and also all the debts owing by any person to which the executor or administrator is entitled in that character, and shall in like manner, within one year from the grant or within such further time as the said Court may from time to time appoint, exhibit an account of the estate, showing the assets which have come to his hands and the manner in which they have been applied or disposed of.

"(2) The High Court may from time to time prescribe the form in which an inventory or account under this section is to be exhibited.

"(3) If an executor or administrator, on being required by the Court to exhibit an inventory or account under this section, intentionally omits to comply with the requisition, he shall be deemed to have committed an offence under section 176 of the Indian Penal Code.

"(4) The exhibition of an intentionally false inventory or account under this section shall be deemed to be an offence under section 193 of that Code."

16. In section 99 of the same Act, for the words "it is sought to obtain a grant" the words "a grant has been made", and for the words "the person applying for administration" the word "administrator", shall be substituted.

17. To the same Act the following shall be added, namely:—

"157. (1) When a grant of probate or letters of administration is revoked or annulled under this Act, the person to whom the grant was made shall forthwith deliver up the probate or letters to the Court which made the grant.

"(2) If such person wilfully and without sufficient cause omits so to deliver up the probate or letters, he shall be punished with fine which may extend to one thousand rupees, or with imprisonment which may extend to three months, or with both."

Court-fees Act, 1870, and Indian Stamp Act, 1879.

18. (1) Article 16 (Administration-bond) of the second schedule to the Amendment of Act VII, 1870, and Act I, Court-fees Act, 1870, is hereby repealed.

(2) In article 6 of the second schedule to the Court-fees Act, 1870, for the words "Bail-bond or other instrument of obligation not otherwise provided for by this Act, when given by the direction of any Court or executive authority" the following words shall be substituted, namely:—

"Bail-bond or other instrument of obligation given in pursuance of an order made by a Court or Magistrate under any section of the Code of Criminal Procedure, 1882, or the Code of Civil Procedure."

(3) In article 2 of the first schedule to the Indian Stamp Act, 1879, after the words "Administration-bond" the following shall be added, namely:—

"including a bond given under section 256 of the Indian Succession Act, 1865, section 6 of the Government Savings Banks Act, 1873, section 78 of the Probate and Administration Act, 1881, or section 9 or section 10 of the Succession Certificate Act, 1889.

(4) In article 13 of the first schedule to the Indian Stamp Act, 1879, after the words "not otherwise provided for by this Act" there shall be added the words "or by the Court-fees Act, 1870."

Miscellaneous.

19. Notwithstanding anything in section 90 of the Probate and Administration Act, 1881, a disposal of property by an executor or administrator who was appointed before the commencement of this Act, and to whom the provisions of that section were applicable, shall not be void by reason only that the consent of the Court to the disposal of the property was not obtained.

20. (1) Any penalty or forfeiture under section 19G or section 19H of the Court-fees Act, 1870, may, on the certificate of the Chief Controlling Revenue-authority, be recovered from the executor or administrator as if it were an arrear of land-revenue by any Collector in any part of British India.

(2) The Chief Controlling Revenue-authority may remit the whole or any part of any such penalty or forfeiture, or any part of any further penalty payable under section 19E of the said Act.

21. The following portion of section 7, clause (3), of the Act of the Lieutenant-Governor of Bengal in Council No. VII of 1880, entitled the Public Lands Recovery Act, 1880, namely:—

"or in the following sections and portions of the following Act passed by the Governor General in Council, that is to say, in Act VII of 1870, 'the Court-fees Act,' sections 19G, 19H," is hereby repealed.

THE SECOND SCHEDULE.—FORMS OF CERTIFICATE AND EXTENDED CERTIFICATE.

The Succession Certificate Act, 1889.

(Sections 1-5.)

An Act to facilitate the collection of debts on successions and afford protection to parties paying debts to the representatives of deceased persons.

WHEREAS it is expedient to facilitate the collection of debts on successions and afford protection to parties paying debts to the representatives of deceased persons; It is hereby enacted as follows:—

Title, commencement, extent and application.

I. (1) This Act may be called the Succession Certificate Act, 1889.

(2) It shall come into force on the first day of May, 1889; and

(3) It extends to the whole of British India (inclusive of Upper Burma except the Shan States);

(4) But a certificate shall not be granted thereunder with respect to any debt or security to which right can be established by probate or letters of administration under the Indian Succession Act, 1865, or by probate of a will to which the Hindu Wills Act, 1870, applies, or by letters of administration with a copy of such a will annexed.

2. (1) The enactments specified in the first schedule are repealed to the extent mentioned in the third column thereof.

(2) But nothing in this Act shall affect any certificate granted before the commencement of this Act under Act XXVII of 1860 or any enactment repealed by that Act.

(3) Any enactment except this Act and section 152 of the Probate and Administration Act, 1881, or any document, referring to any enactment repealed by this Act shall, so far as may be, be construed to refer to this Act or to the corresponding portion thereof.

3. In this Act, unless there is something repugnant in the subject or context,—

(1) "District Court", subject to the other provisions of this Act and to the provisions of proviso (b) to section 23 of the Punjab Courts Act, 1884, and of any other like enactment for the time being in force, means a Court presided over by a District Judge: and

(2) "security" means—

(a) any promissory note, debenture, stock or other security of the Government of India;

(b) any bond, debenture or annuity charged by the Imperial Parliament on the revenues of India;

(c) any stock or debenture of, or share in, a company or other incorporated institution;

(d) any debenture or other security for money issued by, or on behalf of, a local authority;

(e) any other security which the Governor General in Council may, by notification in the Gazette of India, declare to be a security for the purposes of this Act.

Proof of representative title a condition precedent to recovery through the Courts of debts from debtors of deceased persons.

4. (1) No Court shall—

(a) pass a decree against a debtor of a deceased person for payment of his debt to a person claiming to be entitled to the effects of the deceased person or to any part thereof, or

(b) proceed upon an application of a person claiming to be so entitled, to execute against such a debtor a decree or order for the payment of his debt,

except on the production, by the person so claiming, of—

(i) a probate or letters of administration evidencing the grant to him of administration to the estate of the deceased, or

(ii) a certificate granted under section 36 or section 37 of the Administrator General's Act, 1874, and having the debt mentioned therein, or

(iii) a certificate granted under this Act and having the debt specified therein, or

(iv) a certificate granted under Act XXVII of 1860 or an enactment repealed by that Act, or

(v) a certificate granted under the Regulation of the Bombay Code No. VIII of 1827 and, if granted after the commencement of this Act, having the debt specified therein.

(2) The word "debt" in sub-section (1) includes any debt except rent, revenue or profits payable in respect of land used for agricultural purposes.

5. The District Court within the jurisdiction of which the deceased ordinarily resided at the time of his death, or if at that time he had no fixed place of residence then within the jurisdiction of which any part of the property of the deceased may be found, may grant a certificate under this Act.

The Succession Certificate Act, 1889.

(Sections 6-11.)

6. (1) Application for such a certificate must be made to the District Court by a petition signed and verified by or on behalf of the applicant in the manner prescribed by the Code of Civil Procedure for the signing and verification of a plaint by or on behalf of a plaintiff, and setting forth the following particulars, namely:—

- (a) the time of the death of the deceased;
- (b) the ordinary residence of the deceased at the time of his death and, if such residence was not within the local limits of the jurisdiction of the Court to which the application is made, then the property of the deceased within those limits;
- (c) the family or other near relatives of the deceased and their respective residences;
- (d) the right in which the petitioner claims;
- (e) the absence of any impediment under section 1, sub-section (4), or under any other provision of this Act or any other enactment, to the grant of the certificate or to the validity thereof if it were granted; and
- (f) the debts and securities in respect of which the certificate is applied for.

(2) If the petition contains any averment which the person verifying it knows or believes to be false, or does not believe to be true, that person shall be subject to punishment according to the provisions of the law for the time being in force for the punishment of giving or fabricating false evidence.

7. (1) If the District Court is satisfied that there is ground for entertaining the application, it shall fix a day for the hearing thereof and cause notice of the application and of the day fixed for the hearing—

- (a) to be served on any person to whom, in the opinion of the Court, special notice of the application should be given, and
- (b) to be posted on some conspicuous part of the court-house and published in such other manner, if any, as the Court, subject to any rules made by the High Court in this behalf, thinks fit,

and upon the day fixed, or as soon thereafter as may be practicable, shall proceed to decide in a summary manner the right to the certificate.

(2) When the Court decides the right thereto to belong to the applicant, it shall make an order for the grant of the certificate to him.

(3) If the Court cannot decide the right to the certificate without determining questions of law or fact which seem to it to be too intricate and difficult for determination in a summary proceeding, it may nevertheless grant a certificate to the applicant if he appears to be the person having *prima facie* the best title thereto.

(4) When there are more applicants than one for a certificate and it appears to the Court that more than one of such applicants are in-

terested in the estate of the deceased, the Court may, in deciding to whom the certificate is to be granted, have regard to the extent of interest, and the fitness in other respects, of the applicants.

8. When the District Court grants a certificate, it shall therein specify the debts and securities set forth in the application for the certificate and may thereby empower the person to whom the certificate is granted—

- (a) to receive interest or dividends on, or
 - (b) to negotiate or transfer, or
 - (c) both to receive interest or dividends on, and to negotiate or transfer,
- the securities or any of them.

9. (1) The District Court shall in any case in which it proposes to proceed under section 7, sub-section (3) or sub-section (4), and may in any other case, require, as a condition precedent to the granting of a certificate, that the person to whom it proposes to make the grant shall give to the Judge of the Court, to enure for the benefit of the Judge for the time being, a bond with one or more surety or sureties, or other sufficient security, for rendering an account of debts and securities received by him and for indemnity of persons who may be entitled to the whole or any part of those debts and securities.

(2) The Court may, on application made by petition and on cause shown to its satisfaction, and upon such terms as to security, or providing that the money received be paid into Court, or otherwise as the Court thinks fit, assign the bond or other security to some proper person, and that person shall thereupon be entitled to sue thereon in his own name as if it had been originally given to him instead of to the Judge of the Court, and to recover, as trustee for all persons interested, such amount as may be recoverable thereunder.

10. (1) A District Court may from time to time, on the application of the holder of a certificate under this Act, extend the certificate to any debt or security not originally specified therein, and every such extension shall have the same effect as if the debt or security to which the certificate is extended had been originally specified therein.

(2) Upon the extension of a certificate, powers with respect to the receiving of interest or dividends on, or the negotiation or transfer of, any security to which the certificate has been extended may be conferred, and a bond or further bond or other security for the purposes mentioned in the last foregoing section may be required, in the same manner as upon the original grant of a certificate.

11. Certificates shall be granted and extensions of certificates shall be made, as nearly as circumstances admit, in the forms set forth in the second schedule.

The Succession Certificate Act, 1889.

(Sections 12-14.)

12. Where a District Court has not conferred on the holder of a certificate any power with respect to a security specified in the certificate, or has only empowered him to receive interest or dividends on, or to negotiate or transfer, the security, the Court may, on application made by petition and on cause shown to its satisfaction, amend the certificate by conferring any of the powers mentioned in section 8, or by substituting any one for any other of those powers.

13. (1) For articles 11 and 12 of the first schedule to the Court-fees Act, 1870, the following shall be substituted, namely:—

VII of 1870.

Amendment of Act VII, 1870.

Number.		Proper fee.
"11. Probate of will or letters of administration with or without will annexed.	If the amount or value of the property in respect of which the grant of probate or letters is made exceeds one thousand rupees.	Two per centum on such amount or value: provided that when, after the grant of a certificate under the Succession Certificate Act, 1889, or any enactment repealed by that Act, or under the Regulation of the Bombay Code No. VIII of 1827, in respect of any property included in an estate, a grant of probate or letters of administration is made in respect of the same estate, the fee payable in respect of the latter grant shall be reduced by the amount of the fee paid in respect of the former grant.
"12. Certificate under the Succession Certificate Act, 1889.	In any case.	Two per centum on the amount or value of any debt or security specified in the certificate under section 8 of the Act, and three per centum on the amount or value of any debt or security to which the certificate is extended under section 10 of the Act.
NOTE.—(1) The amount of a debt is its amount, including interest, on the

"(2) In the Court-fees Act, 1870, section 19, clause viii, for the words and figures "and certificate mentioned in the First Schedule to this Act annexed, No. 12," the words and figures "and, save as regards debts and securities, a certificate under Bombay Regulation VIII of 1827" shall be substituted.	VII of 1870.
14. (1) Every application for a certificate or for the extension of a certificate must be accompanied by a deposit of a sum equal to the fee payable under the first schedule to the Court-fees Act, 1870, in respect of the certificate or extension applied for.	VII of 1870.

*The Succession Certificate Act, 1889.**(Sections 15-23.)*

(2) If the application is allowed, the sum deposited by the applicant shall be expended, under the direction of the Court, in the purchase of the stamp to be used for denoting the fee payable as aforesaid.

(3) Any sum received under sub-section (1) and not expended under sub-section (2) shall be refunded to the person who deposited it.

15. A certificate under this Act shall have Local extent of certificate. effect throughout the whole of British India.

16. Subject to the provisions of this Act, the certificate of the District Court shall, with respect Effect of certificate. to the debts and securities specified therein, be conclusive as against the persons owing such debts or liable on such securities, and shall, notwithstanding any contravention of section 1, sub-section (4), or other defect, afford full indemnity to all such persons as regards all payments made, or dealings had, in good faith in respect of such debts or securities to or with the person to whom the certificate was granted.

17. Where a certificate in the form, as nearly Effect of certificate granted or extended by British representative in Foreign State. as circumstances admit, of the second schedule has been granted to a resident within a Foreign State by the British representative accredited to the State, or where a certificate so granted has been extended in such form by such representative, the certificate shall, when stamped in accordance with the provisions of the Court-fees Act, 1870, with respect to certificates under this Act, have the same effect in British India as a certificate granted or extended under this Act.

18. A certificate granted under this Act may Revocation of certificate. be revoked for any of the following causes, namely:—

- (a) that the proceedings to obtain the certificate were defective in substance;
- (b) that the certificate was obtained fraudulently by the making of a false suggestion, or by the concealment from the Court of something material to the case;
- (c) that the certificate was obtained by means of an untrue allegation of a fact essential in point of law to justify the grant thereof, though such allegation was made in ignorance or inadvertently;
- (d) that the certificate has become useless and inoperative through circumstances;
- (e) that a decree or order made by a competent Court in a suit or other proceeding with respect to effects comprising debts or securities specified in the certificate renders it proper that the certificate should be revoked.

19. (1) Subject to the other provisions of this Act, an appeal shall Appeal. lie to the High Court from an order of a District Court granting, refusing or revoking a certificate under this Act, and the High Court may, if it thinks fit, by its order on the appeal, declare the person to whom the

certificate should be granted and direct the District Court, on application being made, therefor, to grant it accordingly, in supersession of the certificate, if any, already granted.

(2) An appeal under sub-section (1) must be preferred within the time allowed for an appeal under the Code of Civil Procedure.

(3) Subject to the provisions of sub-section (1) and of Chapters XLVI and XLVII of the Code of Civil Procedure as applied by section 647 of that Code, an order of a District Court under this Act shall be final. XIV of 1882.

20. Save as provided by this Act, a certificate granted thereunder in respect of any of the effects of a deceased person shall be invalid if there has been a previous grant of such a certificate or of probate or letters of administration in respect of the estate of the deceased person and if such previous grant is in force.

21. (1) A grant of probate or letters of administration under the Probate and Administration Act, 1881, in respect of an estate shall be deemed to supersede any certificate previously granted under this Act in respect of any debts or securities included in the estate. V of 1881.

(2) When at the time of the grant of the probate or letters any suit or other proceeding instituted by the holder of the certificate regarding any such debt or security is pending, the person to whom the grant is made shall, on applying to the Court in which the suit or proceeding is pending, be entitled to take the place of the holder of the certificate in the suit or proceeding.

22. Where a certificate under this Act has been superseded or is invalid by reason of the certificate having been revoked under section 18, or by reason of the grant of a certificate to a person named in an appellate order under section 19, or by reason of a certificate having been previously granted, or by reason of a grant of probate or letters of administration, or for any other cause, all payments made, or dealings had, as regards debts and securities specified in the superseded or invalid certificate, to or with the holder of that certificate in ignorance of its supersession or invalidity, shall be held good against claims under any other certificate or under the probate or letters of administration.

23. (1) Where a certificate is granted under this Act or Act XXVII of 1880, or a grant of probate or letters of administration has been made, a curator appointed under Act XIX of 1841 shall not exercise any authority lawfully belonging to the holder of the certificate or to the executor or administrator:

(2) But persons who have paid debts or rents to a curator authorised by a Court to

The Succession Certificate Act, 1889.

(Sections 24-28.)

receive them shall be indemnified, and the curator shall be responsible for the payment thereof to the person who has obtained the certificate, probate or letters of administration, as the case may be.

24. Any probate or letters of administration granted before the first day of April, 1881, by any Supreme or High Court of Judicature, or by the Court of a Recorder in Burma, in any case in which the deceased person was not a British subject within the meaning of that expression as used in the charters of the Supreme Courts of Judicature, and in which any assets belonging to him were at the time of his death within the local limits of the jurisdiction of the Court shall, for the purpose of the recovery of debts, the protection of persons paying debts, and the negotiation or transfer of securities included in the estate of the deceased, be deemed to have and to have had the effect which a grant of probate or letters of administration has under the Indian Succession Act, 1855:

Provided that nothing in this section shall be construed to validate any disposal of property by an executor or administrator which has before the commencement of this Act been declared by any competent Court to be invalid.

25. No decision under this Act upon any question of right between any parties shall be held to bar the trial of the same question in any suit or in any other proceeding between the same parties, and nothing in this Act shall be construed to affect the liability of any person who may receive the whole or any part of any debt or security, or any interest or dividend on any security, to account therefor to the person lawfully entitled thereto.

26. (1) The Local Government may, by notification in the official Gazette, invest any Court inferior in grade to a District Court with the functions of a District Court under this Act, and may cancel or vary any such notification.

(2) Any inferior Court so invested shall, within the local limits of its jurisdiction, have concurrent jurisdiction with the District Court in the exercise of all the powers conferred by this Act upon the District Court, and the provisions of this Act relating to the District Court shall apply to such an inferior Court as if it were a District Court:

Provided that an appeal from any such order of an inferior Court as is mentioned in sub-section (1) of section 19 shall lie to the District Court, and not to the High Court, and that the

District Court may, if it thinks fit, by its order on the appeal, make any such declaration and direction as that sub-section authorises the High Court to make by its order on an appeal from an order of a District Court.

(3) An order of a District Court on an appeal from an order of an inferior Court under the last foregoing sub-section shall, subject to the provisions of Chapters XLVI and XLVII of the Code of Civil Procedure as applied by section 647 of that Code, be final. XIV of 1

(4) The District Court may withdraw any proceedings under this Act from an inferior Court and may either itself dispose of them or transfer them to another such Court established within the local limits of the jurisdiction of the District Court and having authority to dispose of the proceedings.

(5) A notification under sub-section (1) may specify any inferior Court specially or any class of such Courts in any local area.

(6) Any Civil Court which for any of the purposes of any enactment is subordinate to, or subject to the control of, a District Court shall for the purposes of this section be deemed to be a Court inferior in grade to a District Court.

27. (1) When a certificate under this Act has been superseded or is surrendered and invalid certificates. invalid from any of the causes mentioned in section 22, the holder thereof shall, on the requisition of the Court which granted it, deliver it up to that Court.

(2) If he wilfully and without reasonable cause omits so to deliver it up, he shall be punished with fine which may extend to one thousand rupees, or with imprisonment for a term which may extend to three months, or with both.

28. Notwithstanding anything in the Regulation of the Bombay Code No. VIII of 1827, the provisions of section 3, section 6, sub-section (1), clause (f), and sections 8, 9, 10, 11, 12, 14, 16, 18, 19, 25, 26 and 27 of this Act with respect to certificates under this Act and applications therefor, and of section 98 of the Probate and Administration Act, 1881, with respect to the exhibition of inventories and accounts by executors and administrators, shall, so far as they can be made applicable, apply, respectively, to certificates granted under that Regulation, and applications made for certificates thereunder, after the commencement of this Act, and to the exhibition of inventories and accounts by the holders of such certificates so granted. P. NOLAN,
Secy. to the Govt. of Bengal.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE MONTH OF FEBRUARY 1889.

THE normal meteorological conditions obtaining in Bengal during February are to a considerable extent similar to those of January; but during February, and particularly towards its close, the transition period between the cold and hot season commences to make itself felt. One of the most important features of February is undoubtedly the rather rapid increase of temperature which commences in this month and which continues during the following two or three months. This increase is due to the rapidly increasing elevation of the sun, and this heating effect is much more pronounced over the land area than over the sea, so that the dry northerly winds at the southern stations commence to be replaced by moist southerly winds blowing from the sea. The normal conditions in February are therefore comparatively simple. Winds continue generally northerly and north-westerly, except at the southern stations. The sky is clear, and unless conditions are changed by the occurrence of storms, no rain falls. Pressure remains high, while temperature steadily rises, though the night temperatures usually remain fairly low. Humidity also continues low over the greater part of the province except at the southern stations, where the southerly winds set in when rapid and large changes in humidity occur. These normal conditions are, however, liable to be disturbed by the formation or advance of barometric depressions or storms over Northern and Central India which drift eastwards and southwards, giving heavily-clouded skies, a moist atmosphere and rain to Bengal and Behar, the rainfall during such storms being generally fairly well distributed. Occasionally also by the interaction of the moist sea winds with the dry land breezes, local storms, called nor'-westers, are produced which give rainfall, which is only local and very irregularly distributed. Such storms are, however, generally confined to the close of the month, and when they do occur, they are sometimes rather violent and attended with more or less severe hailstorms.

The whole of the rainfall in February is therefore brought about by these abnormal conditions, and it is generally small in amount and somewhat irregularly distributed, though usually larger than in January. The normal fall averages from about an inch in East and South-West Bengal and Orissa, and rather more than half an inch in North Bengal and Chutia Nagpur, to about four-tenths of an inch in Behar.

Meteorology of the month.—The important features of the meteorology of February 1889 in Bengal have been—

1. Pressure has been everywhere in excess, varying at the different stations from .01 inch to .06 inch, and giving a mean excess above the normal of over .03 inch. The largest excess was in South-East Bengal.

2. Temperature has varied largely during the month, and the mean is about 1° in excess in all districts.

3. Humidity has been high, but cloud proportion has been below the average everywhere except in Behar, where the weather was most unsettled during the passage of two depressions.

4. Two important depressions passed over Bengal during the second and third weeks of February, and towards the end of the month weather became unsettled in consequence of a depression which existed in Sind and Rajputana, but which did not pass over Bengal.

5. Considerable quantities of rain fell generally over the province about the 12th and again between the 17th and 20th. Behar, where the heaviest falls occurred during these two periods of unsettled weather, also received slight showers on the 25th.

A barometric depression which was passing rapidly over Bengal at the end of January continued to affect the weather in East Bengal during the first day or two of February. Decidedly cool weather then set in over the whole province, and a steady northerly and north-westerly current continued till the 7th, when a slight depression over Bengal caused southerly winds in the southern districts of the province. Otherwise the weather was not altered by this depression. It quickly filled up, and weather again became normal till the arrival of a low-pressure area, which drifted eastwards from Central India about the 11th. Rain fell in Behar on the 11th, and became general over the province on the 12th, usually accompanying local thunderstorms. The depression moved rapidly over Bengal, and on the 12th it was over East Bengal, while on the following day it had entirely disappeared. Temperature during these days was very high, and the mean for the whole province was about $4\frac{1}{2}^{\circ}$ in excess of the normal. A rapid fall followed, and weather became of the usual north-east monsoon character till the second important depression of the month caused a series of disturbances, beginning in Behar on the 17th and continuing for three or four days in almost all districts, and until the 21st in East Bengal. From the 18th till the 20th thunderstorms were frequent. The depression was, however, becoming more shallow and diffused as it approached Bengal, hence, though it extended over the whole province, the total fall of pressure was nowhere large. Though it began a little earlier in Behar, conditions in the different districts were almost identical during the three days 18th to 20th. After that the weather became fine, though winds were light and irregular in the southern districts, tending to southerly with decidedly rising temperature till the end of the month. The only exception to the continued fine weather during the last week in the month was in North Bengal and Behar, where the weather was affected by the depression in Northern India, causing a few showers on the 25th instant.

Pressure.—The mean pressure for the month has been everywhere in excess, the amount at the different stations varying from .01 inch to .06 inch. The pressure was in largest excess in the early part of the month, while during the latter half it was nearly normal, though affected by irregular oscillations. During the first week the excess was everywhere nearly .05 inch, and in the following week at several places it amounted to nearly .1 inch, while it was everywhere greater than .05 inch. The mean for the second week therefore was high, though a depression was over the province during two days of the week. The fall which took place between the 7th and 20th reduced the excess and at the end of the third week pressure was very nearly normal, and remained so till the end of the month though with an upward tendency. The important pressure changes were the falls which gave the three low-pressure areas about the 8th, 12th and 20th. The two first lasted for about two days, and the last for five days; otherwise the pressure has generally been increasing during the month.

In Assam the mean pressure for the month has been in excess of the normal by 0.03 inch.

Temperature.—Rapid changes of temperature have been frequent, especially in the early part of the month. There was a rapid fall at the beginning which caused a considerable defect over the whole province. Temperature generally increased during the second week, but on the 13th there was a very rapid fall amounting in some cases to 7°. The changes during the third week were very similar to those of the second, generally rising, with one rapid fall about the 20th. During the fourth week there was a steady rise. There was, therefore, a general defect at the beginning of the month, amounting to more than two degrees, but during the rest of the month the average temperature was in excess. The mean for the whole month was about 1° in excess in Orissa, North Bengal, Behar, and Assam. In the other districts the excess was considerably less, and only amounted to a tenth of a degree in South-West Bengal. For the whole of the province of Bengal, therefore, the mean temperature has been in excess of the normal by between half and one degree. In Assam the temperature has shown a mean excess of 1.3°.

The following table shows generally the variation of the mean temperature from the normal, week by week, at nine typical stations in the province:—

Rainfall.—Rain fell, in connection with two important depressions during the month, in considerable quantity on the 11th and 12th, and again from the 17th to 20th. On the third occasion, about the 25th, a few unimportant showers fell in Behar and North Bengal. The quantity which has fallen and the number of rainy days have both been above the average in all districts except East Bengal. In Behar the total fall has been about 1.2 inches, very nearly three times the normal fall for February. South-West Bengal and South Behar have each received 1.28 inches. Orissa and North Behar 1.1 inch, and the other districts nearly 1 inch. The falls in South-West Bengal, Chutia Nagpur and Orissa have been distinctly, though not largely, in excess of the normal, though in North Bengal the fall has been nearly double the normal amount; and, as stated previously, the fall in East Bengal has been slightly in defect of the normal. Comparing the actual falls with the normal, and expressing them as a percentage of that amount, South Behar has received 291 per cent., North Behar 260 per cent., North Bengal 170 per cent., South-West Bengal and Chutia Nagpur 123 per cent., Orissa 120 per cent., and East Bengal 81 per cent.; or considering that each of these districts has an equal value in the calculation, the rainfall in the whole province in February may be said to have equalled 167 per cent. of the normal.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the province for the month of February 1889 :—

The total fall from 1st January to 9th March 1889 2.90
The average fall of the corresponding period for 24 years, S. G.'s Office ... 2.18

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph and from observations made at 6h. 10h. 16h. and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newmen's No 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

Δ dew, ≡ fog.

CALCUTTA, the 12th March 1889.

SUMMARY OF THE RAINFALL AND METEOROLOGICAL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING FRIDAY, THE 8TH MARCH 1889.

At the close of the previous week weather conditions had become slightly disturbed, particularly in the western districts of the province, by the formation of a shallow area of comparatively low pressure which stretched from Upper Sind into the Central Provinces. On the morning of the 2nd, though pressure was actually very high over the whole of the province, yet pressure was in comparative defect over Chutia Nagpur and the adjacent districts of the Central Provinces and North-West Provinces, thus showing that the depression was moving in an easterly direction over Bengal. This slight disturbance was, however, quite sufficient to give a series of thunderstorms with rain, and on the 2nd rain was reported from almost all stations in South-West Bengal, East Bengal, South Behar and Chutia Nagpur; while a few showers were received in North Behar and North Bengal—Orissa remaining almost rainless. On the morning of the 3rd the depression which on the 2nd was passing into Bengal had apparently quite filled up, for pressure had risen generally, and in some cases rather rapidly, but still a few showers were reported on this day, principally in South-West Bengal and Chutia Nagpur. This depression, though comparatively feeble, as judged by the barometric movements and by the strength of the wind at the stations in the plains, was apparently of considerable intensity in the higher elevations of the atmosphere, for at Darjiling from the 2nd to the 3rd a gale of wind was reported to be blowing. With the disappearance of the depression pressure became very high over the whole of the province and rather largely above the normal, the excess generally ranging between one and two-tenths of an inch, and this high pressure was maintained up to the 5th. Fine weather succeeded the disturbance, and rainfall quite ceased, while skies commenced to clear rapidly. Temperature was during the existence of the depression rather high and above the normal, but with the disappearance of the disturbed conditions and with the effects of the rainfall, it became decidedly below the normal, and on the 5th the defects in the mean temperature ranged up to about 5°. On the 6th, however, pressure commenced to decrease, and the fall continued almost to the close of the week; while, on the other hand, temperature in Bengal remained fairly low until the 7th, when from the 7th to the 8th with the setting in of southerly winds, temperature commenced to rise rather rapidly. At the close of the week, therefore, the weather conditions were again settled, but they were those which usually occur at the transition period between the close of the cold and the commencement of the hot season.

Pressure—Has for the greater part of the week been rather largely above the normal, and even when the small disturbance was passing into the province, pressure remained decidedly high. For the whole week the mean pressure of the province has been 0.124 inch in excess of the normal, and this excess has been very equally distributed; the smallest excess at any of the stations which have been established sufficiently long to give reliable averages being 0.1 inch at Chittagong, while the largest excess is 0.14 inch at Cuttack.

Temperature.—The temperature changes during the week have already been alluded to, and the mean temperature during this period of rather large oscillations has not been very far removed from the normal; the mean of the whole province only showing a defect of 0.6°.

The general distribution of temperature for the week and its variation from the normal are shown in the table below, where the mean temperature data for nine typical stations are given:—

Rainfall—As previously stated, has been absent in Orissa, and practically absent in North Bengal and North Behar. In East Bengal the falls have been small, and have only averaged 0.14 inch; in South Behar an average fall of 0.23 inch is reported; and in Chutia Nagpur one of 0.30 inch. The largest falls have occurred in South-West Bengal, where they average 0.38 inch. Except in the case of South-West Bengal, North Behar and Chutia Nagpur, where the falls have been very slightly in excess of the normal, the rainfall has generally been decidedly deficient.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the province for the week ending Friday, the 8th of March 1889:—

MEMORANDUM.

THE chief features in the vital statistics of the principal Municipalities in Bengal for the week ending 23rd February 1889, deduced from the table annexed to this memorandum, are as follows :—

1. During the week in question births and deaths were registered in the proportions respectively of 22·4 and 25·8 per 1,000 of population, against 23 and 24·8 per 1,000 respectively during the preceding week ending 16th February, indicating an improvement in the registration of deaths.

2. The following Municipalities returned the highest proportions of births and deaths :—

Births.				Deaths.			
			Ratio per mille.				Ratio per mille.
Durbhanga	40·1	Suburbs of Calcutta	46·1
Rampore Beaulah	39·4	Utterpara	37·7
Utterpara	37·7	Howrah	36·1
Hughli	37·6	Bali	35·1
Serampore	37·3	Durbhanga	33·0
Comillah	34·7	Kishnaghur	30·3
Kishnaghur	32·2				
Monghyr	31·6				

3. As compared with the results of the preceding week, there was a noticeable increase of mortality from fever and a sensible diminution in the number of deaths from the maladies coming under the head "Other causes." The death-rates from the other diseases, excepting small-pox, exhibited only fractional variations, *vide* subjoined figures :—

Ratio per mille during the weeks ending					
				23rd Feb. 1889.	16th Feb. 1889.
Cholera	8·4	3·2
Small-pox	·2	·2
Fever	10·9	8·8
Bowel-complaints	4·1	4·2
Injury	·2	·5
Other causes	6·9	7·9

4. The greatest suffering from Cholera, Fever and "Other causes" occurred in the following Municipalities. The other diseases denominated in the above table exhibited no special local severity :—

Cholera.			Fever.			Other causes.		
		Ratio per mille.			Ratio per mille.			Ratio per mille.
Howrah	...	17·2	Rampore Beaulah	...	26·3	Serampore	...	13·7

General remarks on the fluctuation of principal staples carried over the East Indian Railway during three weeks and five days ended 26th January 1889.

INCREASES.

Coal and coke.—There was an increase in both upwards and downwards coal and coke traffic; that in the former is due to demands for Foreign Railways, and the latter to despatches to Howrah.

Gunny.—This increase was due to up-country demands.

Government stores.—This increase is principally in despatches from *via* Ghaziabad, from Chunar, and from Allahabad Fort.

Opium.—Despatches in December were held over owing to unsettled weather. The deficiency was partly made up during January.

Stone.—The increase was principally from Mirzapur and neighbouring stations to Sahebgunge and Calcutta.

DECREASES.

Cotton.—The decrease was at Cawnpore and Agra, and was due to failure of crops in the Cawnpore district and to Bombay competition.

Piece-goods, European.—This is attributable to the large despatches made during December, causing the markets to be overstocked.

Wheat.—Due to the absence of demand for export and to short supplies.

Gram and pulses.—

Other rain and spring crops.—There was an unusual demand up-country last year owing to scarcity.

Rice (husked and unhusked).—There was an increase in weight carried attended with a decrease in earnings; the former was in short distance traffic, and the latter was owing to long lead despatches last year.

Iron.—This is chiefly from Howrah owing to poor demand from Patna, Cawnpore, Agra and Delhi.

Railway material, Foreign.—The decrease was from Howrah owing to the completion of the Indian Midland Railway.

Salt.—Increase in weight carried and decrease in earnings was chiefly at Howrah, from which station despatches over short leads increased, but long distance consignments fell off.

Seeds.—This decrease was chiefly in linseed, and was due to the absence of demand in Calcutta.

Spices.—The decrease was in chillies from Mokameh and Mokameh Ghât, and was due to the crops being both late and poor.

Sugar (refined and unrefined).—The decrease was in despatches from the Oudh and Rohilkhand Railways, and from Gya line stations.

Fruits, other kinds.—The betel-nut traffic fell off after the heavy despatches in December, and there was also a decrease in hurra from Jubbulpore line stations.

Bank Westward of Kintang (Silver Island).

THE following information has been received by the British Admiralty (Notice to Mariners No. 38 of 1889) relating to an extensive bank westward of Kintang (Silver island), the result of a survey recently executed by Commander W. U. Moore, H. M. Surveying vessel *Rambler* :—

The north-eastern extreme of this bank, with a depth of 4 fathoms, lies West distant one mile from Taping point, Taping island; thence the edge of the bank, taking 4 fathoms as the limit, trends in a southerly direction for upwards of 3 miles to its south-eastern extreme, from which Taping point bears N. by E. $\frac{1}{2}$ E., distant $3\frac{3}{4}$ miles; a quarter of a mile north-westward of this position the depth is 3 fathoms, and 9 cables from it in the same direction only 2 fathoms; the spit with depths of $1\frac{1}{2}$ to 2 fathoms, thence trending to the north-westward for 3 miles, with a breadth of about half a mile, where it joins the shallow bank hitherto shown on the charts in that direction.

NOTE.—Approaching Yung river from the northward, vessels should keep about half a mile from the projecting points on the western side of Taping and Kintang (Silver island), and not steer for the entrance to Yung river until the whole of Chinhai citadel is open southward of Pas Yew (Tiger island) light-house, bearing S. W. $\frac{3}{4}$ W.

FORMOSA—NORTH COAST.

Fixed leading lights established and alteration in position of Bar buoys—Tamsui Harbour.

INFORMATION has been received by the British Admiralty (Notice to Mariners No. 39 of 1889) that on 7th November 1888 two leading lights, to mark the channel over the bar, were exhibited from the northern side of Tamsui harbour, northern coast of Formosa :—

The front light (low) is a *fixed red, white, and green* light; it shows *red* between the bearings of N. 61° E. and N. 86° E., *white*, between N. 86° E., through east, and S. 84° E., and *green*, between S. 84° E. and S. 59° E. It is elevated 33 feet above high water, and in clear weather the *white* light should be visible from a distance of 6 miles.

The illuminating apparatus is dioptric, or by lenses, and of the sixth order.

The light-house, constructed of iron, is painted white, and 45 feet high. It is situated on the northern side of Tamsui harbour, in the position hitherto occupied by a white beacon, which has been withdrawn.

Position, lat. $25^{\circ} 10' 22''$ N., long. $121^{\circ} 25'$ E.

The rear light (high) is a *fixed white* light, visible through an arc of $59\frac{1}{2}^{\circ}$, or between the bearings of N. $68\frac{1}{2}^{\circ}$ E., through east, and S. 52° E. It is elevated 142 feet above high water, and in clear weather should be visible from a distance of 10 miles.

The illuminating apparatus is dioptric, or by lenses, and of the sixth order.

The light is shown from a pillar, 35 feet high, painted white, bearing about S. 86° E. distant 7 $\frac{1}{10}$ cables from the front light-house, and S. 86° E. about 2 cables from the Red fort.

NOTE.—The bar at the entrance to Tamsui harbour is subject to occasional changes, in consequence of freshets; but the above lights kept in line bearing S. 86° E. will indicate the best channel for crossing the bar, when it is in its normal state.

Also, that the following alterations have been made in the positions of the bar buoys, entrance to Tamsui harbour:—

- (1) The southern bar buoy, painted red, has been moved about 2 cables southward; and now lies, in a depth of 26 feet at low water springs, within the red sector of light shown from the front (low) light-house.
 - (2) The northern bar buoy, painted black, has been moved about half a cable northward, and now lies in a depth of 32 feet at low water springs.
- (The bearings are Magnetic, and those affecting lights are given from seaward. Variation 1° Westerly in 1889.)

NOTICE is hereby given that the undermentioned plots of land no longer required by Government, situated within the boundaries of the abandoned Bazitpur Branch of the Tirhoot State Railway, in the district of Durbhunga, from mouza Sahit to mouza Basaria, will be put up to sale at the Dalsing Sarai Railway Station on the 25th March 1889.

The purchasers of the several plots of land will be subject to the following conditions:—
1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the Railway fencing, or plough the land closer than three feet from its foundation.

2nd.—If the amount of purchase money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase money exceeds Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

4th.—The balance of purchase money due under the 3rd condition may be paid either to the Collector or in the Government Treasury at Durbhunga for lands situated in the Durbhunga district.

5th.—The plots of land will be sold revenue free to the highest bidders.

6th.—The purchasers shall be put in possession on receipt of the orders of the District Collector approving of the sales, but such possession shall be liable to be disturbed in case the final confirmation of the Board of Revenue should not be accorded to the proceedings.

NOTICE is hereby given that the undermentioned plots of the Nizamut lakhray State lands, situated in the district of Burdwan, will be put up to sale at the Collectorate of Burdwan on Thursday, the 28th March 1889, corresponding to 16th Chaitra 1295 B.S.

The purchasers of the plots will be subject to the following conditions:—

- I.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale.
- II.—The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.
- III.—If the amount of the purchase-money do not exceed Rs. 100, the whole amount will be paid down at once.
- IV.—If the amount of the purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up for sale at the risk of the defaulting purchasers after issue of advertisement as in the case of original sale.

A. AHMED, for Collector of Burdwan.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate situate in the district of Burdwan, will be put up to sale at the Culna Deputy Collectorate, on Monday, the 25th March 1889, corresponding with the Bengali year 1295, 13th Choitra.

The purchasers will be subject to the following conditions of sale :—

Conditions of sale.

- 1st.—The estate to be sold to the highest bidder above the upset price which will be fixed by the Sub-divisional officer of Culna at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.
- 2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings, and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.
- 3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.
- 4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by the noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

Noakhally Collectorate, the 19th February 1889.

G. E. MANISTY, Offg. Collector.

NOTICE is hereby given that the undermentioned plots of Government land appertaining to the old jail compound, situated in mouzah Keranitola, pergunnah Midnapore, in the town of Midnapore, will be separately let out on mourashi mokarari leases at a fixed annual rent of Rs. 2 for each plot by public auction at the Midnapore Collector's Office on Thursday, the 28th March 1889, corresponding with 17th Chaitra 1295 Amla.

The purchasers will be subject to the following conditions of sale.

Conditions of Sale.

- Each plot to be leased to the highest bidder above the upset price, which will be fixed by Collector at the time of sale. The purchaser of each plot will be considered as a mourashi mokararidar of the plot, subject to the payment of Rs. 2 as annual rent.
- The lessee will possess a right of permanent occupation in the land, subject to punctual payment of the above rent, which will not be liable to enhancement.
- The lessee will be entitled to take and enjoy the fruits of the existing trees, or of such trees as may be planted by him in future within his holding. He will also have a right to cut or sell every tree planted and reared by himself or by his predecessors on his holding. The rights declared by the lease to vest in him will devolve on his heirs at his death.
- The lessee, in case he builds, will be required to submit a plan of the house showing the width of the foundation wall and the level of the lowest floor of the house by reference to the level of the nearest public road. He will also give a general description of the building he intends to erect, and of the provisions he intends to make in respect of drainage and latrine accommodation.
- Until and unless the plan and level submitted by the lessee be approved by the Collector, the lessee will not be allowed to build; and if he builds, the Collector will have power to demolish his buildings without being liable to any Court for damage or compensation.
- If the lessee transfer his right in any way or underlet the holding, the transfer shall be made subject to all the conditions of the kabuliyat to be executed by him.
- All future improvements, additions and alterations in the holding will be also subject to the approval of the Collector of the District.
- The buildings constructed will not be used for any other purpose than as dwelling-house.
- The lessee will not excavate any tank or burn any bricks within his holding, and will keep the land free from jungle. If he violates this condition, his lease will be liable to be cancelled, unless he takes due steps to repair the breach of the condition as may be ordered by the Collector.
- If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.
- If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteen day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the holding to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.
- A plan of the different plots is in the Collector's office, and can be inspected by intending purchasers:—

Midnapore Collectorate, the 1st February 1889.

E. GEAKE, for Collector.

NOTICE is hereby given that the right, title and interest of Government, as specified in the conditions of sale below, in the nispi land, in village Durmoot, pergunnah Majnamutha, which forms the undermentioned estate, situate in the district of Midnapore, will be put up to sale at the Midnapore Collectorate, on Thursday, the 28th March 1889, corresponding with 16th Chait 1296A.S.

Conditions of Sale.

1. The land comprised in the estate to be sold to the highest bidder above the upset price. The purchaser will be considered as the nispi holder of the said land, and the entire right, title and interest of Government in the land will be transferred to him, subject to the annual payment of the undermentioned nispi rent and peshkush jumma to the proprietors of the temporarily-settled estate Majnamutha, which is now under direct management. The purchaser will have to pay no annual revenue to Government.

2. The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings and by the laws in force, and the purchasers to be bound to respect the rights of the resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3. If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4. If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

BIJUBANESHWAR SINGH, for Collector.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Patna and Gya State Railway, in the District of Gya, will be put up to sale on the 21st March 1889, in the Gya Collectorate.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the Railway fencing, or plough the land closer than three feet from its foundation.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the plot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

4th.—The balance of purchase-money due under the third condition may be paid into the Government Treasury at Gya.

5th.—The plots of land will be sold revenue-free to the highest bidder.

6th.—The purchasers shall be put in possession by the order of the District Collector approving of the sales, but such possession shall be liable to be disturbed in case the final confirmation of the Board of Revenue should not be accorded to the proceedings.

Shahabad Collectorate, Arrah, the 2nd March 1889.

FRANKISEN ROY, for Offg. Collector.

NOTICE is hereby given that the lease of the land specified in the schedule hereunto annexed, and of which the plan is open to inspection at the office of the Commissioner of the Sunderbans, has been applied for by Mathura Nath Sen, and will be sold at 12 o'clock noon on Monday, the 1st July 1889 (18th Assar 1296 B.S.) at the Sunderbans Commissioner's Office at Alipore, unless meantime the sale is stopped or postponed in consequence of claims or objections under Act XXIII of 1863 (to provide for the adjudication of claims to waste lands) or owing to any other cause.

2. The lease of the land will be granted subject to the conditions which are specified below, as well as to the general terms annexed to the rules for the sale of leases of waste lands, dated 12th November 1879.

Conditions.

That the lands shall be subject to all existing rights of way and water and other easements.

That the right of using all streams and channels in any way navigable shall be reserved to the public, as also the use of a tow-path not less than 25 feet in width on each side of every such stream and channel.

That no charge will be made for wood and timber standing on the land at the time it is leased, nor for any wood which may be cut and burnt to effect clearances, or which may be used on the land. But for wood and timber exported for sale, a duty may be levied at such rate, and in such manner, as may from time to time be prescribed by Government.

That the Government reserves to itself the right to all minerals in the land, together with such rights of way and reasonable facilities as may be requisite for working, getting, and carrying away such minerals. It also retains its proprietary right in the land, and only confers on the lessee an occupancy right which shall be hereditary and transferable.

J. ELLISON, Deputy Collector, in charge Sunderbans.

Sunderbans Commissioner's Office, Camp Perozepur, the 9th March 1889.

NOTICE is hereby given that the lease of the land specified in the schedule hereunto annexed, and of which the plan is open to inspection at the office of the Commissioner of the Sunderbans, has been applied for by Piyari Mohan Noogi, and will be sold at 12 o'clock noon on Monday the 1st July 1889 (18th Assar, 1296 B.S.) at the Sunderban Commissioner's office at Alipore, unless meantime the sale is stopped or postponed in consequence of claims or objections under Act XXIII of 1863 (to provide for the adjudication of claims to waste lands) or owing to any other cause.

2. The lease of the land will be granted subject to the conditions which are specified below, as well as to the general terms annexed to the rules for the sale of leases of waste lands, dated 12th November 1879.

Conditions.

That the lands shall be subject to all existing rights of way and water and other easements.

That the right of using all streams and channels in any way navigable shall be reserved to the public, as also the use of a tow-path not less than 25 feet in width on each side of every such stream and channel.

That no charge will be made for wood and timber standing on the land at the time it is leased, nor for any wood which may be cut and burnt to effect clearances or which may be used on the land. But for wood and timber exported for sale, a duty may be levied at such rate and in such manner as may from time to time be prescribed by Government.

That the Government reserves to itself the right to all minerals in the land, together with such rights of way and reasonable facilities as may be requisite for working, getting, and carrying away such minerals. It also retains its proprietary right in the land, and only confers on the lessee an occupancy right which shall be hereditary and transferable.

Pubna Collectorate, the 14th March 1889. W. FIDDIAN, Collector.

Ranignun Deputy Collector's Office, Burdwan District.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below to the undermentioned land, formerly occupied by the old Post Office bungalow, situated in village Sitarampur, within the jurisdiction of Ranignun subdivision, district Burdwan, will be put up to auction sale at Ranignun Subdivisional Office on Tuesday, the 26th of March 1889, at 12 o'clock.

The purchaser will be subject to the following conditions of sale :—

Conditions of Sale.

1. The land is to be sold as revenue-free to the highest bidder above the upset price fixed at the time of sale.
2. If the amount of purchase-money does not exceed Rs. 100, then the whole amount is to be paid at once.
3. If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount bid to be immediately deposited. If, the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited by the purchaser being forfeited to Government), and the land is to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.
4. The possession of land is to be given to the purchaser after the confirmation of sale.

Notice.

THE CORPORATION OF THE TOWN OF CALCUTTA.

IT is hereby notified for general information that the Commissioners of the Town of Calcutta, under the power vested in them under section 3, Act XX of 1887, of the Governor-General of India in Council, propose, some time after the 10th proximo, to take into consideration the following draft rules for the protection of wild birds, to take effect from 1st May 1889:—

Rules.

"Wild bird," for the purpose of these rules, shall include jungle fowl, peafowl, pheasants, partridges, quail, snipe and plover.

The Local Government having, by notification dated 28th February 1889, declared that the provisions of section 3, Act XX of 1887, shall apply to hares and deer, the following rules will apply to those animals also as well as to wild birds:—

The "breeding season," for the purposes of these rules, shall extend from the 1st May to the 30th September.

Whoever, during the breeding season, brings into the town of Calcutta any wild bird, deer or hare recently killed or taken, shall be liable to a fine not exceeding Rs. 5 for each bird or animal.

Whoever, during the breeding season, imports into the town the plumage of any kind of wild bird recently killed or taken, or the fur or skin of any hare or deer recently killed or taken, shall be liable to a fine not exceeding Rs. 5 for each bird or animal.

In the case of a second conviction the fine may extend to Rs. 10 for each bird or animal.

The Indian Law Reports,

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1889 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the Reports from 1876:—

Dated Calcutta, the 18th March 1889.

RESOLUTION.

THE CANAL REVENUE REPORT FOR 1887-88.

READ—

The Canal Revenue Reports for 1887-88 and the Chief Engineer's note on the same.

The total outlay, direct and indirect, to the close of the year 1887-88 on canals in Bengal, of which capital accounts are kept, has been Rs. 7,06,14,592. Of this sum Rs. 8,66,000 have been contributed by the Imperial Government from Famine Relief and Insurance Funds, Rs. 92,24,652 have been provided from Provincial revenues, and Rs. 5,97,49,285 have been charged to Loan Funds. In addition to the sums mentioned above, Rs. 7,74,655 have been expended on surveys and investigations for irrigation works which have not been carried out.

2. There are now in actual operation in Bengal 844 miles of canal, of which 614½ miles are navigable. The total area commanded by irrigation canals is 2,698,846 acres, of which area 1,768,811 acres are irrigable by the completed projects, and 1,398,147 acres are irrigable by the existing works. Of this last area, 475,138* acres, producing crops of the estimated value of Rs. 90,70,980, were irrigated during the year. The total number of boats plying in the canals was 190,839, of which 24,709 were passenger boats. The total value of goods passing through the canals in boats and rafts aggregated Rs. 9,08,97,988 approximately.

3. The receipts from, and expenditure on, the canals in operation for the last three years are given in the statement below: the figures include indirect charges:—

There was thus a deficit for the year of Rs. 1,68,214. In addition to this, interest amounting to Rs. 23,13,446 was payable to the Imperial Government, so that the total deficit to be met from Provincial revenues was Rs. 24,81,660. The unfavourableness of the results for the last three years has thus been increasing, the deficits in 1885-86 and 1886-87 having been Rs. 15,89,119 and Rs. 19,56,284 respectively, and is again due both to falling off in receipts and increase in expenditure (though much more to the former than the latter) as compared with the previous year.

4. The increase in expenditure is to a very large extent a purely nominal one, so far as the Provincial revenues are concerned, and is due to a new method of accounting for the establishment, the charges for which are distributed approximately according to the establishments actually employed in divisions, instead of the Irrigation Department being assessed, as heretofore, with a fixed charge by percentage on expenditure, the remainder of the cost of establishment being shown against the Roads and Buildings Branch. The present method appears to be the fairer, and at any rate it shows in a clearer light what is the cost of establishment employed on the various canals. Chiefly on account of this alteration, the charges for Direction and Executive Establishments have increased by Rs. 2,12,967 as compared with last year, thus nearly accounting for the total increase in the working expenses. On the Orissa Canals there was, on the whole, a fair decrease, notwithstanding the increase in establishment charges, and the fact that a portion of the expenditure on repairing the breach made in the Mahanudi weir during the floods of 1886 fell in the year under review. On the Hidgellee Tidal and Orissa Coast Canals there was an increase, due, in the former case, to the necessity for carrying out the long-postponed silt clearance, and in the latter to the repairing damages caused by the cyclone of 1885. The comparatively small fluctuations on the other canals do not call for remark.

* Exclusive of 5,975 acres irrigated in an unauthorised manner in the Orissa Canals, and 13,855 acres of hot weather irrigation on the Sone Canals: this latter irrigation is almost entirely sugarcane and is included already in the kharif.

5. The revenue collected in the last three years on the works mentioned in the above statement is shown below :—

HEAD.	REVENUE.		
	1887-88.	1886-87.	1885-86.
	Rs.	Rs.	Rs.
Water-rates	7,69,362	10,43,343	12,33,612
Navigation	9,21,482	7,88,685	8,34,780
Miscellaneous	66,838	80,170	60,888
Total	17,57,682	19,12,198	31,19,280

It will be seen that practically the falling off is entirely under Water-rates, whilst under Navigation there is a very satisfactory increase, to which reference will be made further on. An examination of the figures by canals shows that, although there is a small falling off on the Midnapore Canal, the decrease under Water-rates is otherwise wholly on the Sone Canals, there having been satisfactory increments both on the Orissa and Sarun Canals. The decrease on the Sone Canals is due to three causes—*Firstly*, the good collecting work of the year or two immediately preceding the year under review had largely diminished the arrears, so that there was actually less to collect; *secondly*, the comparatively small area irrigated in 1886-87 reduced the amount of the current demands; and *thirdly*, the agitation amongst the cultivators, which retarded the collections, so that there was a considerable increase in the closing balance as compared with the opening balance of the year.

6. The assessments or earnings of the same year are as follows :—

HEAD.	EARNINGS.		
	1887-88.	1886-87.	1885-86.
	Rs.	Rs.	Rs.
Water-rates	10,00,489	9,49,260	10,45,339
Navigation	9,21,482	7,88,685	8,34,780
Miscellaneous	66,838	80,171	90,481
Total	19,88,809	18,18,116	19,70,600

Judged by the standard of earnings, the working of the year would show for all canals a small excess over expenditure of Rs. 62,913.

7. The arrears of water-rates outstanding at the close of each of the last three years are shown in the statement following :—

NAME of CANAL.	ARREARS.		
	1st April 1888.	1st April 1887.	1st April 1886.
	Rs.	Rs.	Rs.
Orissa Canals	92,109	87,458	64,884
Midnapore Canal	56,493	50,749	69,972
Sone Canals	4,11,281	2,31,582	3,98,321
Sarun Canals	27,265	26,437	15,912
Total	5,87,148	3,96,226	5,49,089

The increase in the outstanding balance is practically wholly on the Sone Canals, where, as already explained, the agitation amongst the cultivators and appointment of a Committee of Enquiry retarded the collections very seriously. The remissions were comparatively small, and were less even than those of last year.

8. It is necessary to distinguish between the collections of arrears and those of the current demand to understand clearly the results of the year's work. Of the outstandings of former years, a sum of Rs. 3,26,147, or over 76 per cent., was adjusted; 89.1 per cent. of this amount being collected, 4.9 remitted and 6.0 written off. On the whole, this is more favourable than last year, and the success was undoubtedly due in a great measure to the arrears in the Shahabad district having been collected before the agitation on the Sone Canals began. Of the current year's demand (which includes Rs. 1,30,559, due but not payable till after the expiry of the year), Rs. 4,59,375, or about 50 per cent. only was adjusted, about 1 per cent. of this having been remitted, and the rest, with the exception of a small sum of Rs. 86 written off, collected. The results cannot be considered satisfactory, but, so far as the Sone Canals are concerned, the falling off in the results is fully accounted for by the agitation to which reference has already been made. Notwithstanding, however, this difficulty, the Sone Canals, as a whole, show better results than Orissa or Midnapore, in neither of which was 50 per cent of the current year's demand collected. A considerable sum, some Rs. 19,000, was again written off as irrecoverable on account of old arrears on the Sone Canals, chiefly in the Shahabad district. In the Sarun Canals the total collections were a few hundred rupees short of the current year's guarantee, so that there was a slight increase in the outstanding balance as compared with the previous year. This is a vast improvement on the work of last year, but is still unsatisfactory. Excluding the sum due but not payable until after the close of the year, the total outstandings amount to Rs. 4,56,589. On the whole, and making allowances for the abnormal difficulties on the Sone Canals, the results can scarcely be deemed very unsatisfactory, and the Lieutenant-Governor notices with approval that the matter continues to receive the attention of the district officers. The necessity, however, to reduce the arrears, which still amount for years previous to the year under review to about a lakh of rupees, has not ceased, and Sir Stuart Bayley trusts that the subject will receive attention, especially in Orissa which, on the whole, is the most backward in this respect.

9. The total number of certificates for the recovery of arrears issued in all districts save Gya (the figures for which are not given, but they were very few during the year), was 28,805, against 30,604 issued in the previous year; and the pending cases were reduced from 28,953 to 19,369, good progress having been made in Orissa and in Shahabad. The progress, however, in Midnapore was not good, whilst the work in Patna, owing, apparently, to shortness of establishment, was very unsatisfactory. The reduction in the number of certificates issued continues.

10. The information regarding complaints, though fuller than that given last year, is still very incomplete. So far as can be gathered from the figures afforded in the reports, 10,332 complaints against assessments were pending from the previous year, or filed during the year on the "Major works" systems: of these 8,120 were disposed of, leaving 2,212, or rather more than 21 per cent., still pending. Considering the circumstances of irrigation in Bengal, the number filed, although large, does not appear to be out of proportion on the whole, though the following table would seem to show that there is considerable room for improvement on the Orissa Canals in the assessment of water-rate and administration generally; since, not only were the complaints more in proportion to the area irrigated than even on the Sone Canals, where the number was abnormally raised by agitation, but the percentage of complaints admitted was very high:—

	ORISSA.		MIDNAPORE.		SONE.		TOTAL.

Proportion of acres irrigated to one complaint	39.9		78.3		46.7		47.6	

The above table, for want of the necessary details, is not quite correct as regards the proportion of acres to one complaint, inasmuch as it has been impossible to separate the arrears from the complaints filed in the year, whilst the area for the year has been taken. Still for practical purposes of comparison it can be accepted, and the Lieutenant-Governor trusts that the above comparison will show the officers concerned of the Orissa Canals the necessity for greater care in assessing water-rates and in the administration of their duties generally.

11. The areas irrigated (actuals) during the last three years are detailed in the following table:—

					1897-88.	1886-87.	1885-86.

Grand Total, Major and Minor Works ...			494,968	417,821	480,078		

There is a very satisfactory increase on the Orissa Canals, and a satisfactory increase on the Sone Canals, due chiefly to the favourable character of the season from an irrigation point of view. Most of the increase on the Orissa Canals and a fair proportion of that on the Sone Canals is under long leases, so that the anticipation of an extension of irrigation expressed in the Resolution on last year's report appears to be receiving confirmation. The irrigated area on the Midnapore Canal continues unfortunately to decrease. The cause is said to be the irregularity and insufficiency of the supply in the Cossye river, and for this hitherto no practicable remedy has been found.

12. The tollage collections from the various canals for the last three years are given in the table following:—

YEAR.		Orissa Canals.	Midnapore Canal.	Hidgallee Tidal Canal.	Orissa Coast Canal.	Sone Canals.	Calcutta and Eastern Canals.	TOTAL.
		Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1885-86	...	64,003	1,26,331	52,143	13,663	41,712	4,97,578	7,91,520
1886-87	...	58,064	1,09,693	51,904	28,687	49,665	4,73,193	7,71,706
1887-88	...	66,628	1,28,574	40,406	52,828	50,984	5,71,872	9,09,292

The increase is about 15 per cent. on the total collections of last year, and upwards of a lakh more than the collections of any previous year since 1882-83 inclusive, from which date only the whole of the figures are readily available. The chief increase is on the Calcutta and Eastern Canals, on which there was a small defect last year. It was, however, mentioned in last year's Resolution that the decrease did not point to any permanent decline, and the figures for

the year under review confirm this opinion. The increase is due to the expansion of the grain and jute traffic. The receipts on the Orissa Canals are the highest since 1882-83, when they were almost the same figures, viz., Rs. 66,736, the highest on record. On the Midnapore Canal they are the highest on record, excluding transport service receipts. The falling off in the Hidgellee Tidal Canal revenue is due to the closure of the canal for silt clearance. The increase in revenue on the Orissa Coast Canal is satisfactory, being in excess of the forecast.

13. On the Nuddea rivers there was a small falling off in the receipts, attributable to the impossibility during 1887-88 of maintaining more than one of the three alternative routes between the Ganges and Calcutta in a navigable condition, on account of the deterioration of the entrances from the Ganges.

14. The Lieutenant-Governor observes that the necessity for further enquiry and the collection of opinions from experts has hitherto prevented any action being taken on the report of the Commission that enquired in 1888 into the working of the Sone Canal system. These have now been brought to a completion, and the report will be disposed of without further delay.

15. With the exception of the revenue report of the Commissioner of the Orissa Division, all reports were received with fair punctuality. The Examiner's Finance Accounts were received about the same time as last year. Both in submitting and in dealing with the revenue reports, there is need, in the Lieutenant-Governor's opinion, for increased punctuality.

ORDER.—Ordered that a copy of this Resolution, and of the note and its accompaniments, be submitted to the Government of India, in the Public Works Department, for information; also that copies be forwarded to the Appointment, Revenue and Financial Departments of this Government; the Board of Revenue, Lower Provinces; the Commissioners of the Presidency, Burdwan, Patna and Orissa Divisions; the Collectors of the 24-Pergunnahs, Nuddea, Hooghly, Midnapore, Burdwan, Patna, Shahabad, Gya, Sarun, Cuttack and Balasore; the Superintending Engineers of the Orissa, South-Western and Sone Circles; and the Examiner, Public Works Accounts, Bengal, for information.

INTEREST.

5. The total amount of interest payable to the Imperial Treasury on account of Major Irrigation Works for the year is Rs. 23,13,416.

FINANCIAL RESULTS.

6. The following statement shows the financial results of both Major and Minor Irrigation Works, of which Capital and Revenue accounts are kept, to the close of the year 1887-88 :—

	Major Irrigation Works.	Minor Works and Navigation.
	Rs.	Rs.
Direct revenue	1,38,71,155	1,99,11,386
Working expenses (direct charges)	1,44,88,526	76,06,529
Results on direct charges only ... Loss ...	6,17,371	Profit ... 1,23,04,857
Indirect charges debitable to revenue	7,45,512	1,90,229
Results on both direct and indirect charges ... Loss ...	13,62,883	Profit ... 1,21,14,628
Charges for interest on capital ...	3,17,24,078	Not calculated.
Net results, including interest to end of 1887-88 ... Loss ..	3,30,86,961	...

Thus on Major Irrigation Works the net loss to the end of the year is, including interest, Rs. 3,30,86,961, or as much as 55.38 per cent. of the gross capital outlay, including all charges.

7. The expenditure on and receipts from Irrigation, Navigation, and Agricultural Works during the year 1887-88, as compared with those of preceding year, are shown below :—

* Mean of observations in Cuttack and Marsaghai.
† Ditto ditto at 13 stations throughout canal-irrigated area.

There is thus a marked increase in the kharif area irrigated, regarding which the Deputy Revenue Superintendent reports that the character of the kharif season was favourable for canal irrigation. The early rains were insufficient for the operation of *beason*; while the short rainfall of October again brought a number of cultivators to the canals. The diminution in the rabi area is explained by the Superintending Engineer as attributable, in the case of the Kendraparah canal system, to short supply caused by the breach in the Mahanuddee weir and to the closure of some distributaries for repairs; while, on the Taldundah canal system, the Machgong Canal was closed at the end of the kharif season, in order to permit of the sanctioned extensions being carried out.

It may be noted that the area of 109,506 acres irrigated amounts to about 48 per cent., or nearly half, of the area provided with distributaries, which has been already stated to be 226,787 acres, as against 35.1 per cent. in last year.

The percentage of area irrigated to area provided with distributaries has advanced on all canals, the percentage for the two years being—

	1886-87.	1887-88.	Increase.
Kendraparah system	41.1	54.2	13.1
Taldundah do.	32.8	54.9	22.1
High Level, Range I	25.9	32.0	6.1
Ditto, II	...	No distributaries	...
Ditto, III	...	No distributaries	...

14. The whole of the irrigated area was assessed. The figures below show the method of assessment, alongside of the figures of the two preceding years, for purposes of comparison :—

					1887-88.	1886-87.	1885-86.
					Acres.	Acres.	Acres.
Kharif	{	Five-year leases	102,863	73,699	65,762
		Annual leases	37	68	50
		Unauthorised irrigation	5,975	1,354	4,754
Rabi	501	2,439	1,604
Perennial	...	Sugarcane	130	149	169
Total, including unauthorised irrigation					109,506	77,709	72,339
Total, excluding unauthorised irrigation					103,531	76,355	67,585

The area actually leased was 105,036 acres, and was therefore 1,505 acres in excess of the area assessed under leases, as shown in this table. In explanation of the difference, the Deputy Revenue Superintendent states that of the lands leased on Ranges II and III, High Level Canal, it was found impossible from various causes to irrigate 1,505 acres, which were consequently excluded from the assessments.

15. The Revenue Deputy Superintendent brings to notice the hesitation exhibited as usual by the cultivators to renew the leases which expired on the 31st March 1888 over a large area, in the hope apparently of a reduction of rate. The almost total failure of the monsoon rains in the beginning of the irrigation season (15th June to 18th July) compelled them, with few exceptions, to renew the leases on the Kendraparah, Taldundah and Machgong Canals. The Superintending Engineer gives figures showing how the increase in the kharif leases was distributed among the canals, the rate of increase being greatest on the Taldundah and Kendraparah systems. In view of the pressing demand which sprang up in October, some increase in the unauthorised irrigation of unleased areas was to be expected. In that month the canal banks of Ranges II and III of the High Level Canal were cut in places where supply shoots had formerly existed. The lands thus illicitly irrigated were inspected by the Deputy Revenue Superintendent, and subsequently assessed.

UNAUTHORIZED
IRRIGATION.

16. The revenue collected by the Canal Revenue Department consists almost entirely of water-rates, with miscellaneous incomings from canal lands, fisheries, plantations, &c. At the commencement of the year under review, the accounts showed an unrealised balance of Rs. 94,105, of which Rs. 87,458 was for water-rates. The additional assessments, which fell due within the year, came to Rs. 1,56,832, of which Rs. 1,50,298 was for water-rates. The last-named sum is composed as follows:—Rs. 1,03,294 was that portion of the assessments on the crops raised in 1887-88 which fell due within that year; Rs. 35,480 was the balance of the assessments on the crops of 1886-87 which did not fall due till 1887-88; while the remainder was for dues incurred in earlier years. Thus, including arrears, the gross amount, which was liable to be collected during 1887-88, was Rs. 2,50,937, of which Rs. 1,46,039 was realised and Rs. 8,331 either remitted or written off as irrecoverable. Accordingly the year closed with an unrealised balance of Rs. 96,567, of which, Rs. 92,110 was for water-rates.

ASSESSMENTS AND
COLLECTIONS.

This balance is rather larger than that inherited from the previous year. Some increase, however, was to be expected; as, owing to the increased demand for water, the amount to be collected was unusually large. The portion of the year's water-rates, which was recoverable from cultivators within the year, was, as already stated, Rs. 1,03,294; of this, Rs. 46,622 (including Rs. 47 written off) was adjusted, or about 45 per cent., leaving an outstanding of Rs. 56,672. At the same time considerable reductions were made in the outstandings incurred in earlier years, which stood thus on 31st March 1888:—

				Water-rates. Rs.	Miscellaneous. Rs.
1879-80	18
1881-82	439	159
1882-83	783	536
1883-84	1,094	886
1884-85	3,199	934
1885-86	8,137	1,134
1886-87	21,785	720
				-----	-----
				35,437	4,387
Outstanding for 1887-88	56,672	70
				-----	-----
Total arrears	92,109	4,457
				96,566	

17. The results of the year as regards water-rate collections only—miscellaneous revenue being excluded—are briefly exhibited in the table below,

which is similar in form to that adopted in the reports of the last two years:—

	OUTSTANDINGS OF ALL YEARS UP TO AND INCLUDING 1886-87.			DEMANDS DUE IN 1887-88 FOR THE IRRIGATION OF THAT YEAR.		
	Rupees.	Percentage of demands outstanding on 31st March 1887.	Rupees.	Rupees.	Percentage of demands for the year.	Rupees.
Outstandings to end of 1886-87 with assessments made in 1887-88	100 0	1,34,461	100 0	1,03,294
Adjustments made { Collections	91,294	67 9		46,575	45 09	
in 1887-88 ... { Remissions	7,730	5 7		47	0 04	
Total adjustments	73 6	99,024		45 1	46,622
Outstanding on 1st April 1888	26 4	35,437		54 9	56,672

The results compare favourably with those of last year, when the percentage of adjustment was for old outstandings 68·8, and for the current demand 31·6. The proportion of remissions is also moderate in amount. In the balance outstanding is included a considerable sum which will have to be remitted in 1888-89, owing to the assessments having been based on the total amounts of the leases; whereas, on account of the breach in the Mahanadi weir, remissions had to be made subsequently for areas left unirrigated. The realisations of water-rates exceeded the budget estimate by Rs. 17,869.

COMPLAINTS.

18. The Deputy Revenue Superintendent reports that 2,743 complaints against the assessments were received. Of these 2,097 were brought to his office and 646 to the Certificate office. Of 1,240 complaints disposed of, 1,109 were found to be wholly or partly valid. On 1,503 complaints orders had not been passed at the close of the year. Besides these, 618 complaints of a miscellaneous character were received, of which 489 had been disposed of on the 31st March 1888. The number of complaints undisposed of and pending from the previous year is not given. This should have been shewn, as well as the progress made in working off such arrears. In the absence of the necessary information on this point, it is not possible to say whether the progress for the year is satisfactory or otherwise; but an arrear of 1,503 complaints, or nearly 55 per cent. of the number lodged for the current year does not at first sight appear satisfactory, since it points to an accumulation of the arrears.

DUTY OF WATER.

19. The area under rabi cultivation in Orissa is so trifling that no satisfactory calculation can be made of the duty obtained from rabi irrigation. The duties obtained on the discharges of the various canals during the kharif season of four months will be found in table I E.

On every canal but one there is a diminution in the efficiency per cubic foot of water utilised—a diminution consequent on the low rainfall, which threw greater work on the canals. The exception is Range II of the High Level Canal, where in 1886-87 the area under irrigation being small and the water being wastefully used, an extremely low rate of duty was obtained. This canal has been since worked with greater economy, and now shows better results.

On the Kendraparah canal system the duty is 74·42 per cubic foot utilised, which compares with 95·87 last year. Of the canals composing this system, the Pattamoondoo and Gobri canals are as yet insufficiently provided with distributaries, and therefore work to low duties. The duty of the Kendraparah canal itself is 93·77 acres.

On the Taldundah canal system the duty is 98·70, against 182·56 of the year previous. On the High Level Canal, Range I shows 77·72 against 169·28; Range II, 74·21 against 6·97; and Range III, 64·67 against 85·04.

CROP EXPERIMENTS.

20. Two hundred and fifty experiments on the outturn of crops were made, half on irrigated and half on unirrigated lands. The average outturn can be compared with the average of similar experiments made during the five years previous. On lands irrigated during 1887-88, the average weight of paddy per acre is 12·32 maunds and of straw 16·84 maunds, against 18·46 and 27·88, which are the respective averages of previous years. On

unirrigated lands the figures for the year are 9.38 maunds of paddy, against 14.00 maunds obtained in previous years, and 12.00 maunds of straw against an average of 21.70. The yield per acre both on irrigated and unirrigated lands was therefore exceptionally low, and the difference in favour of irrigation has also diminished both as regards paddy and straw. The Superintending Engineer observes that the reduction in the yield is chiefly apparent in the Brahmini-Byturni Division. The experiments made in the Acquapada-Jajepore Division show an increase under both heads, while in the Mahanuddee Division, though there is a small diminution under paddy, there is an increase under straw. The fact that out of 125 pairs of experiments 114 were made in the Brahmini-Byturni Division detracts from the value of the results thus obtained.

21. The revenue establishment of the year cost Rs. 40,300. The following statement shows the details of the year under review with those of the three previous years:—

22. The management of the navigation of the canals and the collection of the revenue from this source is in the hands of the engineering staff. The receipts include tolls collected on boats and rafts using the canal, and the earnings of the transport service maintained by Government between Bhuddruck, on the High Level Canal, and Cuttack, a distance of 75 miles. The collections from either source for the last ten years are given below:—

23. The following statement compares the traffic (excluding the transport service) of all the canals in Orissa during the year under review with that of the year preceding:—

In this statement, which for purposes of comparison is uniform with those of previous reports, empty boats are not counted in obtaining the figures of

the columns headed "Number of boats" and "Tonnage;" were empty boats included, the number would stand at 20,294,* and the tonnage at 17,643. Moreover, in calculating "tonnage," the rafts using the canals, the cubic contents of which in 1887-88 aggregated 415,844 cubic feet, are disregarded. But the earnings from rafts and their value are included in the calculations of "tollage" and "value of cargo."

The decrease in the number of boats is noticeable, occurring as it does alongside of increases both in tonnage and tollage. This can only be ascribed to the use of a larger class of boats. In the ton-mileage there are increases over 1886-87 of 24,123 ton-miles in the up traffic and 663,910 ton-miles in the down traffic, though the average distance over which the boats travelled was slightly less. Form IID is a return of the weight of goods carried. Decreases appear both under government and private traffic, alongside of increases in the tollage earnings of both classes. As, however, the weights of the cargoes are obtained from estimates of the toll-collectors, who, in their turn, are dependent on the statements of the boatmen, the figures in this return cannot be accepted as altogether trustworthy. The down traffic is this year in excess of the up traffic in consequence of increased exports of building materials and metals; imports of grain show an increase, while exports remain nearly steady; and under most other classes of goods there is a decrease in the volume carried.

The passenger traffic shows a decrease, which the Superintending Engineer thinks was probably due to the loss of two ocean passenger steamers running between Calcutta and Chandbally in connection with the canals.

TRANSPORT
SERVICE.

24. Three competing companies still maintain steamer services between Chandbally and Cuttack.

The transport service between Bhuddruck and Cuttack is still maintained by Government. During the greater portion of the year under review, it was chiefly carried on by accommodation boats, as the two steamers usually employed were laid up for repairs. On the year's working there was a loss of Rs. 5,712.

MISCELLANEOUS
RECEIPTS.

25. The miscellaneous receipts for the year under review are compared by sub-heads with those of the previous year in the following table:—

SOURCE OF REVENUE.				YEAR IN WHICH RECEIVED.		DIFFERENCE.	
				1887-88.	1886-87.	Increase.	Decrease.
				Rs.	Rs.	Rs.	Rs.
Plantations	1,131	1,885	754
Rent of lands	5,678	5,340	338
Canal produce	377	676	299
Rents of buildings	5,000	4,936	64
Sale of old materials	35	35
Fisheries	768	650	118
Sale of water	96	86	10
Miscellaneous	1,121	1,979	858
Total	14,171	15,587	530	1,946

Thus there is a decrease of Rs. 1,416, or 9·08 per cent., chiefly incurred under plantations, canal produce, sales of old materials, and miscellaneous. Small increases appear under rents of lands, sales of water, and fisheries.

REVENUE.

26. The gross revenue for the last ten years under the three main heads is shown in the following statement:—

The canals have therefore been worked at a loss of Rs. 2,58,270 on the direct charges alone. The corresponding deficits for the last six years are shown below:—

	Rs.
1882-83 ...	21,530
1883-84 ...	54,822
1884-85 ...	1,72,152
1885-86 ...	1,35,227
1886-87 ...	3,22,321
1887-88 ...	2,58,270

28. The cost of maintenance for this and the two preceding years is distributed under the sub-heads as follows:—

MAINTENANCE.

	1887-88.	1886-87.	1885-86.
	Rs.	Rs.	Rs.

Drainage and protective works ...	10,778	6,690	6,431
Total ...	3,06,863	3,46,383	2,12,452

The expenditure on head-works is again abnormally high; but as much as Rs. 1,19,980 was the share incurred in 1887-88 of the cost of renewing those portions of the Naraje and Mahanuddee weirs which were carried away in 1886. The whole of the renewals have now been completed. Extensive repairs were also carried out on the Brahmini and Burrah weirs. Increased expenditure was incurred in metalling the protective embankments of the city of Cuttack, and on river improvements. The other head-works were maintained at a less cost than in the previous year.

HEAD WORKS.

The year was one of moderate floods in the Brahmini and Byturni rivers, where the highest floods (which took place in the month of July) were lower than those of the previous year. In the Mahanadi river, however, there were four floods in the months of July and August 1887, each of which was higher in the Katjooree at Cuttack than that which occurred in July 1886. This of course was due to the heavy rainfall already mentioned in paragraph 12. The weir, however, at the place where it had been breached in 1886 and reconstructed, stood the strain fairly well, the injury being confined to the apron immediately above the deep hole in the river bed, the remains of the breach of 1886.

29. The main canals and branches were maintained at a cost of Rs. 76,219, inclusive of Rs. 5,396 spent in repairing the breaches at the lower end of the Pattamoondeo canal, where it is crossed by the Chota Brahmini river. In 1886-87 the cost of repairing breaches at the same place was Rs. 8,822, and in 1885-86 it was Rs. 10,376; and in the revenue reports of those years these sums were erroneously included in the maintenance of drainage and protective works. In the summary of expenditure on maintenance given above, and in the statement below, which gives the cost of maintenance of each main

and branch canal separately for four years, these special repairs are included in the maintenance of the Pattamoondie main canal, to which they are properly chargeable—

As, with four exceptions, in each of which repairs of a special character were necessary, the upkeep of the several canals has cost less than in 1886-87, it is evident that economy has been successfully enforced throughout the circle, and the average mileage-rate of Rs. 328, to which the figures work out, may be taken as satisfactory. Of silt the quantity cleared by hand was 3,586,859 cubic feet, and the cost Rs. 9,927, giving an average rate of Rs. 2·77 per thousand cubic feet, against Rs. 2·90 in the year previous. The quantity dredged was 127,743 cubic feet and the cost Rs. 1,872, the average rate being Rs. 14·7, against Rs. 16·8.

DISTRIBUTARIES.

30. On distributaries the mileage-rate for repairs shows an increase.

DRAINAGE AND PROTECTIVE WORKS.

31. On drainage and protective works the increased cost of maintenance was incurred chiefly on the protective embankments of the High Level Canal, which required more extensive repairs than usual.

There was an actual capital outlay of Rs. 1,353 only during the year, the total to end of the year being Rs. 82,63,345, against Rs. 83,16,768, amount of estimate sanctioned by the Secretary of State.

As the period allowed for the execution of the works expired on the 31st March 1888, an application has been made to the Government of India for a renewal of the sanction on the grounds that certain works under the heads 'distributaries' and 'drainage works' are still necessary for the completion of the system as originally projected, and that additions to the dredging plant are required to ensure the proper maintenance of the canal for purposes of navigation and irrigation. A revised estimate, of which the proposed expenditure will absorb the whole of the balance of the original estimate, has been submitted for sanction with the application.

RAINFALL.

34. The following table shows the rainfall for the year 1887-88 and the four previous years :—

Of the three stations at which gauge readings are observed, Midnapore and Panchkoorah only are within the irrigated tract. The season was one of average rainfall, fairly distributed.

LEASES AND IRRIGATION.

35. The area leased and irrigated amounted to 65,964 acres. of which 64,689 acres were five-year kharif leases. Of five-year leases for 69,762 acres, which had been current in 1886-87, leases for 20,285 acres expired on the 31st March 1887, while the renewals during 1887-88 amounted to only 15,212 acres. In addition, one-year leases for 1,175 acres were contracted, which were almost entirely for the irrigation of *boro* rice during the winter months. Owing to the insufficiency of the supply available, irrigation from the Midnapore canal is as a rule confined to the kharif season. As, however, during the year under report, the kharif crops over a portion of the country commanded by the Panchkoorah weir were destroyed by floods, special arrangements were made for the irrigation of *boro* rice subsequently planted on the fields which had been inundated, and 1,162 acres were leased for one year in this way.

The total area under five-years' leases may be classified thus :—

					Acres.

Of the 65,804 acres leased, 59,362 acres were irrigated from the Midnapore weir, 5,955 from the Panchkoorah weir, and 547 from the tidal reaches. Similar information for three years is supplied in the following table, where the percentage which the area irrigated in each year bears to that commanded and provided with distributaries is shown:—

On the Midnapore canal leases are given by the Deputy Revenue Superintendent, acting under the Collector of the district. Regarding the steady decrease in the irrigation, the Deputy Superintendent reports that the reason for it is alleged by the ryots themselves to be "insufficient, irregular, and untimely supply of water." That there is foundation for this charge is incontestible; for, since the catchment basin of the Cossye is small in extent, a failure in the local rainfall is often followed by failure in the river supply, and water is least plentiful when most required. Thus in October 1887, the rainfall being less than 3 inches, a sharp demand sprang up, to meet which some 1,400 cubic feet of water per second—that being the greatest discharge which can be passed through the head sluice at Midnapore—might have been supplied (had it been available) with advantage. But it appears from the returns submitted by the Superintending Engineer that during October the average discharge of the Cossye was only 770 cubic feet per second, and that it fell as low as 165 cubic feet per second.

Another difficulty which is now being sensibly felt, and on which stress is laid in the report of the Collector, arises from the absence of village channels. In the earlier years of the Midnapore canal, irrigation was successfully conducted without village channels, and in the rules passed by the Lieutenant-Governor in 1884 there is no clause enforcing that the construction of village channels must precede the supply of water. A system of field-to-field irrigation has been practised, and has worked with success so long as nearly the whole of the irrigable area was under lease, but is now found to be attended with trouble and waste, especially in cases where villages near the canal, over whose lands water must pass in order to irrigate the lands of more distant villages, refuse to renew their leases. The same difficulty is felt in Orissa, where it has been found impossible, without very serious loss of revenue, to insist on the observance of the rules regarding village channels. A partial remedy would be found in making all leases within the area irrigable from any single distributary terminable on the same date; and this course has been proposed by the Deputy Revenue Superintendent of Orissa. The matter is under consideration.

36. 841 irrigation complaints were received by the Deputy Revenue Superintendent, of which 757 were disposed of. 533 were objections to certificates issued in cases of surreptitious irrigation, leases being eventually executed in 166 of these. 472 complaints were decided against the petitioners, and 285 were either allowed or compromised. The number of complaints undisposed of at the end of the previous year is not given, and consequently the progress made cannot be clearly shewn.

COMPLAINTS.

37. The kharif duties obtained were 116 acres per cubic foot for the area under Midnapore weir, and 184 acres for that under Panchkoorah weir. As in the case of the Orissa canals, these duties have been calculated on a four-months' base; that is, on the average quantity supplied during the period commencing on July 1st and ending on October 31st.

DUTY OF WATER.

ASSESSMENTS AND
COLLECTIONS.

38. The following comparative statement shows the balances, assessments and recoveries of water-rates on the Midnapore canal since the year 1883-84 :—

YEAR	Amount outstanding at commencement of year.	Amount falling due during the year.	Total for recovery.	Cash realization.	Remitted or written off.	Balance at the end of the year.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.

1884-85	1,44,691	1,22,321	2,67,012	1,16,807	38,993	1,11,212
1885-86	1,11,212	1,10,808	2,22,080	1,08,709	43,399	69,972
1886-87	69,972	1,06,750	1,76,722	1,09,834	17,139	50,749
1887-88	50,749	1,02,532	1,53,281	90,837	5,951	56,493

The demand for the year was less by Rs. 23,441 and the collections by Rs. 17,997 than in the previous year. The percentage of the collections was 59·3 against 61·01. The decrease in the amount treated as irrecoverable is satisfactory.

The year closed with an outstanding balance in the books of the Revenue Deputy Superintendent for irrigation and miscellaneous revenue, regarding which that officer writes as follows :—

“Out of the total outstanding balance of Rs. 61,997, Rs. 7,079 are for previous years. Of this sum Rs. 2,384 being irrecoverable on account of death, abscondings and poverty, &c., has been recommended for remission, and when sanction to this remission is obtained, all old arrears up to 1885-86 will be finally and fully adjusted, and the net balance now outstanding will be reduced by that amount. The arrears of 1886-87 and 1887-88 alone will thus remain to be adjusted, and scarcely any perceptible amount of them will be allowed to remain unrealized till next year. From this it will be seen that the struggle so long going on about the final and complete adjustment of the very heavy old arrears is almost at an end. For the future the rule ought to be never to allow arrears to accumulate for more than two years, and this will be carefully borne in mind.”

MISCELLANEOUS
RECEIPTS.

39. The miscellaneous receipts were Rs. 16,907, of which Rs. 15,308 were collected by the Deputy Revenue Superintendent. The miscellaneous revenue realised by the Executive Engineer was Rs. 1,629, the chief item being rents of buildings.

CERTIFICATES.

40. Of the Rs. 1,06,145 of miscellaneous and irrigation revenue realized by the Revenue Department, Rs. 48,529 was for arrears and Rs. 57,616 for the current demand. The latter amount was realised without the issue of a single certificate, but no less than 16,052 certificates were filed on account of the arrears. Including certificate cases pending, the total number of cases was 18,434, of which 13,124, or 71·2 per cent., were disposed of. Out of the number disposed of, 1,907, or less than 15 per cent., were struck off, in all other cases the sums due being realized. In only 14 cases, or 0·1 per cent., was property, moveable or immoveable, sold; and in 218 cases, or less than 2 per cent., realization was effected on issue of warrants. The number of cases pending at the close of the years 1886-87 and 1887-88, respectively, were 2,382 and 5,310, and of this latter number 2,321 cases were pending for more than 6 months—a not very satisfactory state of affairs.

REVENUE
ESTABLISHMENT.

41. The cost of revenue establishment was Rs. 21,600, against Rs. 23,064 in the year previous. The percentage of cost on the total collections is 20·34 against 18·63.

NAVIGATION.

42. The receipts under navigation increased from Rs. 1,09,693, at which they stood in 1886-87, to Rs. 1,26,574. The usual particulars regarding the traffic carried during the last ten years in vessels other than those of the Calcutta Steam Navigation Company are appended.

(c) Exclusive of Rs. 18,111, tolls of Calcutta Steam Navigation Company.

By private boats 73,784 and by the Company's steamers 86,783.

For the purpose of comparison with previous years, empty boats are taken into account in calculating the number and tonnage of boats as given in this statement, while in the figures given in statement ID in the Statistical Tables only boats actually carrying cargo or passengers are included. Cargo-laden boats show an increase of 1,049 in number and 12,216 in tonnage; passenger boats a decrease of 2,718 in number and 18,414 in tonnage. It appears probable that the passenger traffic is being absorbed by the steamers, and that the falling off in the steamer passenger traffic shown above is due to faulty registration, the numbers being merely recorded from the statements of the "serangs." The improvement in the receipts was chiefly caused by a revival of the rice export trade.

The tolls paid by the steamers of the Calcutta Steam Navigation Company increased from Rs. 8,639 to Rs. 18,114. This is partly due to the withdrawal of the concession of consolidated tolls, the steamers this year paying on the tonnage of their vessels with the authorized allowance of one-half less for a daily service.

HEAD WORKS

The increase in the expenditure on head works was incurred chiefly in clearing silt from lock entrances. It is the opinion of the Superintending Engineer that the moveable break-waters constructed near the head locks at Midnapore and Panchkooah, in order to aid boats in entering the canal during floods, increase the accumulation of silt in lock channels. The expenditure on weirs was Rs. 1.48 per foot run of the Midnapore weir and Rs. 5.30 of the Panchkooah weir, against Rs. 1.60 and Rs. 3.92, respectively, the year previous. Extensive repairs were required to the shutters of the Panchkooah weir.

MAIN CANAL.

44. There is a decrease of Rs. 9,639 in the repairs of Main Canal and head works taken together, and an increase of Rs. 3,070 in those of distributaries. Mileage rates are worked out below:—

YEAR.	MAIN CANAL AND HEAD WORKS.			DISTRIBUTARIES.

1887-88	48	1,10,494	2,301	283	20,687	74

The excessively high maintenance charges of this canal are incurred chiefly on earthwork, amounting during the year to Rs. 59,161, and on navigation works, amounting to Rs. 19,103. Of earthwork charges, Rs. 43,660 was spent in clearing 6,723,165 cubic feet of silt, of which about 37 lakhs of cubic feet were cleared by the dredgers at an average rate of Rs. 7.63 per thousand, and 30 lakhs by hand or by excavation at an average rate of Rs. 5.10. Dredging was carried out mainly at the lock entrances, while of the silt cleared by hand over 26 lakhs of cubic feet were taken out of the first reach of the canal, which was closed for silt clearance during April.

DISTRIBUTARIES.

On distributaries, of Rs. 20,687 spent on repairs, Rs. 8,699 is the cost of removing 5,680,820 cubic feet of silt from the channels and Rs. 6,209 chiefly in adding earth to banks. The increase in the mileage rate of maintenance is mainly due to these causes. The distributaries suffered greatly from floods during this year.

REPAIRS TO DREDGERS.

There was an increase of Rs. 6,406 in the charges for tools and plant. The large expenditure on repairs was entirely on the dredging plant, which in one way or other gave a good deal of trouble.

45. On the year's working, including indirect charges, there is a loss of Rs. 16,471. The receipts and expenditure of five years are tabulated below:—

YEAR.	Receipts.	Expenditure.	Net revenue.
	Rs.	Rs.	Rs.
1883-84	2,64,576	2,23,586	(+)40,990
1884-85	2,57,955	2,31,915	(+)26,040
1885-86	2,62,484	2,18,127	(+)44,357

1887-88	2,34,378	2,50,849	(—)16,471

The unfavourable result for 1887-88 is brought about by the reduction, on the revenue side of the account, in the receipts from water-rates; while the expenditure has increased on tools and plant and in the share of establishment charges allotted under the new system of accounts to irrigation works in this province.

INTEREST ACCOUNT.

REVENUE ACCOUNT.

For thirteen years during which the canal has been in full work the receipts have averaged Rs. 49,189 and the working expenses Rs. 35,549. The maintenance charges have been unduly swollen by the necessity of periodically clearing away the accumulations of silt, while, as the canals have to be closed for the purpose, the receipts too suffer at the same time. Chiefly on account of this difficulty an estimate for remodelling the Hidgellee Tidal Canal has been prepared, in which provision is made for the deepening of the present channels, for twin supply channels and an iron supply pipe, and for a new lock. These proposals, the cost of which is estimated at Rs. 7,69,150, have lately been forwarded for the consideration of the Government of India.

NAVIGATION.

The Superintending Engineer reports that the falling off in the receipts is attributable to the closure of the canal from January to March 1888 for the clearance of the heavy deposit of silt, and will recur until the remodelling of the canal is carried out. A considerable development of the traffic may be hoped for now that the Orissa coast canal has been opened throughout its length.

MISCELLANEOUS.

48. The only receipts other than tolls are miscellaneous. There is a decrease in these of Rs. 1,048, occurring chiefly in fisheries and rents of buildings.

The silt clearance of this canal, which had been postponed, as remarked in last year's note, had at length to be carried out, and to this must be ascribed the very large increase in the maintenance charges. More than 156 lakhs cubic feet of silt were excavated during the year at a cost of Rs. 30,491, Rs. 38,000 remaining to be paid in 1888-89. The expenditure on locks and buildings was also considerably in excess of that of the previous year, advantage being taken of the closure to put new mitres and cills to most of the locks, and do general repairs to gates and gearing. The establishment, which is charged proportionately to the expenditure, increased with the latter, the increase being still further enhanced under the new method of distributing the establishment charges over the various branches. The unusual appearance, therefore, of a large deficit this year is thus fully accounted for, and it is probable that another deficit will be shown in the current year on account of the charges for silt clearance in that year.

52. The following table shows the lengths of canals and distributaries open and the areas commanded and irrigable:—

Total ...	218½	148½	1,166½	1,728,509	5,955	476,400	540,000	1,016,400

The above are the revised figures furnished by the Superintending Engineer. There is a small apparent decrease of a quarter of a mile in the length of navigable canals, the length of those in the Buxar Division having been over-stated by that amount in last year's report. In the length of distributaries an addition of 8½ miles has been carried out during the year. The return does not include 13½ miles of village channels which are maintained by Government in the Buxar Division.

There is no change in the areas commanded and irrigable, the methods of calculating which for the purposes of this return were described in last year's report.

53. The following table shows the progress made with village channels and outlets:—

VILLAGE
CHANNELS AND
OUTLETS

DIVISION.		Total length of village channels completed.	Total number of temporary and perma- nent outlets.	Number of permanent outlets.
		Miles.	No.	No.
Eastern Sone Division	245½	2,394	111
Arrah Division	768	2,445	555
Buxar ,,	511½	1,160	163
Total 1887-88	...	1,525	5,999	828
Total 1886-87	...	1,518	5,652	654

Thus there is an addition of only 7 miles, all of which were constructed by Government agency, to the length of village channels. Of all the village channels now in use, 185 miles have been so constructed, and 1,340 have been constructed by villagers. Considerable progress has been made in all divisions in the construction of permanent outlets. In the Eastern Sone and Arrah Divisions there is an increase in the total number of outlets, due to increase in irrigation, and there is a slight falling off in the area per outlet. In the Buxar Division, on the other hand, numerous superfluous outlets have been removed, and, with an increase in the area irrigated, the area per outlet has risen from 5½ acres to 93 acres.

RAINFALL.

The Superintending Engineer reports:—"The rainfall during the year (40.18 inches) for the area commanded by the Sone Canals was slightly under the average (40.89 inches), and very considerably below that of the year preceding (58.84 inches). In the kharif season the difference is marked—18.59 against 32.43 inches. There was an altogether unusual fall of rain in May, averaging 7.40 inches for the different observing stations. The rainfall in September and October was deficient. There was practically no rain from the 20th September to the 12th October; and as this period includes what is known as the "Hathia Nachattar," when the rice-fields require a plentiful supply of water, the deficiency then was of great importance. The rain which fell from the 13th to the 15th of October was of great importance to the rabi crops, though not technically included in the rabi season."

AREA LEASED AND IRRIGATED.

55. The following statement shows the area leased and irrigated during the last four years:—

DESCRIPTION.	1887-88.		1886-87.		1885-86.		1884-85.

Percentage of leased to irrigated area	80.89		92.02		88.89		77.55	

Thus there is a marked increase over 1886-87 of irrigation, both under five-year and yearly leases, though the gross area falls below that returned for 1885-86 and considerably below that for 1884-85. Regarding the continued growth of the area leased for five years, it is stated that the limit of such leases has, so far as the Arrah Division is concerned, been nearly reached, as there is not much land remaining outside the leases which is suitable for constant irrigation.

Out of the 210,164 acres irrigated under five-years lease, it is estimated that 162,833 acres, or about 77·5 per cent., were cultivated under kharif,

* In the Arrah Division, on practically long lease for the irrigation of kharif crops, only actual observations are available for 55,580 acres, from which the percentages were found to be 83·6 rice, 7·5 rabi, and 9·0 sugarcane.

28,589 acres, or 13·6 per cent., under rabi, and 18,742 acres, or 8·9 per cent., under sugarcane.

These proportions have to a large extent been determined by actual observation,* and may be taken as practically accurate. They are adopted in the following statement, where the entire irrigation of three years is classified by crops and compared:—

				1887-88.	1886-87.	Difference.	1885-86.
				Acres.	Acres.	Acres.	Acres.
Kharif	220,428	177,510	+42,918	217,072
Rabi	56,090	45,351	+10,729	77,079
Sugarcane	25,007	30,055	—5,048	27,562
Hot weather	13,855	15,278	—1,423	10,857
Total				315,380	268,204	+47,176	332,570

In this statement the figures for 1885-86 are also given, as that year like 1887-88, was one of only average rainfall and of considerable activity in irrigation. The Superintending Engineer draws an instructive comparison between the two years, showing how the distribution of the rains determined the character of the irrigation. The greater area of kharif irrigation last year naturally followed from the fact that the kharif rains measured nearly ten inches less than in 1885-86. Rabi irrigation, on the other hand, is largely influenced by the quantity of the October rains. In October 1887 there was a plentiful fall of 4·48 inches, which to a great extent rendered the rabi crops independent of the canals; whereas, although the total rabi rainfall, exclusive of October in 1885-86, was 2·65 inches, against only 1·07 in 1887-88, yet in October 1885 there was less than half an inch of rain, and rabi irrigation was correspondingly brisk.

The results of the year's operations, compared with those of 1886-87, show, as regards the kharif, an increase, which extends to all divisions, whilst the increase in the rabi is almost wholly in the Buxar Division. Under sugarcane the decrease is wholly in the Arrah and Buxar Divisions, the falling off being some 3,700 and 2,100 acres respectively, whilst in the Eastern Sone there is an increase of some 700 acres. There was a considerable decrease in the hot weather irrigation in the Arrah Division, which was only partly compensated by the increase in the other two divisions.

If we compare with the figures of 1885-86, a year more similar in character with 1887-88 than 1886-87, we find that the slight increase in the kharif is wholly due to the Eastern Sone Division, which rose from an area of some 36,000 acres to 50,000 acres, the Arrah Division falling off simultaneously by some 10,000 acres. The decrease in the rabi is in all divisions, whilst the increase and decrease in sugarcane is distributed as in the comparison with 1886-87. As regards hot weather irrigation the area in the Arrah Division rose from about 2,000 to nearly 10,000 acres, the Buxar falling off by some 4,000 acres. This class of irrigation is almost wholly dependent on the supply in the river, which supply is sometimes distributed to one and sometimes to another canal, according as it is necessary to keep them open or close them for repairs and clearance. No explanation of these fluctuations can apparently be given beyond the variation in the seasons and rainfall, to which remarks have already been made.

1886-87 was a year of such plentiful rain that its results are not of much value as standards of comparison. For this reason the figures of 1885-86 are also included in this return.

The kharif duties on the Sone Canals are calculated, to use the term adopted by the Government of India, on a three-months' base, that is, on the average gross supply during the three months from August to October inclusive. The same base has been used in former returns. The average duty obtained compares unfavourably with those of 1885-86 and 1886-87, in both of which the kharif rains were heavier. On the Eastern Main Series, however, though the duty recorded is still much below that obtained on the other canals, a decided improvement is visible, which is due to the introduction of better arrangements for distribution.

In the Arrah Division, Mr. W. A. Inglis, the Executive Engineer, has calculated that the supply of water spread over the country was equal to an effective fall of 5·7 inches of rain over the entire area, the drainage of which is effected by the canals of the division.

Other calculations regarding the irrigating efficiency of each cubic foot per second, supplied during the period of high pressure which followed the failure

of the *Hathya* rains, are given in the Superintending Engineer's report. A base of 14 days (from 29th September to 12th October) is taken. The duty so determined is for the Western Main Series 47·4, and for the Eastern Main Series 38·3 acres. In these calculations it was assumed that the whole of the supply was devoted to saving the rice crop, the cane-fields not receiving their share.

An attempt was made by the Executive Engineer, Arrah Division, to ascertain the actual quantity of water used for limited areas. The observations were made under adverse circumstances, in so far as the supply was given to fields which had been laid dry in anticipation of the *Hathya Nachallur*. On the other hand, the fields being alongside of the distributary, the loss in the channel was reduced to a minimum. The result was that during a period of four days 6·3 bigahs were irrigated per 24 hours by one cubic foot per second of discharge, giving just over 6 inches in depth on the whole area; and if it be assumed, as has been proposed at various times, that one such watering in 15 days is sufficient, then 1 cubic foot per second of discharge at the outlet should be sufficient for 94·5 bighas=59 acres if the outlet be constantly open, or for 63 bighas=40 acres if the outlet runs for 10 days out of 15.

The continuation of the observations for a further period of seven days showed that 11 inches of water was given to the whole area irrigated, some of the fields receiving a second watering within five days of the first; the conclusion arrived at by the Executive Engineer was that the outlet was larger than necessary for the area served—a very just one.

The rabi duties are calculated as in former reports, on the supply utilised. A four months' base (from November to February) is taken. Notwithstanding the more favourable rainfall, the figures of the year under report work out to lower duties than those of 1885-86. Reasons for this decrease are not given in the Superintending Engineer's report, but the point is one of comparatively small importance, as cultivators are careful in their own interests to irrigate their rabi fields sparingly, and the supply of water is always plentiful and greater than the demand.

CROP
EXPERIMENTS.

59. Crop experiments to determine the value of canal water were as usual carried out. Of 333 rice fields so tested, the average yield per acre was decidedly superior in those which had been irrigated from the canals, being 17 maunds 27 seers of grain and 39 maunds 18 seers of straw, as against 10 maunds 30 seers of grain and 23 maunds 27 seers of straw from crops raised by other methods of irrigation. In wheat 212 experiments were made, and the balance both in grain and straw is slightly in favour of canal water; but this result is reversed in 21 experiments made on barley.

The Executive Engineer, Buxar Division, as the result of a hurried march through a portion of his division just before the rice was cut, states that he could safely say that the unirrigated rice had practically failed in the area traversed.

The following note by the Executive Engineer, Arrah Division, on the yield of a field which had been irrigated with canal water for the last two years is of interest:—

“One experiment of some interest was made at Nasrigunj. In village Nasrigunj field No. 653 (cadastral survey) has, since the commencement of canal irrigation, been cultivated with rice. Last season this block of land was sown with rabi crops instead, and irrigated as usual from the canal. The yield of field No. 653 was found to be 25 maunds per acre of wheat. The field had been manured by folding sheep on it. The result is satisfactory as showing that under proper cultivation a good crop of wheat can be grown with canal water. The land was originally poor, and has admittedly been much improved from the deposit of mud it has received from canal water.”

Some doubt has been thrown on the value of these experiments. The Superintending Engineer states that in future they will be conducted as publicly as possible, and that zemindars will be invited to attend. In fact, a very valuable series of experiments have lately been completed by an officer unconnected with the department, and specially deputed for the purpose, which will be reported on elsewhere. This much may be said, that they confirm to a considerable extent the accuracy of the experiments made by the canal officers as to the value of canal water.

DEMANDS AND
COLLECTIONS.

60. The following statement shows the demands, collections, and balance of water-rates for the last five years :—

YEARS.	DEMAND.			Remissions.	Net demand.	Collections.	Balance.	Percentage of collections to current demand.

As usual the figures given above are taken from those compiled by the Examiner of Accounts. The balances outstanding at the commencement and end of the year, and the amount of remissions, agree with those given by the Commissioner and Collectors, but there are discrepancies in the remaining items, due chiefly to the omission of miscellaneous revenue, and it has been found impossible to adjust them, though they are explained as far as practicable by the Superintending Engineer.

In the figure given above as the amount of the current year's demand, assessments of Rs. 1,30,559 are included, which were not legally recoverable till after the close of the year.

ARREARS.

61. The following analysis of the collections is intended to show the extent to which not only the current demand, but also the arrears of 1886-87 and earlier years, have been worked off. The figures are obtained from statement III attached to the Commissioner's reports. Though these have not in every case been found to agree exactly with the figures in the body of the report, the discrepancies are very trifling and do not affect the calculation of percentages :—

	Demand of 1887-88 how composed.	Collected or remitted.	Percentage of demand adjusted.	Balance outstanding at close of year.
	Rs.	Rs.		Rs.
Arrears of 1884-85 and earlier years	48,376	26,063	60.0	17,313
Arrears of 1885-86	48,016	26,999	62.2	16,016
Arrears of 1886-87	1,45,191*	1,19,345	82.2	25,846
Total of arrear demand outstanding on 1st April 1887	2,31,582	1,72,407	74.4	59,175
Current demand of 1887-88	7,22,695	3,70,593	51.3	†3,52,102
Gross demand (including arrears)	9,54,277	5,43,000	56.9
Total outstandings at close of year	†4,11,277

* Includes Rs. 48,645 not legally recoverable within the year 1886-87.
† Includes Rs. 1,30,559 not legally recoverable within the year 1887-88.

The arrear balance with which the year commenced agrees with that shown in the returns of the Examiner of Accounts. In the closing balances shown in the two statements, there is a difference of Rs. 4 only. But the Examiner of Accounts, who includes the miscellaneous assessments and collections made within the year by the Collector of Shahabad, returns the gross demand at Rs. 9,57,392 and the gross collections and remissions at Rs. 5,46,111, the percentage being 57.0.

The closing arrear balance is extremely high, exceeding that left over from the previous year by more than 1½ lakhs, while if the dues not legally recoverable within the year are not counted, the excess is still nearly a lakh, the figures for 1887-88 being Rs. 2,80,718 and for 1886-87 Rs. 1,87,914. It will be noticed, however, that the failure to collect occurred only in dealing with the current demand, as of the arrears of earlier years some Rs. 60,000 is all that still remains. These points are brought out in the table above given.

There can be little doubt that the agitation which led to the appointment of a Committee of Enquiry prejudiced the collections in more ways than one. The reluctance of the cultivator to pay was increased by exaggerated hopes of

remission. At the same time there was a great increase in the objections against the measurements, pending the disposal of which demand statements were kept back in the offices of Executive Engineers. From this delay in the issue of the demand statements, which is noticed in the reports of the district officers, the current collections of course suffered.

62. The following statement gives a comparison by districts of the operations of the year :—

The result of the operations cannot be considered satisfactory, the percentage of adjustments having been lower in all districts. Taking the total demand, both arrear and current, the Commissioner writes :—

“From the above figures it will be seen that both in Gya and Shahabad 60 per cent. of the total demand was adjusted during the year under report, while the adjustment in Patna was only 36 per cent., or a little more than one-third. On this subject Mr. Quinn, Collector of Patna, writes :—‘The circle officer attributes the bad collections to the normal reluctance of the cultivators to pay their dues, increased this year by the false hopes of abatement or exemption excited by the appointment of the Irrigation Commission. There is no doubt a good deal of truth in these pleas, but they cannot be accepted as an explanation. Much of the reluctance to pay is no doubt due to a feeling on the part of rate-payers that they have not been supplied with water in such a way as to secure a full outturn of the crops, and much of the failure to collect is due to the indolence and dishonesty of the tehsildars, which it is the duty of the circle officer to counteract. Since the close of the year there has been some improvement.’ Some of the tehsildars in this district who did not submit their account papers and money on requisition were suspended and afterwards dismissed, and one who, after keeping back his collections and accounts for a long time, finally forged a receipt to prove that he had paid in the money was criminally prosecuted, and was sentenced by the Patna Sessions Court to four years’ rigorous imprisonment.

“In Gya a tehsildar was dismissed for making bad collections and keeping his accounts in a confused state. He misappropriated some Government money, and has been prosecuted.

“In Gya and Shahabad also the bad collection during the year was due to some extent to the agitation and the appointment of the Irrigation Commission. Rate-payers withheld payment in hopes of getting either entire or partial remission by way of reduction of rates, &c.

“Thus there were heavier balances in all the three districts at the close of the year, as compared with the balances with which the year opened.”

63. Remissions show a great reduction in amount.

	1887-88.	1888-87.

REMISSIONS.

If refunds and cancelled khatianis are included, the result compares still more favourably.

Remissions and refunds	13,612	21,055
Cancelled khatianis	5,201	13,585
Total remitted by canal officers	18,813	34,640

Remissions by civil officers are of those arrears which it was found necessary to write off as irrecoverable.
The remissions by canal officers may be divided thus:—

			Percentage of remissions and refunds to gross demands.	
			1887-88.	1886-87.
Eastern Sone Division	0 74	0 64
Arrah Division	1 95	2 43

which may be considered satisfactory.
64. The expenditure on the revenue establishments employed is shown below:—

REVENUE ESTABLISHMENTS.

		1887-88.		1886-87.	
		Amount.	Percentage on collections.	Amount.	Percentage on collections.

Total	...	1,35,243	26 02	1 43,660	17 38

The figures are supplied by the Examiner of Accounts. There is an increase in the cost of permanent establishment under Executive Engineers, consequent on an increase in the sanctioned scale of pay, while in temporary establishment reductions have been made possible by the extension of long leases. The headmen's fees paid during the year were earned in that previous, and the lesser expenditure is due to the decreased area under irrigation then. The percentage of cost is greater owing to the deterioration of the collections already noticed.

COST OF MEASUREMENTS, &c., PER ACRE

65. As regards the area assessed, the cost per acre is less than in the previous year, due to the increased area in 1887-88. There is, however, a decrease both in the absolute and relative cost of temporary establishment, which is satisfactory in every way.

Below is the usual approximate statement of cost of measuring lands brought under assessment during the year, and of preparing demand statements. The increase in the area assessed is followed by a corresponding reduction in the cost per acre of assessment.

DIVISION.					COST OF MEASURING CROP.		COST OF PREPARING DEMAND STATEMENTS.

Total 1886-87	132,980	7,961	11 49	4,954 7 15

The rates are the lowest since 1884-85.

66. The Superintending Engineer observes that when there is any dispute as to irrigation, there is still great difficulty in securing the attendance of putwaris, but that the extension of five-year leases has rendered their attendance of less importance. PUTWARIS.

67. Complaints of wrong assessment, received in this year or pending from the previous year, rose in number from 6,021 to 6,478, and miscellaneous complaints from 403 to *2,357: 625 complaints of wrong assessment and *146 miscellaneous had not been disposed of at the end of the year. COMPLAINTS.

An analysis of the assessment-complaints is given in the Superintending Engineer's report, from which it appears that, excluding 1,344 complaints in the Ageaon subdivision, where the office registers were destroyed by fire, and which therefore cannot be classified, the applicants in 1,612 cases alleged that their crops had not been irrigated; in 1,121 that they had suffered from deficiency of supply; in 831 that they had been over-measured; and in 673 that they had been assessed under wrong names. Out of the 6,123 assessment-complaints disposed of, remissions were allowed in 2,285, or 37·3 per cent. In the previous year the percentage was 42·5. Of the other complaints, 31 related to drainage.

68. 41 appeals against the decisions of canal officers were preferred before the Collectors, of which 15 were wholly or partially allowed, 20 dismissed, and 6 are pending. APPEALS.

69. The number of certificates filed during the year in the Patna district increased from 2,542 to 3,502, and in Shahabad fell from 8,826 to 1,617. In the former district 2,421 cases were pending from the previous year, giving a total of 6,223; of these, only 2,178 were disposed of, leaving a balance pending of 4,045. Nothing is said as to how they were disposed of, or what sum was realised on them. The Collector states that the amount covered by the 3,802 certificates was Rs. 13,811. On account of the slow progress additional mohurirs were appointed to assist in the certificate department in the latter part of the year. It is stated that progress has since improved. The circle officer of Gya states that in that district the collections under the certificate procedure amounted to only Rs. 307. CERTIFICATE PROCEDURE

The information on this point given by the Collector of Shahabad is very complete, and is embodied in the following table:—

	1886-87.		1887-88.	
	Number.	Amount.	Number.	Amount.

Balance outstanding at the close of the year ...	6,692	44,195	967	17,913

On these results the Collector offers the following remarks:—

“The above figures speak for themselves and show satisfactory results. The institutions were considerably less in number than usual owing to the arrears having been considerably reduced at the close of 1886-87, while the disposals were considerably larger than the institutions, and consequently the balance small. It will be seen that a large number of cases was struck off. These covered bad and irrecoverable debts.”

The Commissioner will be asked to have information in other districts given in a similar form in future.

* Exclusive of those in the Ageaon subdivision, the records of which were destroyed by fire.

There has been a falling off in the traffic during the year, whilst there has been a small increase to the total tollage assessed. On the Patna Canal system there is an increase in every way, and the increase in tollage amounts to Rs. 5,560, largely due to the extended rafting operations between Baroon and Patna. On the Arrah and Buxar Canals systems there is a decrease under all heads; and when the number of years during which the canals have been open to navigation is considered, the want of elasticity shown in these returns is discouraging. The decrease in the ton-mileage is relatively smaller than the decrease in tonnage, showing that longer trips were on the average made.

NAVIGATION
ESTABLISHMENT.

72. The cost of the establishment employed on navigation was Rs. 13,212 against Rs. 13,379 in the previous year.

TRANSPORT
SERVICE.

73. The transport service, which is managed by a contractor, continues to be maintained with regularity, and is popular.

74. The miscellaneous receipts for the last five years are given in the following table:—

MISCELLANEOUS

Total	28,459	37,714	38,080	40,354	34,405

The chief decreases will be observed under "Rent of lands," of which the explanation is that it has been found necessary to retain possession of land required for repair purposes, owing to difficulties experienced in dispossessing the occupants when required; and under "Cost of processes," probably due to the issue of fewer cortificates by the Collector.

75. The state of the plantations in each Division at the close of the years 1886-87 and 1887-88 is shown in the statement following:—

PLANTATIONS.

DIVISION.	1887-88.				1886-87.				Increase.	Decrease.

The expenditure on plantations was Rs. 8,300* and the receipts Rs. 394, against Rs. 5,189 and Rs. 319, the respective amounts in the previous year. It is pointed out that it has not been usual to credit plantations with the value of trees cut down and used for lime manufacture and similar work. Orders have since been issued on the subject, and the value of such trees will in future be charged against the works on which they are used.

76. The receipts on revenue account and working expenses (direct charges) of the Sone Canals for the year 1887-88 and the four preceding years are shown in the statement below:—

Net profit, exclusive of indirect charges	(—)1,13,361	3,36,998	5,10,276	2,58,513	89,330

The change of a net revenue of nearly 3½ lakhs to a deficit of over 1 lakh is mainly due to the falling off in the water-rates, and the increase from some Rs. 71,000 to Rs. 2,10,000, for the direction, account and executive, under the new system as already explained.

REPAIRS TO HEAD- WORKS

77. The cost of repairs to head-works during the last five years was as follows:—

	1887-88.	1886-87.	1885-86.	1884-85.	1883-84.
	Rs.	Rs.	Rs.	Rs.	Rs.

Total	60,147	78,989	42,005	39,384	28,709

The outlay on the Sone weir was again swollen by payments in connection with the rebuilding of the river sluices. Excluding these special repairs, it was Rs. 25,139 only. The excess on 'other works' occurs chiefly in the repairs of the head-sluice and on station roads.

MAINTENANCE OF MAIN CANALS AND DISTRIBUTARIES

78. The outlay on main canals and distributaries in each division can be compared below:—

	Arrah Division.		Buxar Division.		Eastern Sone Division.	
	1887-88.	1886-87.	1887-88.	1886-87.	1887-88.	1886-87.

Total	1,16,150	1,05,885	47,844	60,139	79,817	58,296

These figures are taken from the Superintending Engineer's report, and agree with those of the Examiner. The cost of maintenance, excluding head-works and telegraph lines, is Rs. 2,42,820 against Rs. 2,24,290 shown last year.

SILT-CLEARING AND DREDGING.

79. On the Eastern and Western Main canals the excess occurs under silt-clearing and dredging. The former canal was closed for one month at the beginning of the year, and about two lakhs of cubic feet were cleared by hand. The large accumulation of silt deposited in the main canals during the rains was a consequence of the high discharges which it was necessary to keep up for irrigation purposes at a time when the Sone was in flood and its waters consequently heavily silt-laden.

The quantity of silt dredged from the main canals, and the rate at which the work was done, are given below:—

CANAL.	1887-88.			1886-87.		
	Cubic feet dredged.	Cost, including removal over spoil bank, or discharge into river.	Rate per 1,000 cubic feet.	Cubic feet dredged.	Cost, including removal.	Rate per 1,000 cubic feet.
		Rs.	Rs. A. P.		Rs.	Rs. A. P.
Eastern Main	3,086,923	17,521	5 11 6	1,864,643	8,500	4 8 11
Western Main	7,700,055	46,049	5 14 10	4,176,601	30,946	7 6 6

The cost of removal, as shown above, varies with the height of the spoil bank over which the silt has to be carried, or the distance of the river from the point at which the dredging takes place. The cost of dredging alone increased in the Eastern Sone Division from Re. 1-1 6 to Re. 1-9-8 per thousand cubic feet, the rise being due to the use of coal instead of wood. In the Arrah Division, the rate, inclusive of the delivery of the silt in punts at the side of the canal, was stated in the report of last year at Rs. 3-8-11 per thousand cubic feet. In the report now received, the average rate at which the same work was done in 1887-88 is returned at Rs. 2-3. of which 5 annas is the proportion of cost incurred in the haulage of the punts. Reasons are not given for the fall thus apparent in the rate.

The Superintending Engineer has given some very interesting information in connection with the working of the various classes of dredgers. From this

it would appear that the Fouracres' type of dredger is the most suitable for the work, as four of them excavated 2,035,870 cubic feet of silt at an average rate of Rs. 4-5 per thousand cubic feet and at a cost of repairs (deduced from the total cost on 12 of them) of Rs. 2,488, as against one English dredger's work of 1,021,053 cubic feet excavated at an average rate of Rs. 5-11-6 per thousand cubic feet and at a cost in repairs (deduced from the total expenditure on two of them) of Rs. 1,449. It is, however, impossible to make a complete comparison without introducing a charge for interest and depreciation, and although the Superintending Engineer in his last year's report gave figures for these, they were for a whole year; whereas it is clear that the factor of time during which the dredger was at work or laid up on account of that work cannot be neglected, and this important item cannot be obtained from the data given by the Superintending Engineer.

The quantity and cost of silt clearances by hand in the Eastern Main Canal is as follows :—

	1887-88.			1886-87.		
	Cubic feet cleared by hand.	Cost.	Rate.	Cubic feet cleared by hand.	Cost.	Rate.
		Rs.	Rs. A. P.		Rs.	Rs. A. P.
Eastern Main	1,981,162	9,681	4 13 6	1,105,622	4,697	4 6 4

In both years the quantity cleared on the Western Main Canal was inconsiderable.

Apart from the outlay on main canals, the cost of maintenance shows, on the Arrah Division, an increase of Rs. 3,814, which can again be traced to silt-clearance; while in the Buxar Division, where, as noted last year, the repair work done in 1886-87 was unusually large, there is a decrease of Rs. 13,697. In the Eastern Sone Division there is an increase of Rs. 7,046, occurring partly under 'Earthwork,' due to the raising in places of the banks of the Patna canal and the resectioning of those of some distributaries, and partly under 'Contingencies,' to which the cost of a fresh demarcation of distributary lands, which was found necessary, was charged.

80. The cost of weed-clearing increased by Rs. 318 :—

The principal causes of increase in expenditure and consequently in rates per mile on canals and distributaries in the several divisions have already been explained, and it is therefore unnecessary to repeat the explanation here.

CLOSURES.

82. The Eastern Main series were closed from the 17th April to the 16th May 1887, and the Western Main series from the 15th May to the 20th May.

FLOODS.

83. There were no floods of importance, the river rose rather more than one foot higher than its highest level of last year.

CALCUTTA AND EASTERN CANALS.

84. The manner in which the duties of maintaining and administering these canals are distributed between the Executive Engineer and the Collector and Supervisor was described in last year's report, and no change has been made.

The Capital and Revenue Accounts are given below:—

ACCOUNT.

There is no interest account, the whole expenditure having been defrayed from Provincial funds.

85. The following statement shows the financial results of these canals for the last ten years. The figures are for direct charges only:—

(a) Is Rs. 35,185 larger than it should be by reason of error of account.
(b) Is Rs. 35,185 smaller ditto ditto ditto.

Both the gross and net revenues are the largest since 1876-77 inclusive, and probably the largest that have ever been realised, although the percentage of net direct revenue to direct expenditure on capital account has been once higher, viz. in 1877-78, when it was 8.1 per cent. But the expenditure on capital account up to the close of that year was only Rs. 31,68,162, against Rs. 51,79,566 now. The expenditure, though larger than that of the previous two years, is still some Rs. 15,000 below the average of the previous ten years. Including indirect charges, the net revenue gives a return of 6.78 on the expenditure under capital account.

86. The following statement shows the details of the revenue collections during the year:—

* Inclusive of empty and passenger boats.

The increase in the gross revenue occurs entirely in receipts derived from the traffic. On other sources of receipt there is a decrease, chiefly caused by the transfer of surplus canal lands to the Civil Department, where the proceeds are now credited.

87. The following statement shows the number of the different classes of boats which passed through the canals during the year:—

BOATS.

	NUMBER OF BOATS OF THE FOLLOWING MEASUREMENT BY CANAL RULES.					
	Up to 100 maunds.	Between 100 and 1,000 maunds.	Between 1,000 and 2,500 maunds.	Between 2,500 and 5,000 maunds.	Over 5,000 maunds.	TOTAL.

Total 1886-87	48,989	43,777	22,461	1,805	49	145,011

An increase of 23,287 has thus taken place in the number of boats, to which every class of boats has contributed. Regarding the small boats which enter Tolly's Nullah at Russah, the Superintending Engineer notices that,

though there is an increase in numbers, it is accompanied by a slight falling off in toll collections. The cause of this is found in the deterioration of the Kaurapokur khall, a feeder which has not hitherto been included in the Calcutta and Eastern System of canals. A survey of this khall has now been ordered with a view to its improvement and future maintenance by Government.

88. The increase in the tonnage of the boats and in the weight and value of the cargoes is apparent in the following comparison of the results of three years :—

		Number of boats.	Tonnage of boats by canal measurement.	Weight of cargo carried.	Value of cargo carried.	Tollage, including downrriage.	Percentage of toll on value of cargo.

Total		147,059	2,474,399	1,063,143	6,01,40,302	4,92,213	0.82

A reference to form IID of the statistical table makes it evident that the expansion has taken place in the grain and jute traffic, the latter being included under " Miscellaneous." Of rice, 355,240 tons were carried, against 240,756 tons in the year previous. Jute has risen from 90,416 tons to 124,630 tons. Other branches of trade have either remained steady or shown decreases.

89. The tollage realised on steamers and flats using the Sunderbund route was Rs. 4,445 against Rs. 4,365, and was collected on 889 vessels against 873 in the previous year.

90. Of missing tickets there were 677 against 542 of the previous year. The increase occurs chiefly at the Dhappa and Russah toll stations on tickets issued for Tolly's Nullah, that being an open channel from which the boats have opportunities of escaping. On the whole, the missing tickets are few in proportion to the number of boats frequenting the canals, and the check now exercised over the toll collections is much better than under the system of former years.

91. The table below compares the entire cost of the revenue establishment under the Collector and Supervisor with the gross collections made by him :—

		Gross collections made by Supervisor.	Cost of entire revenue establishment.	Percentage.
		Rs.	Rs.	
1887-88	...	5,78,288	38,920	6.73
1886-87	...	4,81,048	42,714	8.84
1885-86	...	5,13,839	44,751	8.70

There has been an increase of Rs. 1,868 in the salary of the Supervisor, due to increased toll collections and consequent increase in commission payable to him. This, however, has been more than counterbalanced by the savings on most of the other sub-heads, regarding which the Superintending Engineer reports :—" The decrease in the salary of Inspectors is owing to the abolition of the Chitpore Inspectorship and saving from the pay of the Russa Inspector on furlough since December 1887. Reductions have also been effected in office establishment, canal police and domes. The decrease in contingencies is caused by there being no office rent to pay during the year, as the office has been removed to a building belonging to Government."

The result of the reduction in cost of establishment, whilst there has been a large increase in the number of boats measured, is that the cost per boat measured has fallen from 4.69 annas to 3.68 annas.

92. The charges (direct and indirect) of the year, inclusive of the cost of the extensions and improvements carried out, come to Rs. 2,24,656, against 1,92,264 for 1886-87. The summary below shows that the excess has occurred mainly under establishment and tools and plant:—

MAINTENANCE CHARGES.

	1887-88.	1886-87.
	Rs.	Rs.
Extensions and improvements ...	1,478	5,092
Maintenance and repairs ...	1,01,527	1,02,480
Establishment ...	88,168	66,969
Tools and plant ...	18,139	8,347
Indirect charges ...	12,344	9,376
Total ...	2,24,656	1,92,264

The increase under establishment is an increase only of account. The increase under tools and plant is due to heavy expenditure incurred on the dredging plant. Regarding maintenance, extensive repairs were again carried out on the bridges over Tolly's Nullah, while the expenditure on repairing and protecting the canal banks was Rs. 19,921 against Rs. 11,521. The cost of maintaining the steamer route was increased by the necessity of blowing up two wrecks, which were a source of danger in the channel. The work was carried out for Rs. 6,317, of which Rs. 3,000 was paid within the year.

93. 350,700 cubic feet of silt were removed by the dredgers at an average rate of Rs. 9-8-4 per thousand. The corresponding rate during 1886-87, when 985,650 cubic feet were removed, was Rs. 8-13.

The original estimate sanctioned for the Orissa Coast Canal amounted, including indirect charges, to Rs. 36,02,297, which has been exceeded by the expenditure already incurred. A revised estimate of Rs. 44,74,941 has recently been submitted for the approval of the Government of India. The canal is now in full work, and, with the exception of perfecting arrangements for feeding Range IV B by means of an iron supply-pipe, the provision of dredging plant, some earthwork in bed which it is proposed to remove by dredging, and some minor works, may be considered practically complete.

The expenditure has been entirely from Provincial Funds, with the exception of Rs. 8,66,000 contributed from Imperial Protective Funds. There is not interest account.

During 1886-87, 91 miles were temporarily opened for traffic for 5½ months. For that year the receipts were Rs. 29,488 and the working expenses Rs. 59,704, showing a deficit of Rs. 30,216. On the 1st September 1887 the canal was opened to traffic throughout its entire length of 97½ miles.

The receipts show that the traffic is being steadily developed. The expenditure, on the other hand, was abnormally increased by the necessity of making good the damage caused by the cyclone of May 1887. As the canal was entirely open for only a part of the year, calculations of the mileage rate of repairs and a detailed comparison of the expenditure with that in previous years are for the present unnecessary, although it may be mentioned that the increase of tolls on all the ranges shows that all have participated in the advantage of the through opening.

The usual information regarding the traffic will be found in tables I and IID. These do not appear to call for comment at present, but it is satisfactory to note that the number of boats has increased by nearly 3,000, or nearly 33 per cent.; their registered tonnage by more than 52,000 tons, or 70 per cent., whilst the ton-mileage and value of cargo have nearly doubled. The number of passengers rose from 6,110 to 29,704, probably due in great measure to the losses of sea-going steamers.

SARUN CANALS.

95. The Capital and Revenue Accounts of these canals are given below:—

			Deficit ...	7,455	65,926
Total ...	28,120	2,04,967		28,120	2,04,967

The working expenses, as shown in this statement, are greater than those of the previous year, which were returned at Rs. 27,903. It is as well to note, however, that greater economy was observed in the actual repairs, which cost Rs. 18,601 in 1887-88, as against Rs. 23,481 in 1886-87, and that the excess takes place entirely in the share of establishment charges allotted to the work, which was Rs. 9,119 as against Rs. 5,400.

96. Among the maintenance charges there is an item of Rs. 681, the cost of a new sluice built under the Sarun-Gunduk embankment to drain impounded water. Of silt, 1,489,000 cubic feet were cleared from the channels at an average rate of Rs. 3-10. In 1886-87 the quantity was 2,359,940 cubic feet, and the average rate Rs. 3-8.

MAINTENANCE.

97. These canals were constructed primarily for the supply of water for indigo manufacture. The irrigation is conducted by the gentlemen appointed to be canal managers, who are also the guarantors of the revenue. 4,218 acres were irrigated, of which 1,699 acres were paddy and 2,193 were rabi, including opium. The Superintending Engineer reports that during the rabi season there was a large demand for water for indigo sowings. 105 cubic feet per second was the average discharge supplied during the kharif months and 201 during the rabi months.

IRRIGATION

The areas irrigated for all years since 1881-82 are as follow :—

1881-82	666
1882-83	1,741
1883-84	21,122
1884-85	7,223
1885-86	4,565
1886-87	2,146
1887-88	4,218

98. The annual amount for which the guarantors have made themselves liable is Rs. 21,850. The actual amount collected during the year was Rs. 21,070, so that there is an increase in the arrear balance shown at the end of the year. The following statement of account is taken from the Superintending Engineer's report :—

COLLECTIONS

	Rs.
Balance unrecovered on April 1887 ...	23,541
Assessment of the yearly guarantee ...	21,850
Miscellaneous revenue by Executive Engineer ...	—405*
Not demand ...	44,986

Total Collections ...	20,665
Balance on 31st April 1888 ...	24,321

* A minus quantity made in rectification of an error in the previous year's accounts.

The results of the collections is considered by the Commissioner to be unsatisfactory, and guarantors have been called on to pay the balance of their dues without further delay.

EXPIRY OF
GUARANTEE.

99. A proposal has been made to increase the efficiency of these canals by the construction of a masonry dam to force the water of the Sota into the Gundaki channel, at a cost to Government of Rs. 48,307. The expediency of incurring this expenditure will be considered with that of renewing the existing guarantee, which will shortly expire. The financial results shown by the guarantee-system have not been encouraging, and it is clear that, if that system is to be continued, the conditions on which it is framed will require to be considerably remodelled.

There have been several changes in the guarantors' *dehats*, the particulars of which are given by the Superintending Engineer in his report, but it appears unnecessary to include them in this note.

NUDDEA RIVERS.

100. No capital or revenue accounts are kept for these works. It was stated in last year's revenue report that a proposal to transfer the management of these rivers from the Board of Revenue to the Public Works Department was under consideration. The transfer has since been accomplished, though not till the close of the year under report, during which the administration remained in the hands of the Board, through whom, as in previous years, the annual account of the revenue has been furnished to Government.

REVENUE AND
EXPENDITURE.

101. The receipts and working expenses for the past eight years are shown in the following statement:—

YEAR.	RECEIPTS.			Working ex- penses.	Net revenue.
	Navigation.	Miscellaneous.	Total.		
	Rs.	Rs.	Rs.	Rs.	Rs.
1880-81	2,31,957	676	2,32,633	1,21,846	1,10,787
1881-82	2,10,011	1,179	2,11,220	2,70,720	(-)59,500
1882-83	1,82,351	616	1,82,967	1,18,231	64,736
1883-84	2,00,908	1,926	2,02,834	1,22,378	80,456
1884-85	1,94,941	476	1,95,467	97,335	98,122
1885-86	1,83,382	399	1,83,781	77,688	1,06,113
1886-87	2,02,707	543	2,03,250	60,213	1,43,037
1887-88	1,98,318	357	1,98,675	92,022	1,06,653

Thus, to compare with the previous year, there is a falling off of Rs. 4,575, or 2.1 per cent., in the receipts, coupled with a rise of Rs. 31,809, or 52 per cent., in the working expenses. The net revenue has consequently declined by Rs. 36,384, or 25 per cent.

TRAFFIC.

102. The Administration Report submitted by the Commissioner of the Presidency Division through the Board of Revenue gives the following details of the number of boats which plied on the Nuddea rivers during the year compared with the year 1886-87:—

YEAR.	NUMBER OF BOATS.					NUMBER OF STEAMERS AND FLATS.		Number of rafts, &c.	Total number.
	Below 100 maunds.	Above 100 maunds.	Passenger boats.	Empty boats.	Total boats.	Steamers.	Flats.		
1886-87	1,284	28,013	23,251	11,193	65,640	354	121	755	66,870
1887-88	1,789	28,711	22,433	11,094	64,927	351	81	550	65,919

The traffic during the last two years is shown in the following statement, of which the figures are taken from the monthly traffic returns:—

YEAR.		Number of boats.	Tonnage of boats.	Value of cargo.	Tollage (assessed or earnings).
		No.	Tons.	Rs.	Rs.
1886-87		66,313	828,539	3,57,12,518	2,02,611
1887-88		66,319	793,847	3,41,40,361	1,98,274

There is a difference in the total number of boats as returned by the Commissioner and as compiled from the monthly traffic statements. Both the above tables agree, however, in showing a decrease of close on 1,000 boats; the decline in the assessments being Rs. 4,337, or 2·14 per cent. The receipts no doubt suffered mainly because, of the three channels which furnish alternative routes to traffic, it was found during the low water season that only one (the Bhyrub-Jellinghee) could be maintained in a navigable condition. The entrance to the Bhagirathi became so deteriorated that the reading on the Berhampur gauge fell to 1' 9" above zero on the 30th January 1888, whereas on the same date in 1887 it was 4' 11". The steamer service was with difficulty maintained as far as Cutwa. Further deterioration of the entrance of the Matabhanga also rendered it impracticable to keep it open for navigation, although a sufficient supply for drinking purposes was passed down.

On the Bhyrub-Jellinghee the collections were greater by Rs. 2,991, the increase occurring chiefly under gram, pulse, and rafted timber. The falling off on the Bhagirathi was Rs. 3,395, occurring chiefly under salt; and on the Matabhanga Rs. 4,045, under rice and jute.

103. The charges against revenue for the past five years are detailed in the following statement:—

CHARGES.

YEAR.	CHARGES IN PUBLIC WORKS DEPARTMENT.							CHARGES IN CIVIL DEPARTMENT.	GRAND TOTAL.
	Works.	Maintenance and repairs.	Working Government steamers.	Petty items.	Establishment.	Tools and plant.	Total.	Charges for collection.	
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1883-84	1,091	81,618	549	352	10,207	(-)-1,502	1,01,240	21,129	1,22,378
1884-85	30	67,579	935	2,276	12,976	1,749	76,545	20,700	97,335
1885-86		42,124	800	1,422	9,901	1,759	66,000	21,602	77,668
1886-87		20,327	1,200	1,664	6,605	1,409	37,685	25,623	60,213
1887-88		47,282		(-)-778	19,740	3,593	69,840	22,176	92,022

Regarding the greater cost of maintenance and repairs, the Superintending Engineer explains that Rs. 37,073 (as against Rs. 17,744 in 1886-87) was spent in training the Bhagirathi river, though, as already pointed out, the efforts to keep this channel open during the dry season resulted in failure. The share of establishment charges allotted against the works in the Public Works Department has increased by over Rs. 13,000.

104. In the cost of collection incurred in the civil department a reduction of Rs. 452 has been effected, but on account of the falling off in the gross revenue the percentage has risen from 11·1 to 11·2. The cost per boat measured is about the same as last year, viz. 5·4 annas.

COLLECTION CHARGES.

EDEN CANAL.

105. There are no capital or revenue accounts for this canal, which has been constructed entirely from Provincial funds, and has for its primary object the supply of drinking water to the villages on its banks and in the neighbourhood of the various minor natural channels supplied by it. It is also the source of supply for the Burdwan water-works.

106. The expenditure for the year was as follows:—

EXPENDITURE.

	Rs.
Works	8,628
Maintenance and repairs	20,498
Establishment and tools and plant	12,643
Total	41,769

against an expenditure of Rs. 48,424 in the previous year. The repairs, &c., were of the usual nature.

107. The revenue derived was Rs. 918, against Rs. 810 in the previous year, and was entirely on miscellaneous account. No workable scheme for regular irrigation from this canal has yet been submitted.

REVENUE

MADHUBAN CANAL.

108. This is a small provincial work, for which no capital or revenue accounts are kept. There was no irrigation from the canal owing to the breach in the weir mentioned in last year's report.

EXPENDITURE. 109. The expenditure for the year was as follows:—

	Rs.
Works	4,729
Maintenance	1,810
Establishment and tools and plant	3,282
Total	<u>9,821</u>

that for the previous year was Rs. 6,941, there being increments in all items, but especially in establishment. The masonry of the Teur weir was completed before the rains, and the whole work practically finished by the close of the official year.

REVENUE. 110. The only receipts were Rs. 9 for fishing rents.

GENERAL REMARKS.

NET INCOME.

111. There has been a deficit in the year 1887-88 in working the Major Irrigation Works in Bengal, amounting to Rs. 4,00,356, thus:—

	Rs.
Gross direct receipts	11,03,229
Ditto charges	15,03,585
Deficit	<u>4,00,356</u>

The budget estimate for net revenue was (—) Rs. 92,000, and the revised estimate was (—) Rs. 1,67,000, thus:—

	Budget.	Revised estimate.
	Rs.	Rs.
Direct receipts	13,58,000	13,58,000
„ charges	14,50,000	15,25,000
Net revenue	<u>(—) 92,000</u>	<u>(—) 1,67,000</u>

It will thus be seen that a considerable defect in the year's working was anticipated, but the actual deficit is more than double this, and is wholly due to the failure in the collections, the charges having been somewhat under what had been estimated. The short realisations were practically wholly on the Sone Canals and under water-rates, the irrigation receipts being more than 2½ lakhs short of the revised estimate. This serious defect was in a great measure due to the collections in the last few months of the year having been very far below the usual proportional amount collected in those months. Still a very grave oversight was undoubtedly made in not altering the figures in the revised estimate, when it was clear not only that the arrear balance was smaller than in the previous year and hence that the total amount to be collected was also probably smaller but that the collections were getting far behind-hand, and that the agitation which brought about the enquiry into the Sone Canal system was affecting in a most marked manner the realisation of the revenue.

EARNINGS.

112. The principal results of the year, based upon the "Earnings," as compared with similar results of the previous year, are shown in the following statement:—

	1886-87.	1887-88.
	Rs.	Rs.
Orissa Canals	(—) 2,93,621	(—) 2,45,842
Midnapore Canal	5,729	6,007
Hidgellee Tidal Canal	31,569	(—) 23,037
Sone Canals	2,05,593	92,863
	<u>(—) 50,730</u>	<u>(—) 1,70,009</u>

VALUE OF CROPS.

113. The approximate value of crops irrigated by Major Irrigation Works during the last two years is shown below :—

CANALS.		1886-87.		1887-88.	
		Area irrigated.	Value of crops.	Area irrigated.	Value of crops.
		Acres.	Rs.	Acres.	Rs.
Orissa Canals	...	77,709	9,75,447	109,506	12,88,956
Midnapore Canal	...	69,762	15,34,764	65,864	13,17,280
Sone Canals	...	268,204	67,43,580	315,380	63,13,397
Total	...	415,675	92,53,791	490,750	89,19,633

It will be noticed that whereas there has been an increase in the area of over 75,000 acres, the value of the crops has fallen by Rs. 3,34,000, and further that this state of affairs is chiefly due to the figures for the Sone Canals, where, with an increase in the area of more than 47,000 acres, there is a decrease in the value of Rs. 4,30,000. It is quite possible for this to be the case even under ordinary fluctuations in the market price, but an analysis of the divisional figures gives the following somewhat curious results as regards the comparative values per acre of the chief crops in the three divisions :—

CROPS.	RATES PER ACRE.					
	1886-87.			1887-88.		
	Eastern Sone.	Arrah.	Buxar.	Eastern Sone.	Arrah.	Buxar.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Sugarcane	7 2	100	100	3 6	40	100
Wheat	6 5	20	17 2	34	7 5	16 9
Barley	11 2	15	15	22 5	12 5	15
Rice	10 8	15 4	20	24	15	20
Miscellaneous cereals	6	15	25	12 5	12	14
Opium	375	35	50	75	40	50

The above rates, taken in combination with the areas of the respective crops, show that the curious diminution in value is due chiefly to the lower rate for sugarcane in the Arrah Division and for opium in the Eastern Sone Division. Considering the general steadiness of the rates in the Arrah and Buxar Divisions, the fluctuations in the Eastern Sone appear to call for explanation, as do the differences in the rates in the three divisions for sugarcane and opium. The Superintending Engineer's attention will be called to the matter, for, looking at this variety of rates, Statement III E cannot be considered trustworthy.

114. The state of the canal plantations on the major works is shown in the statement below :—

NAVIGATION
RECEIPTS.

The falling off of upwards of 18,000 trees on the Orissa Canals is ascribed to injury caused by excessive heat, storms, and white-ants

115. The following table shows the total of toll collections on the canals in Bengal, distinguishing between canals solely for navigation and those for irrigation and navigation, with percentage of cost of establishment for collection and cost of measuring each boat:—

GRAND TOTAL	9,74,413	11,07,610

* Do not include ferry tolls or miscellaneous receipts.

In the case of the canals for irrigation and navigation there is an increase in the toll collections of some Rs. 26,000, which is distributed over all the canals, the Orissa and Midnapore, however, being the chief contributors, the receipts having more than recovered the falling off which 1886-87 showed as compared with 1885-86. The toll collections under canals for navigation only show an increase of Rs. 1,07,000, the Calcutta and Eastern Canals being accountable for nearly 1 lakh of this and the Orissa Coast Canal for the remainder, having nearly doubled its income of the previous year. This increase, however, is reduced by the falling off in the other two canals. In the percentage of charges for collection on amount collected, and in the cost of measuring each boat, there is on the whole an improvement. The retrogression in the case of the Hidgellee Tidal Canal was due to the diminution of income caused by the closure, the establishment having to be continued, whereas that on the Orissa Coast Canal is owing to the canal being still in its infancy, whilst a full establishment has to be maintained.

COMMITTEE OF
ENQUIRY, SONE
CANAL.

116. A most noteworthy event of the year was the agitation on the Sone Canals, which resulted in the appointment of a Committee to enquire into the administration of those canals. The Committee duly submitted its report, which is still under consideration, it having been considered desirable, on account of the procedure adopted by the Committee who had only a very limited time allowed to them, to supplement their enquiry by further detailed reports and investigation as to much of the evidence placed before the Committee, which reports and investigations are only now approaching completion. It would therefore be premature to make any remarks upon the report of the Committee, which will be dealt with on a future occasion. In the meantime it appears only necessary to note briefly some of the effects produced by the appointment of the Committee.

Firstly, there is little doubt that it caused the cultivators to have an impression that rates were to be reduced, and that with retrospective effect, even to the extent of exempting them from the payment of arrears. Prompt payment was a thing therefore to be avoided, if possible, and the extensive failure of the sugarcane crop in many cases rendered payments difficult. The collections were in consequence considerably retarded, and to these two causes principally may be ascribed the falling off in the receipts and

the large increase in the outstanding balance on the Sone Canals of some Rs. 1,80,000 over the opening balance of the year. In a lesser degree the falling off in the receipts is due to the smaller area irrigated in the previous year. A second result was a large increase in the number of objections to assessment. Neither of these effects were unforeseen.

On the other hand, the agitation and consequent Committee have been undoubtedly beneficial to the establishment, and on this point I would make the following quotation from the report of the Superintending Engineer :—

“ Apart from the report, the proceedings of the Irrigation Committee have led irrigation officers to carefully enquire into apparently well-grounded causes of complaint, and, as far as possible, to remedy them. Special care is being taken not to assess unauthorised irrigation, except on the fullest enquiry, the joint liability system in the case of five-years' leases has been nearly if not altogether abandoned, and a few five-years' leases which were entered into, and have proved unprofitable to the cultivators, have been cancelled. Coercive measures in realizing water-rates have been sparingly resorted to; in the Gya district there was not a single certificate case.”

The agitation has to a great extent subsided, and the demand for long leases, except in one of the pergunnahs, has again become general. The crops of the present year promise to be good, and if they are so, there should be no real difficulty in realising the balances. In fact, good progress has been made in this particular already. Demand statements are being submitted at earlier dates, and this will permit of greater promptitude in realising the dues, and thus prevent arrears from accumulating. Another matter which is receiving considerable attention is the question of improving the village channels.

117. The date for the submission of revenue reports to the office of the Chief Engineer is the 15th September. The following statement shows the dates when the different reports were received :—

		In 1887.	In 1888.
Orissa Circle	{ Commissioner's report	21st September	26th October.
	{ Superintending Engineer's report	26th ditto	3rd ditto.
South-Western Circle	{ Commissioner's report	8th ditto	24th September.
	{ Superintending Engineer's report	26th October	Ditto.
Sone Circle...	{ Commissioner's report	15th September	6th October.
	{ Superintending Engineer's report	Ditto	17th September

The reports were punctual with the exception of that of the Commissioner of the Orissa Division. The Finance and Administrative Accounts of the year 1887-88 were not received from the Examiner until the 4th September.

The delay in the submission of this note is to be regretted, but there has been a considerable increase to the work in this branch, and this combined with changes of officers has materially retarded its compilation.

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph. The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beukley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

METEOROLOGICAL OFFICE, GOVT. OF INDIA;
Calcutta, the 18th March 1889.

SUMMARY OF THE RAINFALL AND METEOROLOGICAL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING FRIDAY, THE 15TH OF MARCH 1889.

Fine settled weather obtained in Bengal at the close of the previous week. Southerly winds had set in at the southern stations, and temperature had commenced to rise rather rapidly; pressure was also high and generally considerably above the normal. For the first four days of the present week pressure generally fell slowly, the fall from the 11th to the 12th being brisk in Upper India, so that towards the close of the week the pressure distribution over Northern India was becoming similar to that which usually obtains during the hot season. On the 14th this distribution was clearly noticeable, though at the same time there was a feeble depression overlying Chutia Nagpur and the eastern districts of the Central Provinces. With the gradual establishment of the hot-weather distribution of pressure, the southerly winds blowing at the head of the Bay commenced to strengthen rapidly and to penetrate to a considerable distance inland, and considerable amounts of moisture were thus brought up to the province. These conditions, together with perhaps the slight disturbance due to the feeble depression over Chutia Nagpur on the 14th, caused a few unimportant local storms or nor'-westers on the 14th and 15th, some of which were accompanied with rain. The only areas, however, over which these rain showers were of any importance were Khoolna, Nuddea and the Darjeeling Hills district, and the only stations at which the falls were heavy were Satkhira 1·25 inches, Chooadanga 0·90 inch, and Kalimpong 1·42 inches. At the close of the week, therefore, the general weather conditions had become almost those characteristic of the hot season in Bengal.

Pressure.—Except for the fairly steady fall which has generally taken place during the week, the pressure changes do not call for any comment. For the whole week the mean pressure over the province, taking into consideration the most reliable stations in Bengal, has been 0·043 inch in excess of the normal for the period. This excess pressure has also been fairly equally distributed.

Temperature.—The principal feature in the temperature changes during the week has again been the steady increase which has taken place. Thus, taking the mean temperature of all the districts of the province into consideration, there has been an increase of 4° during the week, for while the mean of the day and night temperatures of the whole province during the week ending March 8th was 74°, for the past week it has been 78°. This increase has perhaps been more marked in the day than in the night temperatures, and some decidedly high day or maximum temperatures have been reported during the week; thus at Cuttack on the 13th a temperature of 101·9° was registered; on the 14th at Midnapore temperature was 99·8° and at Burdwan 99·7°; and on the 15th at Chyebassa a temperature of 101·0 was recorded. For the whole week the mean temperature of the province has been about one and-a-half to three degrees above the normal for the period.

The numbers in the following table will show the general distribution of temperature during the week. In the table are given the average maximum, minimum and mean temperatures for the week at nine typical stations in different districts in the province, compared with the normal values for the period:—

Rainfall.—As previously stated, only one or two stations in the province have received rainfalls of any importance during the week, and in no large meteorological district do the amounts recorded average more than a few thousandths of an inch. Behar and Chutia Nagpur have been absolutely rainless.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the province for the week ending Friday, the 15th of March 1889 :—

MEMORANDUM.

From the annexed table exhibiting the vital statistics of the principal Municipalities in Bengal for the week ending 2nd March 1889, it appears—

1. That the birth-rate in these Municipalities amounted to 22·6 per 1,000 of population against very nearly the same proportion, viz., 22·4 per 1,000 in the preceding week ending 23rd February, and the death-rate to 22·7 per 1,000 against 25·8 per 1,000 in the previous week, indicating a considerable falling off in the registration of deaths.

2. That births and deaths were reported to have been recorded at the highest rates in the following Municipalities :—

<i>Births.</i>				<i>Deaths.</i>			
			Ratio per mille.				Ratio per mille.
Burdwan	90·0	Burdwan	70·2
Comillah	57·8	Suburbs of Calcutta	46·3

* A special census of the Europeans in the Darjiling Municipality was recently taken, as the census of the section of the community, taken in February 1881, was not reliable owing to the Europeans being at a minimum in that month. The number of the natives returns as before, as it was not necessary to re-census them. The ratios have consequently been calculated on the revised population under all heads in the above table, except "Age," the ratios under which have been omitted, inasmuch as the census of the Europeans above alluded to cannot be employed as a basis of calculation owing to the results of the census under this head not having been recorded under the authorized form of age classification.

Comparative Statement of the principal commodities carried by the Eastern Bengal State Railway during the month of December 1888.

INCREASES.		Tons.
Coal	For Railway and Flotilla consumption: also for brick burning for the Kidderpore docks.	4,120
Jute	This increase is principally from the Northern Section, including the Raiganj Extension. Damukdia Ghat, Koochta, Serajganj, Dacca and Mymensingh show large decreases.	7,975
Oilseeds	There are increases from Goalundo and Pangsa. A firm market in Calcutta during the month.	372
Railway plant, &c.	A demand for linseed for the United States in the early part of the month probably influenced this increase. The London prices, however, collapsed, and the market at the close of the month was depressed.	2,189
Repairs and renewals.		
Salt		1,722
Exclusively from Chitpore		
Sugar		363
All sugar-exporting stations show small increases under this head.		
Firewood		773
From the Southern Section.		
DECREASES.		Tons.
Rice	Large decreases from Hilli, Jaipurhat, Nowabganj, Sultanpur and Sara.	2,988
Jute, screwed	Falling off in despatches from Dacca.	694

Comparative Statement of the principal commodities carried over the Bengal Central Railway during the month of December 1888.

INCREASES.

Coal	1,212
Chiefly for railway and Flotilla consumption.	
Jute	614
Principally from Khulna, Singia, and Nawapara; but the increase has been general.	
Sugar	145
Gobordanga and Jhikargachi contributed this increase.	

DECREASES.

Rice	618
Khoolna and Singhia both show large decreases in this commodity, due to excessive rainfall.	
Betelnuts	411
The large falling off is from the B. C. F. This traffic seems to be coming into Calcutta by country boats,

Bank Westward of Kintang (Silver Island).

THE following information has been received by the British Admiralty (Notice to Mariners No. 38 of 1889) relating to an extensive bank westward of Kintang (Silver island), the result of a survey recently executed by Commander W. U. Moore, H. M. Surveying vessel *Rambler* :—

The north-eastern extreme of this bank, with a depth of 4 fathoms, lies West distant one mile from Taping point, Taping island; thence the edge of the bank, taking 4 fathoms as the limit, trends in a southerly direction for upwards of 3 miles to its south-eastern extreme, from which Taping point bears N. by E. $\frac{1}{2}$ E., distant $3\frac{2}{3}$ miles; a quarter of a mile north-westward of this position the depth is 3 fathoms, and 9 cables from it in the same direction only 2 fathoms; the spit with depths of $1\frac{1}{2}$ to 2 fathoms, thence trending to the north-westward for 3 miles, with a breadth of about half a mile, where it joins the shallow bank hitherto shown on the charts in that direction.

NOTE.—Approaching Yung river from the northward, vessels should keep about half a mile from the projecting points on the western side of Taping and Kintang (Silver island), and not steer for the entrance to Yung river until the whole of Chiuhai citadel is open southward of Pas Yew (Tiger island) light-house, bearing S. W. $\frac{3}{4}$ W.

FORMOSA—NORTH COAST.

Fixed leading lights established and alteration in position of Bar buoys—Tamsui Harbour.

INFORMATION has been received by the British Admiralty (Notice to Mariners No. 39 of 1889) that on 7th November 1888 two leading lights, to mark the channel over the bar, were exhibited from the northern side of Tamsui harbour, northern coast of Formosa:—

The front light (low) is a *fixed red, white, and green* light; it shows *red* between the bearings of N. 61° E. and N. 86° E., *white*, between N. 86° E., through east, and S. 84° E., and *green*, between S. 84° E. and S. 59° E. It is elevated 33 feet above high water, and in clear weather the *white* light should be visible from a distance of 6 miles.

The illuminating apparatus is dioptric, or by lenses, and of the sixth order.

The light-house, constructed of iron, is painted white, and 45 feet high. It is situated on the northern side of Tamsui harbour, in the position hitherto occupied by a white beacon, which has been withdrawn.

Position, lat. 25° 10' 22" N., long. 121° 25' E.

The rear light (high) is a *fixed white* light, visible through an arc of 59½°, or between the bearings of N. 68½° E., through east, and S. 52° E. It is elevated 142 feet above high water, and in clear weather should be visible from a distance of 10 miles.

The illuminating apparatus is dioptric, or by lenses, and of the sixth order.

The light is shown from a pillar, 35 feet high, painted white, bearing about S. 86° E. distant 7½ cables from the front light-house, and S. 86° E. about 2 cables from the Red fort.

NOTE.—The bar at the entrance to Tamsui harbour is subject to occasional changes, in consequence of freshets; but the above lights kept in line bearing S. 86° E. will indicate the best channel for crossing the bar, when it is in its normal state.

Also, that the following alterations have been made in the positions of the bar buoys, entrance to Tamsui harbour:—

(1) The southern bar buoy, painted red, has been moved about 2 cables southward; and now lies, in a depth of 26 feet at low water springs, within the red sector of light shown from the front (low) light-house.

(2) The northern bar buoy, painted black, has been moved about half a cable northward, and now lies in a depth of 32 feet at low water springs.

(The bearings are Magnetic, and those affecting lights are given from seaward. Variation 1° Westerly in 1889.)

Advertisements.

[N.B. —Advertisements, Notices, &c., intended for insertion in this part of the Gazette, cannot be received after Noon on Monday.]

LAND SALE NOTICES.

NOTICE is hereby given that the right of Government as proprietor by escheat to the two cottahs of lakhiraj land, which constitutes the undermentioned estate, situate in mouzah Madaria, pergunnah Barda, in the district of Midnapore, will be put up to sale at the Midnapore Collectorate on the 28th of March 1889, corresponding with 16th Choitra 1295 B.S.

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1. The estate to be sold to the highest bidder revenue-free above the upset price, which has been fixed at Rs. 3.

The purchaser of the land comprised in the estate will be considered as its proprietor, and the entire proprietary right of Government in the land will be transferred to him.

2. The purchaser of the land will be put in khas possession.

3. If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid at once.

4. If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

Jessore Collector's Office, the 9th March 1889.

F. H. BARROW, Collector.

NOTICE is hereby given that the undermentioned plots of the Nizamut lakhraj State lands, situated in the district of Burdwan, will be put up to sale at the Collectorate of Burdwan on Thursday, the 28th March 1889, corresponding to 16th Choitra 1295 B.S.

The purchasers of the plots will be subject to the following conditions:—

- I.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale.
- II.—The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.
- III.—If the amount of the purchase-money do not exceed Rs. 100, the whole amount will be paid down at once.
- IV.—If the amount of the purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up for sale at the risk of the defaulting purchasers after issue of advertisement as in the case of original sale.
- V.—The purchasers shall be put in possession on receipt of the orders of the Collector approving of the sales, but such possession shall be liable to be disturbed in case the final confirmation of the Board of Revenue should not be accorded to the proceedings.

A. AHMED, for Collector of Burdwan.

NOTICE is hereby given that the right, title and interest of Government, as specified in the conditions of sale below, in the nispi land, in village Durmoot, pergunnah Majnamutha, which forms the undermentioned estate, situate in the district of Midnapore, will be put up to sale at the Midnapore Collectorate, on Thursday, the 28th March 1889, corresponding with 16th Chait 1296 A.S.

Conditions of Sale.

1. The land comprised in the estate to be sold to the highest bidder above the upset price. The purchaser will be considered as the nispi holder of the said land, and the entire right, title and interest of Government in the land will be transferred to him, subject to the annual payment of the undermentioned nispi rent and peshkush jumma to the proprietors of the temporarily-settled estate Majnamutha, which is now under direct management. The purchaser will have to pay no annual revenue to Government.

2. The sale to be subject to existing leases, and to the rights conferred by the settlement proceedings and by the laws in force, and the purchasers to be bound to respect the rights of the resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3. If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4. If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

Noakhally Collectorate, the 19th February 1889.

G. E. MANISTY, Offg. Collector.

NOTICE is hereby given that the undermentioned plots of Government land appertaining to the old jail compound, situated in mouzah Keranitola, pergunnah Midnapore, in the town of Midnapore, will be separately let out on mourashi mokarari leases at a fixed annual rent of Rs. 2 for each plot by public auction at the Midnapore Collector's Office on Thursday, the 28th March 1889, corresponding with 17th Chaitra 1297 Amli.

The purchasers will be subject to the following conditions of sale.

Conditions of Sale.

- Each plot to be leased to the highest bidder above the upset price, which will be fixed by Collector at the time of sale. The purchaser of each plot will be considered as a mourashi mokararidar of the plot, subject to the payment of Rs. 2 as annual rent.
- The lessee will possess a right of permanent occupation in the land, subject to punctual payment of the above rent, which will not be liable to enhancement.
- The lessee will be entitled to take and enjoy the fruits of the existing trees, or of such trees as may be planted by him in future within his holding. He will also have a right to cut or sell every tree planted and reared by himself or by his predecessors on his holding. The rights declared by the lease to vest in him will devolve on his heirs at his death.
- The lessee, in case he builds, will be required to submit a plan of the house showing the width of the foundation wall and the level of the lowest floor of the house by reference to the level of the nearest public road. He will also give a general description of the building he intends to erect, and of the provisions he intends to make in respect of drainage and latrine accommodation.
- Until and unless the plan and level submitted by the lessee be approved by the Collector, the lessee will not be allowed to build; and if he builds, the Collector will have power to demolish his buildings without being liable to any Court for damage or compensation.
- If the lessee transfer his right in any way or underlet the holding, the transfer shall be made subject to all the conditions of the kabuliyat to be executed by him.
- All future improvements, additions and alterations in the holding will be also subject to the approval of the Collector of the district.
- The buildings constructed will not be used for any other purpose than as dwelling-house.
- The lessee will not excavate any tank or burn any bricks within his holding, and will keep the land free from jungle. If he violates this condition, his lease will be liable to be cancelled, unless he takes due steps to repair the breach of the condition as may be ordered by the Collector.
- If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.
- If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteen day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the holding to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.
- A plan of the different plots is in the Collector's office, and can be inspected by intending purchasers:—

Shahabad Collectorate, Arrah, the 2nd March 1889.

FRANKESEN ROY, for Offg. Collector.

NOTICE is hereby given that the lease of the land specified in the schedule hereunto annexed, and of which the plan is open to inspection at the office of the Commissioner of the Sunderbans, has been applied for by Mathura Nath Sen, and will be sold at 12 o'clock noon on Monday, the 1st July 1889 (18th Assar 1296 B. S.) at the Sunderbans Commissioner's Office at Alipore, unless meantime the sale is stopped or postponed in consequence of claims or objections under Act XXIII of 1863 (to provide for the adjudication of claims to waste lands) or owing to any other cause.

2. The lease of the land will be granted subject to the conditions which are specified below, as well as to the general terms annexed to the rules for the sale of leases of waste lands, dated 12th November 1879.

Conditions.

That the lands shall be subject to all existing rights of way and water and other easements.

That the right of using all streams and channels in any way navigable shall be reserved to the public, as also the use of a tow-path not less than 25 feet in width on each side of every such stream and channel.

That no charge will be made for wood and timber standing on the land at the time it is leased, nor for any wood which may be cut and burnt to effect clearances, or which may be used on the land. But for wood and timber exported for sale, a duty may be levied at such rate, and in such manner, as may from time to time be prescribed by Government.

That the Government reserves to itself the right to all minerals in the land, together with such rights of way and reasonable facilities as may be requisite for working, getting, and carrying away such minerals. It also retains its proprietary right in the land, and only confers on the lessee an occupancy right which shall be hereditary and transferable.

Schedule.

The Indian Law Reports,

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1889 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the Reports from 1876:—

Acts of the Governor General's Council assented to by the Governor General.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Governor General of India in Council received the assent of His Excellency the Governor General on the 22nd March, 1889, and is hereby promulgated for general information :—

ACT No. VIII OF 1889.

An Act to amend the Sea Customs Act, 1878, and the Indian Tariff Act, 1882.

VII of 1878. VI of 1882. WHEREAS it is expedient to amend the Sea Customs Act, 1878, and the Indian Tariff Act, 1882; It is hereby enacted as follows :—

Sea Customs Act, 1878.

VIII of 1878. 1. For the provisos to section 37 of the Sea Customs Act, 1878, the following proviso shall be substituted, namely :—

"Provided that, if such goods are warehoused under this Act, the rate and valuation (if any) applicable thereto shall be the rate and valuation in force on the date on which application is made to clear such goods from the warehouse for home-consumption."

2. In section 115 of the same Act, for the words and figures "the second proviso to section 37" the words "such alteration" shall be substituted.

Indian Tariff Act, 1882.

VI of 1882. 3. In section 1 of the Indian Tariff Act, 1882, the words "and Perim" shall be inserted after the word "Aden".

4. The following section shall be added to the same Act, namely :—
Addition of new section to Act XI, 1882.

"10. In the event of any duty of customs or excise on any article being imposed, increased, decreased or remitted after the making of any contract for the sale of such article without stipulation as to the payment of duty where duty was not chargeable at the time of the making of the contract, or for the sale of such article duty-paid where duty was chargeable at that time,—

(a) if such imposition or increase so takes effect that the duty or increased duty, as the case may be, is paid, the seller may add so much to the contract-price as will be equivalent to the duty or increase of duty, and he shall be entitled to be paid and to sue for and recover such addition, and

(b) if such decrease or remission so takes effect that the decreased duty only or no duty, as the case may be, is paid, the purchaser may deduct so much from the contract-price as will be equivalent to the decrease of duty or remitted duty, and he shall not be liable to pay or be sued for or in respect of such deduction."

Amendment of the Second Schedule to Act XI, 1882.

5. In No. 1 of the Second Schedule to the same Act, for the following, namely :—

No.	Names of Articles.	Per	Tariff valuation.	Rate of duty.
.	.	.	Re. A.	.
	Gunpowder, common.	lb.	0 5	} 10 per cent.
	Gunpowder, sporting.	lb.	1 0	
	All other sorts	...	Ad valorem	

there shall be substituted the following, namely :—

No.	Names of Articles.	Per	Tariff valuation.		Rate of duty.
			Rs.	A.	
	Gunpowder, common.	lb.	0	5	} 10 per cent.
	Gunpowder, sporting.	lb.	1	0	
	All other sorts of Arms, Ammunition and Military Stores.	...	<i>Ad valorem</i>		10 per cent.

Explanation.—The expression "Arms, Ammunition and Military Stores," as used in the foregoing part of this Schedule, includes, in addition to any article specifically mentioned in that part,—

XI of 1878.

- (a) all articles which are either "arms" or "ammunition" within the meaning of the Indian Arms Act, 1878, and
- (b) any articles which the Governor General in Council may from time to time, by notification in the Gazette of India, declare to be "military stores" for the purposes of this Act.

S. HARVEY JAMES,
Secretary to the Government of India.

LEGISLATIVE DEPARTMENT.

The following Report of the Select Committee on the Bill to amend the Sea Customs Act, 1878, and the Indian Tariff Act, 1882, was presented to the Council of the Governor General of India for the purpose of making Laws and Regulations on the 15th March, 1889 :—

WE, the undersigned, Members of the Select Committee to which the Bill to amend

the Sea Customs Act, 1878, and the Indian Tariff Act, 1882, was referred, have considered the Bill and the papers noted in the margin, and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto.

From Officiating Secretary to Chief Commissioner, Assam, No. 383, dated 8th February, 1889 [Paper No. 1].

From Chief Commissioner, Ajmere-Merwara, No. 128—690, dated 9th February, 1889 [Paper No. 2].

From Junior Secretary to Government, Punjab, No. 177, dated 15th February, 1889, and enclosure [Papers No. 3].

From Secretary to Chief Commissioner, Coorg, No. 259—119, dated 12th February, 1889 [Paper No. 4].

From Officiating Secretary to Government, Bengal, No. C.—1A.—1-9, dated 16th February, 1889, and enclosures [Papers No. 5].

From Registrar, High Court, Calcutta, No. 474, dated 22nd February, 1889 [Paper No. 6].

From Chief Secretary to Government, Madras, No. 302, dated 18th February, 1889, and enclosures [Papers No. 7].

From Secretary to Government, North-Western Provinces and Oudh, No. 69—XIII-80A., dated 26th February, 1889 [Paper No. 8].

From Secretary for Berar to Resident, Hyderabad, No. 91G., dated 27th February, 1889 [Paper No. 9].

From Chief Secretary to Government, Bombay, No. 1641, dated 27th February, 1889, and enclosures [Papers No. 10].

From Under Secretary to Chief Commissioner, Central Provinces, No. 1342—60, dated 2nd March, 1889 [Paper No. 11].

From Officiating Under Secretary to Chief Commissioner, Burma, No. 4—4L., dated 1st March, 1889, and enclosures [Papers No. 12].

From Secretary, Bengal Chamber of Commerce, No. 212, dated 9th March, 1889 [Paper No. 13].

dependent sections, and it seems to us to be unnecessary to amend it for the purpose mentioned in the Statement of Objects and Reasons. It is sufficiently clear from the new proviso to section 37 of the Act that where, after goods liable to duty have been assessed and warehoused, the duty is repealed, the goods may be cleared for home consumption free of duty.

3. We have slightly altered the proposed amendment of section 115 of the Sea Customs Act, 1878.

4. At the instance of the Government of Bombay we have expressly excluded Perim from the operation of the Indian Tariff Act, 1882.

5. The Bengal, Bombay and Rangoon Chambers of Commerce approve, and the Madras Chamber disapproves, the addition of the proposed section 10 to the Indian Tariff Act, 1882. We concur with the majority in thinking that the section should be added to the Act.

REVISED RULES UNDER THE INDIAN CHRISTIAN MARRIAGE ACT XV OF 1872.

GENERAL DEPARTMENT—ECCLIASTICAL.

Calcutta, the 24th March, 1889.

RESOLUTION.

READ again—

Government Resolution, dated the 11th December, 1888, published in Part I of the *Calcutta Gazette* of the 12th idem, prescribing rules under the Indian Christian Marriage Act XV of 1872.

It has been pointed out that in paragraph 1 of the Resolution quoted in the preamble, reference should be made, not to Act VI of 1871, but to Act XII of 1887, and also that, as regards the supply of stationery, more detailed rules should be prescribed. The Lieutenant-Governor is therefore pleased to direct that the following shall be substituted for the paragraph and rules bearing the corresponding numbers in the Government Resolution of the 11th December referred to above.

PARA. 1.—In accordance with the provisions of section 85 of the Indian Christian Marriage Act XV of 1872, the Lieutenant-Governor is pleased to determine that the District Judge for the purposes of the Act shall be the District Judge appointed under the provisions of Act XII of 1887 (the Bengal Civil Courts Act, 1887), and that his jurisdiction shall extend to the local limits fixed by the Local Government under section 13 of Act XII of 1887.

HEAD VIII.—General rules relating to the foregoing subjects.

RULE 2.—Government will supply registers and forms to Marriage Registrars. It will supply the first full set of registers and forms to licensed ministers and to persons authorized to grant certificates of marriage between Native Christians, but subsequent supplies of registers and forms must be paid for out of the fees received and obtained from the Superintendent of Stationery, Calcutta, who will intimate to the indenting officer the cost of the forms required. The indenting officer should then send to the nearest civil treasury the amount notified by the Superintendent of Stationery as the cost of the articles required by him, accompanied by a challan in duplicate, which should quote the month and date of the estimate of the Superintendent of Stationery. One copy of the challan will be retained by the treasury, and the other returned duly receipted to the payer of the money to be forwarded to the Superintendent of Stationery to enable him to comply with the indent.

RULE 3.—Indents for forms required by the Registrar of the Archdeaconry, the Senior Chaplain of the Church of Scotland, the Archbishop of Calcutta, and the Vicar-General of the Portuguese Missions in Bengal, should be submitted by them to the Superintendent of Stationery.

Forms.

RULE 4.—All other indents for register books and forms should be made by or through the Commissioner of the Division, or by or through the Senior Marriage Registrar, Calcutta, on the Superintendent of Stationery.

RULE 5.—Forms of indent, containing lists of the books and forms for which each officer can indent, will be found in Appendices 7(a) to 7(d).

ORDER.—Ordered that a copy of this Resolution be forwarded to all Commissioners of Divisions for their own information and guidance, and for circulation to Senior Marriage Registrars, to Marriage Registrars, and to Ministers licensed or otherwise legally authorized to solemnize marriages within their respective divisions. A list of Marriage Registrars (other than district officers) and of licensed Ministers is herewith forwarded.

Also, that a copy of this Resolution be forwarded to the Registrar-General of Births, Deaths and Marriages, Calcutta, and to the Senior Marriage Registrar, Calcutta, for their own information and guidance, and for circulation to Marriage Registrars and to Ministers licensed or otherwise legally authorized to solemnize marriages within their respective jurisdictions.

Also, that a copy be forwarded to the Ven'ble the Archdeacon of Calcutta, with a request that he will be so good as to cause the Resolution to be distributed among Chaplains and Clergymen acting under the Bishop's license in Bengal.

Also, that a copy be forwarded to the Registrar of the Archdeaconry for information.

Also, that a copy be forwarded to His Grace the Archbishop of Calcutta for information.

Also, that a copy be forwarded to the Very Reverend the Vicar-General of the Portuguese Missions in Bengal for information.

Also, that a copy be forwarded to the Senior Chaplain of the Church of Scotland for information.

Also, that a copy be forwarded to the Superintendent of Stationery for information.

Also, that a copy be forwarded to the Accountant-General for information.

By order of the Lieutenant-Governor of Bengal,

P. NOLAN,

Secretary to the Government of Bengal.

REVENUE DEPARTMENT—FAMINE.

Calcutta, the 26th March, 1889.

RESOLUTION.

READ—

A letter No. 166G.F., dated the 20th March, 1889, from the Officiating Commissioner of the Patna Division, reporting on the prospects of the crops and the condition of the people in the districts of that Division during the fortnight ending the 15th idem.

The outturn of the present *rabbi* harvest appears to be fulfilling anticipations, and the condition of the people on the whole is as good as was to be expected. The only places as to the adequacy of the arrangements for which doubts are intimated are Balwa and Madhwapore, in the district of Durbhunga; and the Lieutenant-Governor observes with pleasure that the Commissioner has proceeded to the spot to satisfy himself on this point. The relief afforded in the district of Mozufferpore by the Maharajah of Durbhunga, the Rajah of Sheohur, Baboo Deonundan Singh, and the Sursund zemindars, is remarked by the Lieutenant-Governor with much satisfaction.

2. It has not been deemed necessary to publish the reports submitted between the date of His Honour's visit to Behar, when the result of the partial failure of the rice crop was ascertained, and that of the present letter written when the outturn of the *rabbi* harvest could be stated, as no material change occurred in the interval. The present report and this Resolution will be published in the next issue of the *Calcutta Gazette*.

ORDER.—Ordered that a copy of this Resolution be forwarded for the information of the Commissioner.

Ordered also that a copy of this report and Resolution be submitted for the information of the Government of India.

By order of the Lieutenant-Governor of Bengal,

P. NOLAN,

Secretary to the Government of Bengal.

SCARCITY IN THE PATNA DIVISION.

THE following report is published for general information.

By order of the Lieutenant-Governor of Bengal,

REVENUE DEPARTMENT; }
CALCUTTA,
The 26th March, 1889. }

P. NOLAN,
Secy. to the Govt. of Bengal.

No. 166G.F., dated Bankipore, the 20th March, 1889.

From—JOHN BOXWELL, Esq., Offg. Commissioner of the Patna Division,
To—The Secretary to the Government of Bengal, Revenue Department.

I HAVE the honour to submit my report on the prospects of the crops and the condition of the people in the districts of this Division for the fortnight ending the 15th March, 1889.

SARUN.

2. The Collector writes:—

“The rain which fell at the end of the preceding fortnight injured both the poppy and the *rabbi* crops. The former now gives a prospect of 12 annas and the latter of 14 annas outturn.”

The prices of some of the food-grains have fallen owing to the introduction of new grains—

Wheat	from 15	to 16	seers.
Barley	21½	25½	„
Indian-corn	21½	24½	„
Rahar	21	21½	„

The Collector has forwarded a statement, from which it appears that 1,27,358 maunds of food-grains, principally Indian-corn, were imported, and 7,655 maunds exported during the fortnight: 75 per cent. of the imports were by boat.

PATNA.

3. The Collector writes:—

“The weather during the past fortnight has been favourable to the *rubbi* harvest which is now being gathered. Considerable damage has been done by rain, and in some parts of Behar and Dinapore by hail, during the previous fortnight. The crops already gathered suffered most, as not only was the grain damaged, but the stalks and leaves were rendered unfit for fodder. As far as can be judged at present, the outturn of the *rubbi*, including poppy, will be fair in all parts of the district, except in Behar, where the estimated yield does not exceed 9 annas. In the Behar sub-division the rice crop suffered most from the floods and subsequent drought, where also, especially in the extreme south, hail caused the greatest injury; so it is this part of the district which furnishes most ground for anxiety. Up to the present, however, the people have been able to maintain themselves, and the Sub-divisional Officer does not anticipate that it will be necessary to open relief works.”

Prices are reported to be nearly stationary with a slightly downward tendency.

SHAHABAD.

4. The Collector writes:—

“The harvesting of the *rubbi* is in progress all over the district, and, excepting the limited areas affected by hailstorms, there is every reason to hope for a good outturn of the crops, especially of wheat and barley. The general condition of the people is, on the whole, tolerably good, and, as far as is known, there is at present no ground for anxiety.”

The following quotations are given:—

Common rice	16	seers.
Barley	25	„
Wheat	14-15	„
Makai	20	„
Rahar	18	„

It will be seen that, compared with the previous fortnight, prices show a decided downward tendency.

GYA.

5. *Area affected.*—As last reported.6. *General state of the affected area.*—The Collector writes:—

“At present the cultivators, as well as the labourers, have ample work in harvesting the *rubbi* crops. Taking into consideration the damage done by hail and rain, the outturn of the *rubbi* is estimated at from 10 to 11 annas. There was no rain during the fortnight.”

7. *Public works open.*—The District Board's works opened in Kowakol attracted no labourers.

On civil agency works under payment-by-results and task-work systems	482
On works carried out through tuccevi loans	200
Total	682

As the Collector considers that there will be a demand for work in April and May, I have placed myself in correspondence with the Superintending Engineer, Sone Circle, regarding the Saranwan pyne. If the project is approved, the services of a competent Engineer will be required to lay out the channel and prepare working sections.

At present in this district there is little demand for labour.

8. *Gratuitous relief.*—Expenditure *nil*.

9. *Advances.*—No advances have yet been made under the Land Improvement Act, the enquiries not being complete. Rupees 325 were advanced during the fortnight under the Agriculturists' Loans Act.

MOZUFFERPORE.

10. *Area affected*.—Unchanged.

11. *General state of the affected tracts*.—There is practically no change to note. The Collector writes :—

“The prospects of the *rubbi* crop continue good, and a general outturn of 8 annas may be expected in the affected area, while for the entire sub-division (Sitamarhi) I estimate an average of at least 10 annas.

“Near Majargunge the prospects of the *rubbi* are reported to be particularly good. *Cheena* and *mung* are coming up well and promise a satisfactory crop, but much depends on the weather for the next month or six weeks.

“The prospects of the *rubbi* crops throughout the district south of the affected area are excellent. Harvesting has now commenced, and I have no doubt that a good average outturn will be obtained.”

12. *Public works open*.—From the annexed statements it will be seen that there were 3,964 persons on the District Board's works, on civil agency works there were 792 persons, and on private agency works 6,935 persons, making a total of 11,691 persons labouring on the various works. The increase in the figures of the last fortnight is considerable. As previously noted, the attendance on the 27th February on the Board's works was much larger than shown in the figured statement submitted with the last report. Discounting, however, this additional number, the figures for the fortnight ending the 15th March show a marked increase.

An average daily number of 2,910 persons received gratuitous relief from the Maharajah of Durbhunga, the Rajah of Shewhur and his uncle Baboo Deonundun Singh, and the Sursund zemindars. In this district private agency has relieved the State of the greater part of the burden of relieving distress.

13. *Grain stock and selling prices*.—I append a price-current. Prices on the whole are fairly stationery. Stocks continue to be sufficient. The barley and wheat now being harvested may be expected in the market shortly, and this increase in the food-supply may have the effect of lowering prices generally.

14. *Gratuitous relief*.—The expenditure at the cost of Government under this head was Rs. 86.3-3.

15. *Advances*.—An advance of Rs. 400 under the Land Improvement Act is reported.

DURBHUNGA.

16. *Area affected*.—No alteration.

17. *General state of affected tracts*.—The Collector writes :—

“Mr. Greer's report and the fuller details in his diary for the same period show that there has been no appreciable accentuation of distress during the last fortnight except in the neighbourhood of Madhwapore; that the ordinary works have even there proved sufficient up to the date of this report to avert suffering; that still there is a growing number of beggars owing to pressure in Nepal, and this will be met by the special relief tank he has now actually started at Banshi Behari.

“The Police Inspector reports from Madhubani that poor people in Benipatti, Harlaki, Khajowli, Ladownia, Deodha, Phulpras, Lowkahia, Lowkahi and Mudheypore are in want. He, however, adds that the tobacco poppy and *rubbi* crops are in good condition, and that *mung*, *cheena*, *marwa* and *samean* are being sown. As Mr. Greer has been through all his circles, and has kept a careful diary and has been in communication with his circle officers, I think we may accept the above as simply meaning that prices are high and people require work. Crime, however, has increased, mostly due to dark nights.”

Mr. Greer writes :—

“I have toured throughout the four circles during the past fortnight, and have noticed no change in the general state of the affected tracts except in Circles A and B, where the ordinary works which have been opened since the 1st instant have relieved the pressure and satisfied to a large extent the demand for employment. During my late visit to Balwa (on the 12th) the demand for further relief was less pressing, but the large number of children, aged and infirm persons wandering in search of alms around this place and Madhwapore still points to the need of opening special works to meet these cases.”

From the Collector's report I see that work has been opened on a tank here under special conditions which admit of the tasks being adjusted to the physical capabilities of the labourers. Mr. Greer continues—

“I have lately toured through Circle B, and am of opinion that there is no need yet of any special treatment, our ordinary works being sufficient at present to maintain the needy

portion of the population. In Circles C and D the condition of the working classes is more satisfactory; on several roads there is little or no demand for employment, labourers being fully engaged in cultivation. A considerable increase may be expected to the number now working on the roads on the completion of these field operations."

Cheena sowing is reported to have been completed: this crop will require rain before long to ensure a full outturn.

In the Sudder sub-division rice and *mung* are being sown together in certain limited areas. The mustard, wheat, barley, *masoor* and linseed crops are estimated at 12 annas. In Tajpore the prospects of the *rubbi* are excellent.

18. *Public works open*.—From the return appended, it will be seen that there was a decrease in the number of persons on the District Board's works for the week ending 9th March as compared with the figures for the preceding fortnight. The return for the second week in March has not been submitted. This decrease, however, is probably more apparent than real, as the returns submitted are not complete. The actual number according to these returns on the District Board's works on the 9th March was 3,349. Figures have not been given of the attendance on civil agency works.

The returns for attendance upon works carried out by private agency are so incomplete as to be of no value.

The Collector will be asked to give information under these heads in fuller detail with his next narrative.

19. *Stocks of grain and selling prices*.—There has been little or no variation in the selling prices of food-grains during the fortnight. A price-current showing quotations at the principal marts in the several circles is forwarded. It is said that large stocks of grain are being carted to the northern portion of Circles A and B from Bhagulpore and south-eastern part of the Madhubani sub-division.

The steadiness of prices shows that stocks are sufficient. It is noticeable that the quotations are lower in this district than the adjoining district of Mozufferpore.

20. *Gratuitous relief*.—Expenditure *nil*.

21. *Advances*.—No advances have been made under the Land Improvement or Agriculturists' Loans Act during the fortnight.

22. *Crime*.—There has been an increase in reported crime in the different tracts. This increase the Sub-divisional Officer attributes to an influx of Nepalese. It is no doubt in part attributable to the distress resulting from high prices. It is not, however, sufficiently marked to call for any special comment.

CHUMPARUN.

23. *Area affected*.—Remains the same.

24. *General state of the affected tract*.—The harvesting of the *rubbi* continues. The Collector writes:—

"Favourable weather prevailed during the fortnight: easterly winds in the morning, dying down from midday, and sometimes succeeded by westerly winds in the afternoon. This conjunction is locally known as *doons* and is most favourable for agricultural operations. Numbers of labourers find employment in gathering the *rubbi* harvest. The *cheena* crop is safe wherever there is artificial irrigation, and elsewhere is still promising well."

25. *Public works open*.—The numbers of works open are—

(a) Under District Board	3
(b) „ Civil agency	41
(c) „ Private relief agency	3
(d) Carried on through tuccavi loans	44

The average number of persons daily on the above works is, according to the returns herewith submitted—

District Board's works	322
Civil agency	5,320
Private „	795
On works carried out through tuccavi loans (no returns)	600
Total	7,037

The figures of attendance (if the numbers on tuccavi loans works, which were not included in the last report, be excluded) show no increase on those for the preceding fortnight. It will be seen from the figured statement that ample employment is provided for all classes, and for the infirm, old and young.

26. *Stocks and selling prices.*—No depletion of stocks is reported. Prices are fairly stationary. The following quotations are given :—

Coarse rice	13½	to	14½	seers.
Indian-corn	18½	to	19½	„
Keshari	24½	to	25½	seers.

27. *Gratuitous relief.*—Rupees 121-15 were expended in giving gratuitous relief.

28. *Advances.*—The following advances were made during the fortnight :—

				Rs.
Under Land Improvement Act	2,110
Under Agriculturists' Loans Act	5,621

29. I summarise the points of interest in the present report—

(1) Except in Mozufferpore, there has been no increase in the number of labourers on the works as compared with the figures for the preceding fortnight.

(2). Prices remain fairly stationary, a downward tendency being apparent in some districts. Stocks everywhere are said to be sufficient.

(3). In Chumparun a large number of works have been opened, and elaborate provision has been made for affording employment to the infirm, old and young upon these works, so that they can earn their day's ration without going far from their homes. In this district I understand that all the money allotted under the Agriculturists' Loans Act has been, or is about to be, distributed. The return now submitted does not make this clear, as the accounts had not been fully written up at the time of the submission of the reports. These advances, which have been cautiously made to petty agriculturists and others, will have the effect of preventing them from selling *rubbi* crops at a sacrifice, and will tend to keep them off the works.

(4). In Mozufferpore private agency has come to the assistance of the State in a very marked way in providing employment for, and giving gratuitous relief to, distressed persons.

(5). In Durbhunga around Balwa and Madhwapore distress is more marked than elsewhere. The Sub-divisional Officer reports that he has come across beggars and children wandering in search of alms.

Crime also has increased slightly. These unfavourable symptoms have shown themselves, however, in only two localities. It does not appear that private agency in this district has as yet done much towards bearing its share of relieving distress. Advances under the Agriculturists' Loans Act have been given out on a very limited scale and no gratuitous relief, as the task-work system is only now being introduced. I have proceeded on tour to Circles A and B with a view to satisfying myself that the measures which it is now proposed to adopt are sufficient. I hope in my next report to be able to submit information regarding this.

(6). Gratuitous relief continues to be given with due discretion at the expense of the State, and up to date, except from Durbhunga, where the cases are few and are being carefully watched, no reports have been received which indicate that extreme pressure is being felt by any classes of the community.

(7). With my next report I will submit a financial statement showing the allotments made and the expenditure actually incurred in all districts from the commencement of operations up to the 1st April.

CALCUTTA, the 26th March 1889.

**SUMMARY OF THE RAINFALL AND METEOROLOGICAL OBSERVATIONS
TAKEN IN BENGAL FOR THE WEEK ENDING FRIDAY, THE
22ND MARCH 1889.**

THE previous week ended with pressure and temperature everywhere in excess, the pressure excess amounting to nearly a tenth of an inch, and strong south-westerly winds were blowing at the head of the Bay. Pressure has fallen throughout almost the whole week—at first slowly, but afterwards more rapidly. In the early part of the week the shallow low-pressure area over Central India extended into the western districts of Bengal, but affected the weather only to the extent of giving the wind directions a cyclonic appearance and causing unsettled weather in North Bengal. During these days storms were frequent in the extreme north of Bengal, but were almost entirely absent from the other districts. Considerable quantities of rain fell at a few stations in the neighbourhood of the hills, the fall amounting in some cases to more than an inch and-a-half. In Julpigoree Cooch Behar, and the Darjeeling Hill districts, these storms continued from the beginning of the week till Tuesday, the 19th, and a few light showers fell on Wednesday. Light cloud was general over the province on Sunday, but, with the exception of irregular changes of pressure, conditions did not become generally disturbed till Tuesday. Pressure began to fall more rapidly, and a depression formed to the north-west of the province; the south-west current was deflected more towards the west, and local storms, ceasing in North Bengal, began in other districts, more especially in a belt running along the west and south of the province. On Wednesday a brisk fall occurred, and the depression became more distinct. Temperature was high everywhere, and the changes very irregular, generally giving slight increase except at places where storms occurred. On the evening of Wednesday, the 20th, storms began in Chutia Nagpur. During the twenty-four hours following, storms were reported from stations along the western portion of South-West Bengal, South Bengal, and Chittagong. A fairly severe storm occurred about 7-30 p.m. on Wednesday at Hazaribagh, and at 10-30 p.m. of the same day a storm was reported at Raneegunge. A storm passed to the west of Calcutta on the following morning at 8 o'clock, and passed over Saugor Island between ten and eleven, when a strong westerly gale of wind was reported. It is possible that this was a single storm moving in a south-easterly direction, in which case its rate of movement would be about sixteen miles an hour. Noakhally and Chittagong reported storms also on the 28th instant. Very little rain fell during the passage of these storms, the amount being largest at Noakhally, where 1·5 inches fell. On Friday, in consequence of the filling up of the depression, conditions became more settled.

Pressure.—There has been a steady fall of pressure going on through the whole week—slow at first, but getting rapid towards the end of the week—and resulting in a distinct depression over Bengal on Wednesday and Thursday. On Sunday, the 17th, the lowest pressure was in South-West Bengal, the low-pressure area then over Central India extending over part of the province. The fall becoming most rapid in the north, a small depression formed in North Behar on Tuesday. The low-pressure area was transferred to North Bengal on Wednesday and Thursday, when the most rapid falls of the week took place, amounting in some cases to about a tenth of an inch. The depression was filling up on Friday. At the beginning of the week the mean for the whole province was considerably in excess, about ·06 inch. In consequence of the continued fall the pressure was nearly normal by the middle of the week, and then the defect from the daily mean increased till the end of the week. At the different stations the variation from the mean for the week shows considerable irregularity, but is generally in excess, the largest being in East Bengal and Orissa. In Behar and North Bengal pressure was very nearly normal.

Temperature.—Temperature has generally been increasing, but the changes have been very irregular at the different stations. The increase has been greatest in the northern districts, and the mean temperature for the week for Behar and North Bengal shows a large excess. In North Behar the excess is 4·4°, in South Behar 4·7°, and in North Bengal very nearly 4°; in South-West Bengal and Chutia Nagpur about 3°. In consequence of the passage of storms, the temperature has frequently fallen considerably over small areas. There were several cases of a fall of 7° in South-West Bengal on Friday. The changes were small in the early part of the week, and have been very irregular throughout.

The variations of the average temperature during the week from the normal can be seen from the following table, where the average maximum, minimum, and mean temperatures at

nine typical stations in different districts of the province are given compared with the normal means for the same period :—

Rainfall—Rain for the week has been everywhere in defect. Though a few places have received considerable quantities, the average fall has not been large. In the first part of the week local storms with rain were common in North Bengal, and during the latter part thunderstorms were fairly general over the whole province, except Behar. The average fall for East Bengal has been .25 inch, for Orissa, North Bengal, and Chutia Nagpur between one and two-tenths of an inch; that of South-West Bengal only .03 inch.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the province for the week ending Friday, the 22nd of March 1889 :—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h, 10h, 16h and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newmann's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

C. LITTLE,

For Offg. Meteorological Reporter to the Govt. of India.

MEMORANDUM.

For the week ending 9th March 1889, the returns of the principal Municipalities in Bengal disclose the following results:—

1. During the week in question births and deaths were registered in the proportions, respectively, of 24 and 21·8 per 1,000 of population as opposed to 22·6 and 22·7 per 1,000, respectively, during the preceding week ending 2nd March, indicating an improvement in the registration of births with a retrogression in that of deaths.

2. The highest proportions of births and deaths were returned from the following Municipalities:—

<i>Births.</i>				<i>Deaths.</i>			
			Ratio per mille.				Ratio per mille.
Narainganj	58·0	Serampore	35·3
Comillah	57·8	Purneah	31·6
Serampore	51·0	Burdwan	33·6
Rampore Beaulah	49·9	Suburbs of Calcutta	33·5
Puri	48·3	Puri	31·5
Durbhanga	44·1				
Santipore	36·8				
Bhagulpore	29·9				
Chupra	29·3				

3. The mortality from the diseases (specified below) exhibits no noticeable difference in comparison with the death-rates from the same diseases in the preceding week:—

				Ratio per mille during the weeks ending—	
				9th March 1889.	2nd March 1889.
Cholera	3·7	4·2
Small-pox	·4	·1
Fever	8·3	9·1
Bowel-complaints	2·4	3·0
Injury	·5	·5
Other causes	6·5	5·8

4. The highest rates of deaths from cholera and the diseases coming under the head of "Other causes" were returned from the following Municipalities:—

<i>Cholera.</i>				<i>Other causes.</i>			
			Ratio per mille.				Ratio per mille.
Narainganj	12·4	Serampore	15·7
Santipore	12·3	Puri	14·7
Burdwan	10·7	Chupra	11·7
Howrah	9·7	Gya	10·9
Suburbs of Calcutta	9·3	Bhagulpore	10·0
Hughli	6·7				
Gya	2·7				

The other maladies, excepting fever, did not prove conspicuously fatal anywhere. Fever, however, appears to have prevailed with noticeable fatality only in Purneah town, where the death-rate was 27·7 per 1,000 of population.

5. With reference to *Sex*, *Class* and *Age*, the mortality of the week stood as follows:—

<i>According to Sex.</i>		<i>According to Class.</i>		<i>According to Age.</i>	
	Ratio per mille.		Ratio per mille.		Ratio per mille.
Males	24·2	Christians	26·1	Under 1 year	166·3

Jute—		22
(1) Raw	22
This increase is due to export by rail owing to the river communication between Jeaganj and Calcutta being stopped for insufficient water.		
Provisions—		44
(3) Others	44
The increase under this head is due to import of potatoes owing to high rate at Azimganj.		
Railway plant and rolling-stock	71
The increase is due to more materials carried during the month.		

DECREASE.

Coal	76
This decrease is due to previous stock not being exhausted.		
Cotton, raw	11
This decrease is due to less import owing to dull market.		
Gunny bags and cloths	13
This decrease is due to less export of grains from intermediate stations.

APPENDIX TO

The Calcutta Gazette.

WEDNESDAY, MARCH 27, 1889.

NOTICE.

The 25th March 1889.—The following draft of rules which it is proposed to issue under section 24 of Act VII of 1884 (the Indian Steam-Ships Act), in supersession of those made under that section and published in the Appendix to the *Calcutta Gazette* of the 25th January 1888, is published for general information. These rules will be taken into consideration on the expiry of a month from the date of their first publication in the *Calcutta Gazette*, and the Lieutenant-Governor will receive and give due attention to any objections or suggestion which may be made by any person within that period.

C. W. I. HARRISON, *Lieut.-Col., R.E.,*
Offg. Joint-Secy. to the Govt. of Bengal, P. W. Dept.

1. Every application for the survey of a steam-ship shall be made between the hours of 10 A.M. and 5 P.M. on any day, except Sundays and Government holidays, on a printed sheet in the form No. 1 hereto annexed, which will be supplied for this purpose at the Surveyor's office, to the Chief Surveyor at the port at which the survey is to be held, and should be made at least three clear days before the day on which it is desired that the survey shall take place.
Application for survey.
2. Upon receipt of an application in the prescribed form, duly filled in, the Surveyor will fix the date and hour at which the survey shall be commenced, and will forward to the applicant information of the date and hour so fixed, together with a list of the requisite preparations for the survey of the steam-ship. The said information and list shall be in the form No. 2 hereto annexed.
3. Upon due notice or application from the owner or master, surveys shall be made by the Surveyor or Surveyors appointed under the Act on any day in the year, with the exception of Sundays and Government holidays. If circumstances admit, surveys may be made on holidays.
Time of survey.
4. In cases where two Surveyors make the survey, the Engineer-Surveyor will survey the engines, boilers, and all the machinery required to be surveyed under the Act; the Shipwright-Surveyor will inspect the hull, equipments and passenger accommodation, measure and determine the number of passengers the vessel is fit to carry, and see that the certificates of the master, mates and engineers or engine-driver are such as is required by the Act; also that the lights and fog-signals are in accordance with the regulations for the prevention of collisions at sea.
Surveyors' duties.
5. The Surveyors' declarations and the certificates of survey shall be made and issued in the forms hereto annexed and numbered 3 and 4 respectively.
6. Every declaration shall be sent, in accordance with section 12 of the Act, by the owner or master, to whom it is given, to the officer appointed under section 12, clause (1) of the Act.
7. The notice to be given under section 13, sub-section (3) of the Act, to the owner or master when a certificate is ready for delivery shall be given, under the signature of the officer authorized to deliver certificates of survey, in the form No. 5 hereto annexed.
8. If every part of the steam-ship is not ready for survey at the time so appointed, or if the requisite preparations have not been made in accordance with the list forwarded to the applicant under rule 2, the Surveyor may fix some other convenient time for the survey.

9. If the Surveyor is unavoidably prevented from being present at the time fixed, the earliest possible information shall be sent to the applicant, and some other time, convenient to the applicant and to the Surveyor, shall be fixed for the survey.

10. With a view to obviate inconvenience and delay, owners and masters whose vessels are in dock or undergoing repairs should communicate at once with the Surveyors, if their vessels have afterwards to be surveyed.

11. If a Surveyor finds that any defect exists in the hull, machinery or equipments of a steam-ship, he shall, before refusing to give a declaration regarding the ship under section 11 of the Act, address a letter in the form No. 6 hereto annexed to the owner or master of the steam-ship, pointing out such defect and the repairs, &c., necessary to make good the same, and to enable him to grant a declaration.

12. A fee at the following rates shall be payable for certificates of survey :—

	Rs.
For steam-ships of which the gross tonnage does not exceed ... 100 tons	70
" " exceeds 100 tons, but does not exceed 300	80
" " " 300	90
" " " 600	100
" " " 900	120
" " " 1,200	145
" " " 1,500	25
and for every additional 300 tons or fraction of 300 tons above	25

These rates are for certificates which, if not in the meantime cancelled or suspended, will remain in force for one year from the date thereof.

If the ship's hull, machinery, or equipments are stated in the certificate to be sufficient only for a period of less than one year from the date thereof, one-twelfth of the above annual amount shall be payable for each month or fraction of a month comprised in the said period, provided that—

(a) the minimum fee shall be one-fourth of the annual fee ;

(b) in the case of a new steam-ship coming under survey for the first time, the full annual fee shall be payable, whatever be the nature of the certificate.

13. On Sundays, Good Friday, and Christmas Day, Rs. 20 per hour will be charged in addition to the fees ordinarily chargeable. Time spent in travelling is not to be included in the charge allowed for holidays.

NOTICE.

The 25th March 1889.—The following draft of rules which it is proposed to issue under section 21 of Act VI of 1884 (the Inland Steam-Vessels Act) in supersession of those made under that section and published in the appendix to the *Calcutta Gazette* of the 25th January 1888, is published for general information. These rules will be taken into consideration on the expiry of a month from the date of their first publication in the *Calcutta Gazette*, and the Lieutenant-Governor will receive and give due attention to any objections or suggestions which may be made by any person within that period.

C. W. L. HARRISON, *Lieut.-Col, R.E.,*
Offg. Joint-Secretary to the Govt. of Bengal, P. W. Dept.

1. Every application for the survey of an Inland steam-vessel shall be made between the hours of 10 A.M. and 5 P.M. on any day, except Sundays and Government holidays, on a printed sheet in the Form No. 1 hereto annexed, which will be supplied for this purpose at the Surveyor's office, to the Surveyor at the nearest place of survey and should be made at least three clear days before the day on which it is desired that the survey shall take place.
Application for survey.
2. Upon receipt of an application in the prescribed form, duly filled in, the Surveyor will fix the date and hour at which the survey shall be commenced, and will forward to the applicant information of the date and hour so fixed, together with a list of the requisite preparations for the survey of the steam-vessel. The said information and list shall be in the Form No. 2 hereto annexed.
3. Upon due notice or application from the owner or master, surveys shall be made by the Surveyor or Surveyors appointed under the Act on any day in the year, with the exception of Sundays and Government holidays, at Calcutta, Chittagong, Patna, Cuttack, Goalundo, Kooshtea, Dehree, Khoolna, Sahebgunge, Naraingunge and at such other places as may, from time to time, be declared by the Local Government to be places of survey. If circumstances admit, surveys may be made on holidays.
Time and place of survey.
4. In cases where two Surveyors are employed, the Engineer-Surveyor will survey the engines, boilers, and all the machinery required to be surveyed under the Act; the Shipwright-Surveyor will inspect the hull, equipments, and passenger accommodation, measure and determine the number of passengers the vessel is fit to carry, and see that the certificates of the master and engineer or engine-driver are such as are required by the Act; also that the lights and fog-signals are in accordance with the regulations for the prevention of collisions at sea.
Surveyors' duties.
5. The Surveyors' declarations and the certificate of survey shall be made and issued in the forms hereunto annexed, and numbered 3 and 4 respectively.
6. Every declaration shall be sent, in accordance with section 10 of the Act, by the owner or master to whom it is given, to the officer appointed under section 10, clause (1) of the Act.
7. The notice to be given under section 11, sub-section (3) of the Act, to the owner or master when a certificate is ready for delivery, shall be given, under the signature of the officer authorised to deliver certificates of survey, in the Form No. 5 hereto annexed.
8. If every part of the steam-vessel is not ready for survey at the time so appointed, or if the requisite preparations have not been made in accordance with the list forwarded to the applicant under Rule 2, the Surveyor may fix some other convenient time for the survey.
9. If the Surveyor is unavoidably prevented from being present at the time fixed, the earliest possible information shall be sent to the applicant, and some other time, convenient to the applicant and to the Surveyor, shall be fixed for the survey.
10. With a view to obviate inconvenience and delay, owners and masters whose vessels are in dock or undergoing repairs should communicate at once with the Surveyors, if their vessels have afterwards to be surveyed.
11. If a Surveyor finds that any defect exists in the hull, machinery or equipments of a steam-vessel, he shall, before refusing to give a declaration regarding the vessel under section 9 of the Act, address a letter in the Form No. 6 hereto annexed to the owner or master of the steam-vessel, pointing out such defect and the repairs, &c., necessary to make good the same, and to enable him to grant a declaration.
12. A fee at the following rates shall be payable for certificates of survey :—

				Rs.
For Inland steam-vessels of which the gross tonnage does not exceed	...	25 tons	40	
" " exceeds 25 tons, but does not exceed	50	"	50	
" " " 50	ditto	75	"	60
" " " 75	ditto	100	"	70
" " " 100	ditto	300	"	80
" " " 300	ditto	600	"	90
" " " 600	ditto	900	"	100
" " " 900	ditto	1,200	"	120

These rates are for certificates which, in the meantime cancelled or suspended, will remain in force for one year from the date thereof.

If the vessel's hull, machinery, or equipments are stated in the certificate to be sufficient only for a period of less than one year from the date thereof, one-twelfth of the above annual amount shall be payable for each month or fraction of a month comprised in the said period, provided that—

- (a) the minimum fee shall be one-fourth of the annual fee ;
- (b) in the case of a new Inland steam-vessel coming under survey for the first time, the full annual fee shall be payable, whatever be the nature of the certificate.

13. On Sundays, Good Friday, and Christmas Day Rs. 20 per hour will be charged in addition to the fees ordinarily chargeable. Time spent in travelling is not to be included in the charge allowed for holidays.
